

Municipality of Saanich Native Plant Salvage Program

Program Salvaging Ethics for Program Members

- Only members of the Saanich Native Plant Salvage Program will salvage on these sites, wearing their official nametags.
- Members are respectful of the properties and property owners of salvage sites.
- Members will report to Saanich Environmental Services any plants found on the site that they know to be red or blue listed.
- Members will avoid salvaging plants that look unhealthy to avoid the transporting of diseases.
- Salvaging will only take place in specifically designated salvage areas and follow the directions/restrictions on the site forms.
- Members work hard to avoid unnecessary damage to plants they are not salvaging.
- Salvagers work cooperatively and respectfully with each other.
- Salvagers will leave pets at home.
- Salvage sites will be left free of garbage.
- Members do their best to fill in digging holes for safety reasons.
- Plants salvaged from these sites will not be for sale.
