Saanich

The District of Saanich is an urban and rural municipality on Vancouver Island in British Columbia. It is located north of the provincial capital, Victoria. Saanich had an approximate population of 111,000 citizens in 2015, making it the most populous municipality on Vancouver Island, and the eighth most populous in the province. The word Saanich means “emerging land” or “emerging people.” The District was incorporated on March 1, 1906.

Saanich is the largest municipality in the Greater Victoria Region with an area of 103.44 square kilometres (39.94 square miles) and is a member municipality of the Capital Regional District.

Introduction

Welcome to our 2015 Annual Report. At Saanich we continue to strive to make information relevant and easy for you to access. This year's Annual Report continues that tradition with an increase in the use of infographic features.

Within this report you will find information about Saanich, who your elected officials are and the strategic planning and reporting structure. Included are the strategic highlights for 2015 and progress information on municipal services and operations followed by the audited financial statements and permissive tax exemptions. A complete list of the objectives, initiatives and measures from the 2015-2018 Strategic Plan are also provided, including long-range targets to the year 2036.

For the full list of indicators and data sources contained in this report go to www.saanich.ca.

Both an executive summary brochure and a slide show containing the highlights of the report are also available in portable document format (PDF) for easy on screen viewing and printing. The complete report is also available at the Municipal Hall, Recreation Centres and all public library branches in printed form.

Your comments are welcome at the Legislative Services Department in person, by telephone at 250-475-1775 or through e-mail to clerksec@saanich.ca

Message from Saanich Council

As your elected Council from December 2014, we are pleased to present the District of Saanich's twelfth annual progress report. As required under the Community Charter, Section 98, a municipal Council must annually prepare a progress report that includes a brief report card on the previous year's efforts, a snapshot of municipal services and operations, financial information and the objectives and measures for the current and next year.

This progress report is based on the strategic focus for 2015-2018 which was developed by Council during its first year in office and formally adopted on October 26, 2015. This year's report continues use of infographics or data visualizations to help tell the story of our progress during 2015.

As we collectively continue to implement the strategic focus we plan to advance step by step each year toward our collective vision for Saanich in the future.

Standing left to right: Councillors Vicki Sanders, Vic Derman, Leif Wergeland, Dean Murdock, Judy Brownoff and Colin Plant
Seated: Councillor Fred Haynes, Mayor Richard Atwell and Councillor Susan Brice

Message from the CAO

The 2015-2018 Strategic Plan, upon which this progress report is based, is aligned to the Official Community Plan (OCP) vision for the future of a Sustainable Saanich. Three community themes, six corporate themes, 34 initiatives, 73 indicators, 18 objectives, and 327 policies are used to guide actions and report progress over the term of the plan.

How does Saanich measure progress and show that it is living up to the principles in the OCP? The target is to uphold the guiding principles when making decisions and taking actions. Long-range progress on the guiding principles is reported every five years. Progress on long range OCP indicators was last reported in the 2012 Annual Report. The next report on OCP progress is due to be published in June 2018.

Good progress has been achieved once again and I commend Saanich staff for moving many Strategic Plan initiatives forward while effectively managing the Corporation's expansive day to day operations.

Paul Thorkelsson, Chief Administrative Officer

Strategic Planning and Reporting Structure

Achieving the Saanich Vision

The policies adopted by Saanich Council in the Official Community Plan (OCP) express the fundamental values and goals of the community and establish the direction for achieving a collective vision. The OCP embraces three themes that Council and the community identified as core focus areas for Saanich over the next 20 years: Environmental Integrity, Social Well-Being and Economic Vibrancy. To ensure that the Strategic Plan remains focused on these priorities, six corporate themes are aligned to the community themes - Sustainable Environment, Balanced Transportation, Healthy Community, Safe Community, Vibrant Connected Economy, and Service Excellence.

Strategic Focus

The six corporate themes remain as a key strategic focus. Each initiative identified in the 2015-2018 Strategic Plan is grounded in the Saanich Vision, related to an OCP policy, linked to one of 18 objectives and aligned with one of the six corporate themes.

Progress toward each theme is reported anecdotally making reference to the percentage, trend or milestone achieved with each initiative. While the initiatives do not provide an exhaustive list of municipal activities, they have been carefully chosen as key priority actions to advance toward the Saanich Vision.

Each corporate theme also has target indicators used to measure past achievement. Annual indicators focus on short range progress with results measured each year to reflect current progress. Mid range indicators help identify important trends over time. Targets are set in the Strategic Plan and measured over a three to five year span. This report includes progress on annual and mid-range indicators for 2015. Progress on long-range indicators will next be published in June, 2018.

Environmental Integrity

Vision of Environmental Integrity

Saanich is a model steward working diligently to improve and balance the natural and built environments. Saanich restores and protects air, land and water quality, the biodiversity of existing natural areas and ecosystems, the network of natural areas and open spaces and urban forests. The challenges posed by climate change are responded to. “Centres” and “Villages” accommodate the majority of future growth, using green building practices.

Vibrant, distinct neighbourhoods provide a high quality of life for individuals and families. A variety of travel modes connect neighbourhoods and businesses, allowing for the effective, efficient and safe movement of people, goods and services. Walking, cycling and transit are viable and popular travel options, resulting in less car dependence. Rural and farm land is protected by adherence to the Urban Containment Boundary.

Long-range indicators of Environmental Integrity

DRAINAGE MASTER PLAN

- Saanich has made a commitment to improve its storm drain network and reduce the risk of flooding. A Drainage Master Plan is being prepared which includes modelling all drainage basins.

WASTEWATER PLANNING PROJECT

- The project, in partnership with the Capital Regional District (CRD), to develop options for wastewater treatment will continue.

BUILDING ENERGY RETROFIT STRATEGY

- This strategy includes participation in a 2016 pilot retrofit program in partnership with BC Hydro and FortisBC that will directly benefit Saanich homeowners looking to improve the comfort and value of their home.

BUILDING ENERGY EFFICIENCY UPGRADES

- Upgrades at several Saanich facilities will occur in 2016 including completion of the Gordon Head Recreation Centre boiler replacement and heating system and light emitting diode (LED) lighting upgrades at the Saanich Municipal Hall.

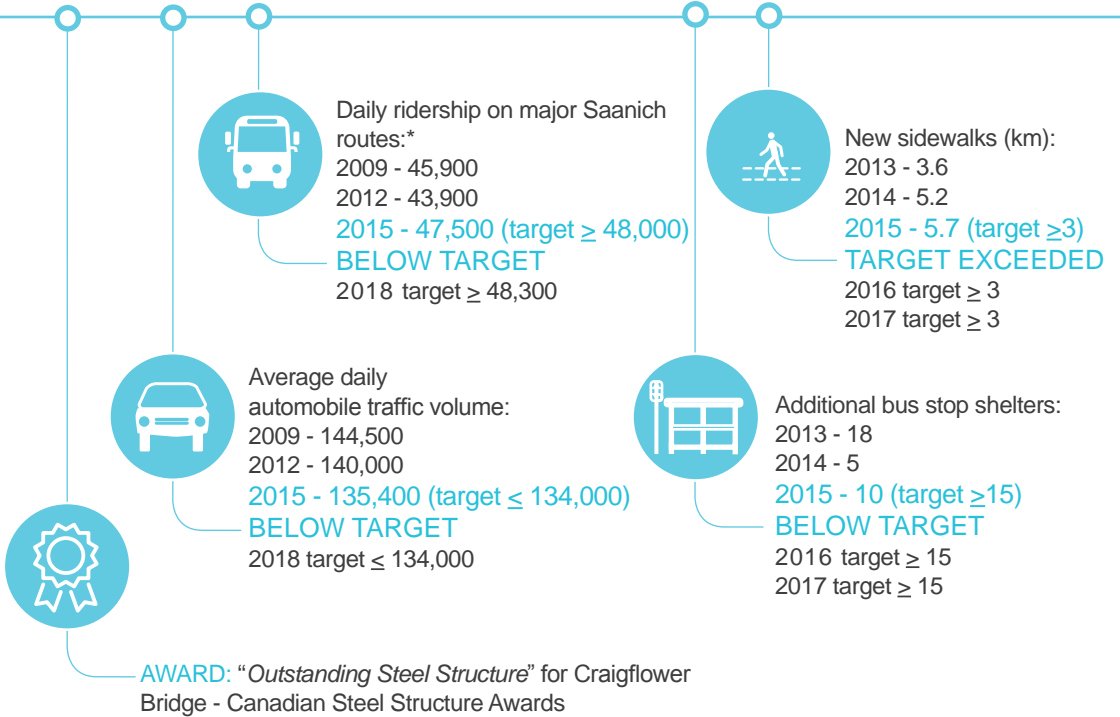

Balanced Transportation

2015 INDICATOR RESULTS

2015 HIGHLIGHTS

 **COOK STREET AND TILlicum ROAD "COMPLETE STREETS" PROJECTS**

- The reconstruction of Cook Street is now complete. The design and reconstruction of Tillicum Road is nearing completion.

 **MOBILITY INITIATIVES**

- Key mobility implementation options from the Shelbourne Valley Action Plan were presented to Council in 2015. Staff will seek public input on the options in 2016, with consideration of the plan for adoption shortly thereafter.

 **CYCLING NETWORK**

- Terms of reference are being drafted for an Active Transportation Plan, which is intended to include an interconnected and high quality cycling network. Work with the Capital Regional District (CRD) to promote the regional Pedestrian and Cycling Master Plan is underway.

SINCLAIR ROAD & GLANFORD AVENUE "COMPLETE STREETS" PROJECTS

- The "Complete Streets" design philosophy ensures that the needs of all transportation corridor users are considered and recognizes that streets can provide an important amenity to the community beyond transportation. Sinclair Road and Glanford Avenue projects are to commence pending outcomes of the Shelbourne Valley Action Plan short-term mobility initiatives.

TRANSPORTATION INITIATIVES

- Continued work with BC Transit on transportation initiatives involving the region will ensure that Saanich interests are included in major projects that are designed to help maximize transit use opportunities.

TRANSPORTATION SAFETY

- Collaboration with the Ministry of Transportation will identify safety improvements as part of the Trans-Canada Highway / McKenzie Avenue and Admirals Road intersection.

Social Well-Being

Vision of Social Well-Being

Saanich offers opportunities for balanced, active and diverse lifestyles. Housing, public services and amenities are affordable, accessible and inclusive. Residents enjoy food security through the safeguarding of agricultural land and the promotion of community gardens and urban farming. The community's heritage is valued and promoted. Residents take advantage of a diverse range of recreational, educational, civic, social, arts and cultural services.

Community activities and events generate inter-generational and inter-cultural interest, participation and social integration. Land-use planning, infrastructure design and service delivery continue to address public safety issues. Citizen awareness, education and collaborative involvement promote a shared responsibility and ownership of community development.

OLDER ADULT STRATEGY

- Saanich will continue to develop strategies that recognize and support active lifestyles and cultural participation for its diverse age population. Work on an Older Adult Strategy (OAS) started in 2016. This project will emphasize healthy and active aging which strengthens the overall community.

MAJOR FACILITIES MASTER PLAN

- Over the next decade, Saanich will complete a number of initiatives to ensure the long-term sustainability of aging municipal facility infrastructure. A Facilities Master Plan will be developed for all major District owned buildings.

LOCAL AGRICULTURE AND FOOD SECURITY ACTION PLAN

- A healthy, sustainable and stable food supply is vital to Saanich and the region. In order to support and promote local agriculture and food security, over the next year Saanich will establish a task force and prepare an action plan and implementation strategy.

DISASTER PREPAREDNESS

- Disaster preparedness continues to increase using Departmental Operations Centre (DOC) Plans, which now include Fire and Public Works with Finance and Police under development.

PUBLIC SAFETY RADIO FREQUENCIES

- The 2016 CREST Levy was revised to support migration to Next Generation subscriber equipment for Police and Fire which is required to work on the new system.

ACTIVE & SAFE ROUTES TO SCHOOL PROGRAM

- In partnership with this program, Saanich plans to complete four safe routes during 2016. The goal is to overcome barriers to childrens active school travel by mobilizing children and families.

TRANSPORTATION SAFETY

- The Traffic Safety Unit will continue to work with the Insurance Corporation of BC to reduce the frequency and severity of crashes by targeting locations that experience the highest volume of severe crashes which result in the greatest number of injuries.

Economic Vibrancy

Vision of Economic Vibrancy

Saanich's economy is connected locally, regionally and globally, providing diverse economic opportunities, ranging from high technology to agriculture. Our economy and labour force is responsive and has the ability to adapt to change. Saanich's clean, appealing environment, skilled workforce, responsive public services and excellent community infrastructure make it an ideal location to live, work and conduct business.

Implementation of strategic economic development strategies sustains and enhances the economy and ensures long-term financial sustainability, while meeting social and environmental commitments. Saanich ensures sustainability through the provision of efficient, affordable, accessible and reliable public services, programs and utilities that meet community expectations and are achieved through careful management, fiscal responsibility, innovation, progress monitoring, community involvement and meaningful consultation.

Long-range indicators of Economic Vibrancy

Progress on long-range indicators was last reported in the 2012 Annual Report. The next report for 2017 is due in June, 2018.

SUSTAINABLE INFRASTRUCTURE REPLACEMENT LEVELS

- Saanich is on track to achieve sustainable infrastructure replacement levels by 2019.

CRITICAL TRANSPORTATION INFRASTRUCTURE

- As a long-term strategic vision for active transportation in Saanich, a master plan will help guide decisions and public investments for years ahead. Work with BC Transit on the transit exchange at Uptown Centre and implementation of bus rapid transit on Douglas Street are in progress now. The Wilkinson Bridge replacement project includes new bike lanes, sidewalks and extending the Colquitz River Trail.

Saanich is a community supported by a vibrant, diverse and connected regional economy.

DOUGLAS CORRIDOR / UPTOWN PLANNING STUDY

- A review of the Douglas Corridor and Uptown Centre will help focus effort on promoting the best long term use of the area. Updated terms of reference were approved by Council in September 2015, and public events are scheduled to begin in 2016.

PARKING STANDARDS STUDY FOR "CENTRES" AND "VILLAGES"

- The objective of this two-year initiative is to look at the impacts of various Transportation Demand Management measures that could be implemented by a landowner and/or developer in "Centres" and "Villages".

COMMUNITY AMENITY CONTRIBUTIONS

- Saanich is committed to remaining a community that is affordable. This review will recommend implementation on "best practices" for amenity contributions in areas identified for density.

BUSINESS TECHNOLOGY RESOURCE PLANNING

- The objective of this program is to ensure that technological capabilities meet desired business and organizational objectives well into the future. In 2014 a comprehensive assessment of the core software programs that support Saanich's internal municipal processes was completed. In 2015 work commenced on upgrading the financial system software.

INFORMATION TECHNOLOGY (IT) FOUNDATION

- Based on the IT system audits and high level needs assessment conducted in 2013 and 2014, it became apparent that time and resources need to be dedicated at the foundational level of the information technology infrastructure. The work proposed will not only protect Saanich resources but will help meet the asset replacement strategy. Project work is underway but delayed due to ongoing and emerging priorities from the organization.

WEBCASTING OF COUNCIL MEETINGS

- Work continued in 2015 on the webcasting project. Once implemented, webcasting will allow greater access to the decision-making process and help to promote openness and transparency. The installation of video capabilities to facilitate the recording and viewing of council and committee of the whole meetings will take place in 2016.

The heart of service is people.

Citizens who are satisfied with the municipal website:
 2009 - 92%
 2012 - 95%
 2015 - 96% (target \geq 96%)

 2018 target \geq 96%

Recreation course registrations processed online:
 2013 - 22%
 2014 - 24%
 2015 - 27% (target \geq 25%)
TARGET EXCEEDED
 2016 target \geq 27%
 2017 target \geq 28%

LOOKING FORWARD

BUSINESS TECHNOLOGY RESOURCE PLANNING

- Implementation of updated financial system software continues in 2016. In 2017-2018 work will commence on upgrading the recreation and human resources systems.

NEXT GENERATION WEBSITE

- Staff throughout the District have been working on the redesign of the municipal website as a key component of the communication program. Look for the launch in July of 2016.

MANAGEMENT OF ELECTRONIC RECORDS

- Implementation of an electronic document and records management system will increase staff capacity, productivity, and knowledge retention and transfer. A key component of the strategy is to ensure that records are managed effectively and efficiently using appropriate technologies.

ASSET MANAGEMENT

- A corporate wide asset management system impacts the entire organization by improving the District's ability to track, assess and manage the long term maintenance, repair and replacement needs of the assets under its stewardship.

Climate Action

2015 PROGRESS RESULTS

2015 HIGHLIGHTS

-14%

Reduced GHG (tCO₂e) emissions:
2007 - 5,446
2014 - 4,778
2015 - 4,713

Heating oil tank removals in the community increased significantly in 2015.

SUCCESS STORY

In 2014, Saanich implemented the first bike kitchen on the Lochside Trail. This was thanks to the inspiration of Saanich's Bike to Work Week lead Adam Flint, who was looking to provide staff with a place to maintain their bikes at work. Two years later and the bike kitchens have expanded to seven across the community and more being installed by other organizations. A great example of how one idea can lead to a big impact in our community.

WWF EARTH HOUR CITY CHALLENGE

- Saanich has been selected as one of three Canadian finalists for the World Wildlife Fund's (WWF) Earth Hour City Challenge. Finalists compete for the title of National Earth Hour Capital and Global Earth Hour Capital which will be announced in May 2016.

MUNICIPAL ELECTRIC VEHICLES

- The municipal fleet now has 9 electric vehicles after 2 were purchased for the Saanich pooled fleet and 2 for the Parks department.

ORGANICS COLLECTION PROGRAM

- The first full year of the program collected over 8,000 tonnes of compostable kitchen scraps, yard and garden waste, resulting in more than 2,000 tonnes of GHG emissions reduced in the community.

LOW-CARBON BOILER SYSTEM UPGRADE

- Design work was completed for a new low-carbon boiler system upgrade at Gordon Head Recreation Centre. The project will include replacement of the existing natural gas boilers with a new air source heat pump hybrid system. This includes integration of the existing solar hot water system. The system will be fully installed in June 2016.

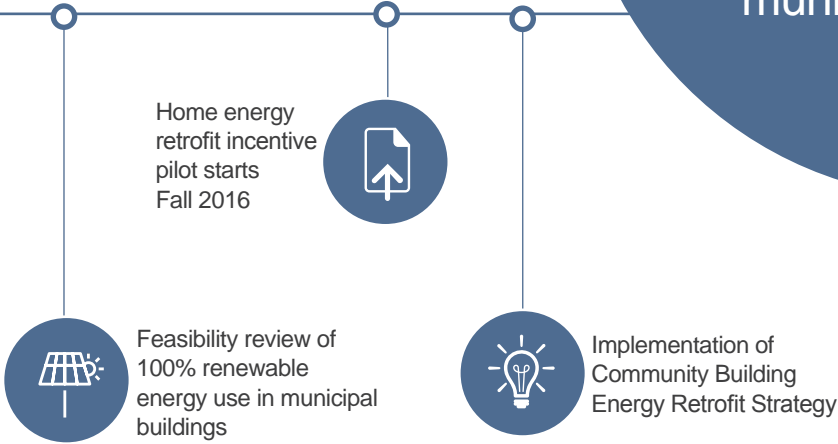

ELECTRIC VEHICLE FAST-CHARGING STATION

- The District of Saanich, Uptown, the Province of British Columbia, and the Government of Canada partnered to install the Capital Region's first electric vehicle direct current (DC) fast-charging station. An immediate success, this station has been one of the busiest in B.C.

Saanich is exploring the feasibility for integration of 100% renewable energy into municipal operations

KEY ACTIONS: COMMUNITY / MUNICIPAL

LOOKING FORWARD

CLIMATE ACTION PLAN PROGRESS RESULTS	Data Year	Latest Data	2020 Target
Increase transit ridership	2011	7%	8.7%
Increase walking participation	2011	7%	8%
Increase cycling participation	2011	4%	5.3%

Community solid waste diversion	2015	36%	34.5%

HARVEST WORKSHOPS

- Communities in Harvest workshops return for a fourth year in 2016. The workshop series educates, supports and engages residents in backyard food growing with the goal of enhancing food security in our community.

RENEWABLE ENERGY

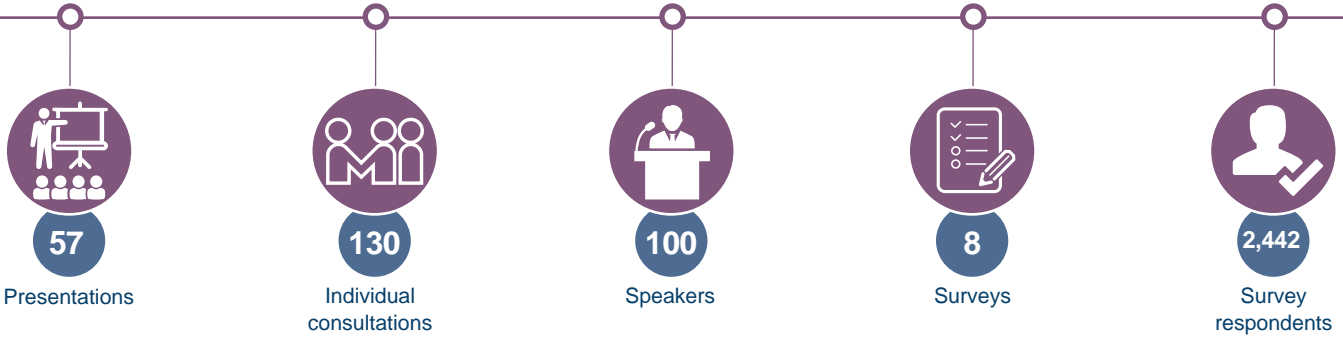

- Saanich is exploring the feasibility for integration of 100% renewable energy into municipal operations. The results will highlight how Saanich can build upon the existing municipal GHG reduction target of 50% by 2020.

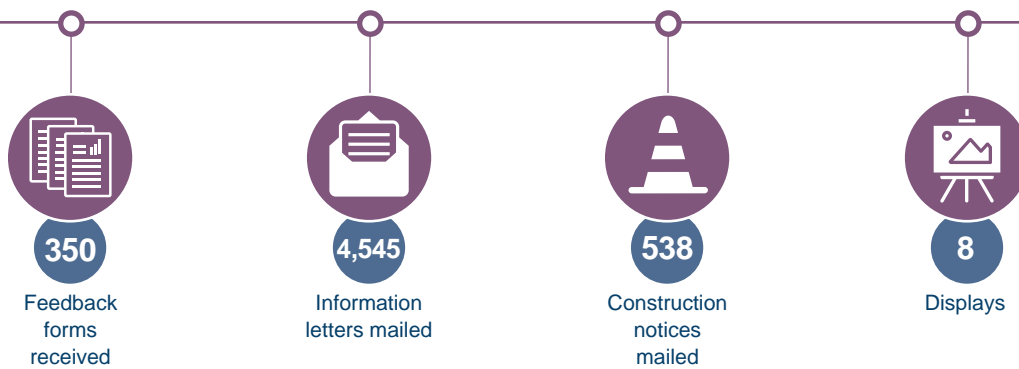

SELECTED HIGHLIGHTS

Public Participation

In 2015 when Saanich implemented our Public Participation Policy, it was based on the understanding that the community, as a whole, benefits when there is a strong working partnership between citizens, Council and staff. The more informed and involved citizens and community groups are, the better able we are to build the community we all want.

* Presentations include presentations, information sessions, focus groups, open houses, meetings, town hall meetings, and site visits.

PROJECTS

Mayor and Council
District of Saanich

Your Worship and Members of Council,

I am pleased to present the financial statements for the fiscal year ending December 31, 2015 pursuant to Section 98 of the Community Charter Act.

These statements have been prepared in accordance with generally accepted accounting principles and the recommendations of the Public Sector Accounting Board (PSAB) of the Institute of Chartered Accountants and the Provincial Ministry of Community, Sport & Cultural Development.

The District maintains a system of internal accounting controls designed to safeguard the assets of the corporation and provide reliable financial information. We verify and test these systems on a regular basis through the use and review of the internal controls.

The audit firm of KPMG was appointed by Council and is responsible for expressing an opinion as to whether the financial statements, prepared by the District's management, fairly present the financial position of the District of Saanich and the results of its 2015 operations.

In 2015, Saanich's financial position continued to strengthen. Investment in tangible capital assets such as lands, parks infrastructure, roads and sidewalks increased by \$16.6 million. Total reserves increased by \$1.5 million, while operating and capital funds surpluses combined, increased by \$2.5 million. These results strengthened Saanich's overall financial position by \$20.6 million.

Revenue increases for 2015 included user charges of \$2.0 million, taxation of \$4.8 million and sales of services of \$0.7 million. Revenues have increased over 2014 with the exception of Grants and Contributions which in 2014 included \$7.9 million of previously deferred Gas Tax revenue that is non-recurring. Total expenses increased by \$3.0 million or 1.9% over 2014.

Saanich's prudent approach to financial management is reflected in the increasing financial assets level, low long term debt, and level of reserves.

Respectfully submitted,

A handwritten signature in blue ink that reads "Valla Tinney".

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The accompanying financial statements of The Corporation of the District of Saanich (the "Corporation") are the responsibility of the Corporation's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting standards for local governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in Note 1 to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Corporation's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Municipal Council, acting through its Finance, Audit and Personnel Committee, meets with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The financial statements have been audited by KPMG LLP, independent external auditors appointed by the Corporation. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Corporation's financial statements.

INDEPENDENT AUDITORS' REPORT

To the Mayor and Councillors of the Corporation of the District of Saanich

We have audited the accompanying financial statements of the Corporation of the District of Saanich, which comprise the statement of financial position as at December 31, 2015, the statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Corporation of the District of Saanich as at December 31, 2015, and its results of operations, its changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2015

The Corporation of the District of Saanich (the "Corporation") is incorporated and operates under the provisions of the British Columbia Local Government Act and the Community Charter of British Columbia. The Corporation's principle activities include the provision of local government services to residents of the incorporated area. These include protective, parks, recreation, transportation, drainage, water and sewer.

1. Significant accounting policies:

The financial statements of the Corporation are prepared by management in accordance with Canadian generally accepted accounting principles for local governments, as prescribed by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Corporation are as follows:

a) Reporting entity:

The financial statements include the combination of all the assets, liabilities, accumulated surplus, revenues and expenses of all the activities and funds of the Corporation. The Corporation does not control any significant external entities and accordingly, no entities have been consolidated in the financial statements. Inter-departmental balances and significant organizational transactions have been eliminated. The Corporation does not administer any trust activities on behalf of external parties.

b) Basis of accounting:

The Corporation follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

c) Cash and cash equivalents:

Cash and cash equivalents are comprised of cash on hand, demand deposits, and short-term highly liquid investments with a maturity date of less than 3 months subsequent to year end that are readily converted to known amounts of cash and which are subject to an insignificant risk of change in value. Cash equivalents also include investments in Municipal Finance Authority of British Columbia Money Market Funds which are recorded at cost plus earnings reinvested in the fund.

d) Investments:

Investments are recorded at cost except for the investments in the Municipal Finance Authority of British Columbia Bond, Intermediate, and Money Market Funds, which are recorded at cost plus earnings that are reinvested in the funds. Short-term investments are comprised of bankers' acceptances, guaranteed investment certificates (GIC's), deposit notes and debentures with a maturity date of 3 months to 1 year, while investments with a maturity date greater than 1 year are classified as long-term.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2015

1. Significant accounting policies (continued):

d) Investments (continued):

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

e) Deferred revenue:

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired.

f) Deposits and prepayments:

Receipts restricted by third parties are deferred as deposits and are refundable under certain circumstances. Deposits and prepayments are recognized as revenue when qualifying expenditures are incurred.

g) Debt:

Debt is recorded net of repayments and actuarial adjustments.

h) Employee future benefits:

The Corporation and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred. The costs of multi-employer defined contribution pension plan benefits, such as the Municipal Pension Plan, are the employer's contributions due to the plan in the period.

Sick leave and other retirement benefits are also available to the Corporation's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligation under these benefit plans is accrued based on projected benefits as the employees render services necessary to earn the future benefits.

i) Government transfers:

Government transfers are recognized in the financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made, except when and to the extent the transfer gives rise to an obligation that meets the definition of a liability.

Transfers received for which expenses are not yet incurred are included in deferred revenue.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2015

1. Significant accounting policies (continued):

j) Property tax revenue:

Property tax revenue is recognized on the accrual basis using the approved tax rates and the anticipated assessment related to the current year.

k) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Vehicles, machinery and equipment	2 - 25
Buildings and building improvements	20 - 75
Parks infrastructure	15 - 50
Drainage, water and sewer infrastructure	40 - 100
Roads infrastructure	15 - 100

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Corporation's ability to provide goods and services or when the value of the future economic benefits associated with the asset is less than the book value of the asset. Amortization is charged upon the asset becoming available for productive use in the year of acquisition. Assets under construction are not amortized until the year after the asset is available for productive use.

ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

iv) Interest capitalization

The Corporation does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2015

1. Significant accounting policies (continued):

Non-financial assets (continued):

v) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

vi) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

l) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating historical cost and useful lives of tangible capital assets, the determination of employee benefit obligations, provision for contingencies, and accrued liabilities. Actual results could differ from those estimates.

m) Adoption of new accounting policy:

The Corporation adopted the Public Sector Accounting Board Standard PS 3260 *Liability for Contaminated Sites* effective January 1, 2015. Under PS 3260, contaminated sites are defined as the result of contamination being introduced in air, soil, water and or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. This Standard relates to sites that are not in productive use where an unexpected event resulted in contamination. The adoption of this standard had no impact on the opening accumulated surplus of the Corporation.

Total investments	109,432,089	67,478,810
Total cash, cash equivalents and investments	\$ 150,466,006	\$ 150,349,429

Bankers' acceptances, deposit notes, and GIC's have effective interest rates of 1.45% to 2.82% (2014 – 0.73% to 5.18%) and mature from 2016 to 2018. The Municipal Finance Authority Funds earn interest based on current market conditions and do not have set maturity dates.

The Corporation's investments have market values that approximate costs.

3. Debt:

- a) Debt principal is reported net of repayments and actuarial gains or losses. The gross debenture debt issued at December 31, 2015 was \$37,624,300 (2014 - \$40,569,300).

The loan agreements with the Capital Regional District and the MFA provide that, if at any time the scheduled payments provided for in the agreements are not sufficient to meet the MFA's obligations in respect to such borrowings, the resulting deficiency becomes a liability of the Corporation.

- b) In 2003 the Corporation borrowed \$1,500,000 on behalf of the Board of Cemetery Trustees of Greater Victoria. The Corporation is reimbursed for all payments of principal and interest as they are paid. In 2015 the debt and the receivable balance recorded in the financial statements is \$999,746.

2020	1,622,870	-	230,978	1,853,848

Interest on debt ranges from 1.55% to 4.82% with maturity dates from June 1, 2016 to October 14, 2029. Interest paid during the year was \$1,291,158 (2014 - \$1,274,532).

4. Municipal Finance Authority debt reserve fund:

The Corporation issues its debt instruments through the Municipal Finance Authority ("MFA"). As a condition of the borrowing, the Corporation is obligated to lodge security by means of demand notes and interest bearing cash deposits based on the amount of the borrowing. The deposits are included in the Corporation's financial statements as MFA cash deposits. If the debt is repaid without default, the deposits are refunded to the Corporation. The notes, which are contingent in nature, are held by the MFA to act as security against the possibility of debt repayment default and are not recorded in the financial statements. Upon the maturity of a debt issue, the demand notes are released and deposits refunded to the Corporation. As at December 31, 2015, there were contingent demand notes of \$1,350,596 (2014 - \$1,437,945) which are not included in the financial statements of the Corporation.

5. Accrued employee benefit obligations and pension plan:

The Corporation provides sick leave and certain other benefits to its employees. These amounts and other employee related liabilities will require funding in future periods and are set out below:

	2015	2014	Increase (Decrease)

5. Accrued employee benefit obligations and pension plan (continued):

Accrued vacation pay and banked overtime are the calculated value of entitlement carried forward into the next year. Accumulated sick leave represents the liability for sick leave banks accumulated for estimated drawdowns at future dates and/or for payout either on an approved retirement, or upon termination or death. Retirement benefit payments represent the Corporation's share of the cost to provide employees with various benefits upon retirement including lump sum retirement payments, and certain vacation entitlements in the year of retirement. The accrued benefit obligations and the net periodic benefit cost are estimated actuarially using a projected cost method.

Information about obligations for employee sick leave and retirement benefit plan is as follows:

	2015	2014
Balance, beginning of year	\$ 13,217,326	\$ 12,031,769
Current service cost	1,089,810	1,182,646
Interest cost	730,495	677,569
Benefits paid	(605,547)	(673,917)
Actuarial gain	(837,921)	(741)
Balance, end of year	\$ 13,594,163	\$ 13,217,326

The Corporation has performed its own actuarial valuation for 2015 and prior year obligations.

The significant actuarial assumptions adopted in measuring the Corporation's accrued benefit obligations are as follows:

	2015	2014
Discount rates	3.15%	3.15%
Expected future inflation rates	2.25%	2.25%
Expected wage and salary increases	2.33% to 4.38%	2.33% to 4.25%

The Corporation and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trustee pension plan. The board of trustees, representing plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2014, the Plan has about 185,000 active members and approximately 80,000 retired members. Active members include approximately 37,000 contributors from local governments.

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2015

5. Accrued employee benefit obligations and pension plan (continued):

The most recent valuation for the Municipal Pension Plan as at December 31, 2012 indicated a \$1,370 million funding deficit for basic pension benefits on a going concern basis. The next valuation will be as at December 31, 2015 with results available later in 2016.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The Corporation paid \$9,618,253 (2014 - \$7,983,762) for employer contributions while employees contributed \$7,610,374 (2014 - \$6,377,409) to the Plan in fiscal 2015.

GVLRA – CUPE Long-Term Disability Trust

The health and welfare trust was established January 1, 1987 as a result of negotiations between the Greater Victoria Labour Relations Association representing a number of employers, and the Canadian Union of Public Employees, representing a number of CUPE locals. The Trust's sole purpose is to provide a long-term disability income benefit plan. Employers and employees each contribute equal amounts into the Trust. The total plan provision for approved and unreported claims was actuarially determined as of December 31, 2014. At December 31, 2015, the total plan provision for approved and unreported claims was \$17,582,101 with a net deficit of \$1,519,599. The actuary does not attribute portions of the unfunded liability to individual employers. The Corporation paid \$485,165 (2014 - \$459,952) for employer contributions and the Corporation's employees paid \$485,655 (2014 - \$460,536) for employee contributions to the plan in 2015.

6. Capital lease obligations:

The Corporation leases certain equipment under lease agreements, which are classified as capital leases. The future minimum annual lease payments are as follows:

2016	\$	2,796
2017		2,498
2018		1,014
2019		169
2020		-
Total minimum lease payments		6,477
Less amount representing interest		(180)
Net minimum capital lease payments	\$	6,297

Total interest expense during the year was \$202 (2015 - \$660) and interest rates ranged from 1.50% to 2.00%.

7. Deferred revenue:

Development Cost Charges and Sub-regional Parks Reserve represent funds received from developers restricted for capital expenditures. The Federal Gas Tax Reserve represents funds received from the Government of Canada. The use of the funding is established by a funding agreement between the Corporation and the Union of British Columbia Municipalities. Gas Tax funding may be used towards designated public transit, community energy, water, wastewater, solid waste and capacity building projects, as specified in the funding agreements. Previous to 2014 the Corporation recorded these funds as deferred revenue which is then recognized as revenue when the related costs are incurred. However effective April 1, 2014, the agreements were revised for all new funding and for amounts unspent from prior periods. The new agreement broadened the scope of eligible expenditures for these funds and eliminated certain potential repayment criteria. These changes have resulted in a change in the accounting for such funds for 2014 to recognize all amounts into revenue when received including recognizing as revenue all amounts previously deferred. Unspent funding is included in the Capital Works reserve fund.

16. Segmented information:

The Corporation is a diversified municipal government organization that provides a wide range of services to its citizens, including General Government, Protective, Parks, Recreation and Culture, Engineering and Public Works, Planning and Development, and Water and Sewer Services. For management reporting purposes, the Corporation's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Municipal services are provided by departments and their activities reported within these funds. Certain functions that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

General Government

The General Government Operations provide the functions of Corporate Services and Administration, Finance, Human Resources, Tax Collection, Civic Center Maintenance, and other functions categorized as non-departmental.

Protective Services

Protective services comprise three different functions, Police, Fire, and Emergency Preparedness. The mission of the Police Department is to provide quality police service and keep Saanich safe. The Fire Department's mandate is to protect citizens and property, provide all proper measures to prevent, control, and extinguish fires and provide assistance to medical emergencies, land and marine rescue operations, requests from other fire services, and hazardous materials incidents and requests for public service. The Emergency Program's mandate is to provide continuity in government and the preservation of life and property through a coordinated response by elected officials, municipal departments, volunteer services, and such outside agencies as may be able to assist during a major emergency or disaster.

Engineering and Public Works

The Engineering and Public Works Department is responsible for all municipal infrastructures, which includes roads, drains and street and traffic lights.

Planning and Development

The Planning Department is comprised of four Divisions: Community Planning, Environmental Services, Subdivision and Inspections/Bylaw Enforcement. These Divisions manage all activities and applications relating to long range and current planning, subdivision review, building construction, environmental protection and bylaw enforcement.

Parks, Recreation and Culture

The Parks and Recreation Department promotes active, healthy living through the effective provision of a wide range of programs, services and facilities. It also promotes the engagement of community members in a variety of arts, special events, cultural and social activities to encourage strong community connections. The Department is comprised of three Divisions that plan and manage a number of municipal services. Their mission is to work in partnership with the community to create a quality of life that fosters and supports healthy citizens and community environments.

Water and Sewer

The Water and Sewer Utilities operate and distribute water and network sewer mains, storm sewers and pump stations.

Statement of segmented information

The following statement provides additional financial information for the foregoing functions. Taxation and grants in lieu of taxes are apportioned to the functions based on their share of net budgeted expenditures in the 2015 - 2019 Financial Plan. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.

Corporate Objectives

Community

Is the municipality delivering services that citizens want?

- C1 STRENGTHEN THE PHYSICAL, SOCIAL AND CULTURAL PARTICIPATION OF CITIZENS:** Promote public health and wellness by providing opportunities for residents to be physically, socially and culturally active.
- C2 FOSTER LIVEABLE NEIGHBOURHOODS:** Develop “Centres” and “Villages” as a focal point with business service and housing opportunities that are accessible to surrounding neighbourhoods.
- C3 MANAGE GROWTH:** Balance modest growth with environmental sustainability and community values.
- C4 PROTECT AND ENHANCE AIR, WATER AND LAND QUALITY:** Restore and protect air, land and water quality to support a healthy local ecosystem for plants, animals and people.
- C5 SUPPORT ECONOMIC DEVELOPMENT:** Take a leadership role in the promotion of a strong and growing local and regional economy.
- C6 ENHANCE PUBLIC SAFETY:** Engage in problem solving partnerships with the community. Maintain a comprehensive emergency preparedness strategy involving emergency services, municipal staff, business and community associations.
- C7 ENHANCE TRANSPORTATION ALTERNATIVES:** Provide a range of transportation alternatives to enhance mobility of all citizens. Plan, design and construct transportation infrastructure that promotes and enhances safety.

Is the municipality managing resources wisely?

- F1 MAINTAIN COMPARABLE TAXES AND FEES:** Deliver a regionally comparable package of services, taxes and fees.
- F2 DIVERSIFY REVENUE SOURCES:** Increase and diversify the revenue base through levying user fees and selling our services to other municipalities. Grow the commercial tax base by enhancing the existing business sector and creating new business opportunities.
- F3 BUILD NEW PARTNERSHIPS FOR FUNDING AND SERVICES:** Seek out cost-sharing or service delivery partnerships to reduce costs or improve services.
- F4 SUSTAIN COMMUNITY INFRASTRUCTURE:** Provide efficient, affordable, accessible and reliable public services, programs and utilities that sustain mobility, public safety, the economy and community liveability.

How does the organization improve business processes?

- P1 CONTINUE COMMUNITY ENGAGEMENT:** Develop and strengthen partnerships with residents, neighbourhoods, community organizations, social services, schools, businesses and governments.
- P2 IMPLEMENT SUSTAINABILITY PRINCIPLES:** Continue to incorporate sustainability principles in land-use and transportation planning and in municipal operating and reporting systems.
- P3 PROVIDE BEST VALUE FOR MONEY:** Continually review operational processes, searching out redundancies, changing conditions or improved technologies to reduce cycle time and improve service to deliver best value for money.
- P4 MONITOR AND REPORT PROGRESS:** Continue to improve service delivery through use of best practices, regional cooperation and consultation to anticipate and exceed customer expectations.

How does the organization give our employees the tools and training to continually improve and respond to changing needs?

- L1 DEVELOP AND RETAIN A SKILLED MUNICIPAL WORKFORCE:** Recruit and retain a workforce that is committed to and accountable for quality and value in the services it provides.
- L2 ENHANCE USE OF INFORMATION TECHNOLOGY:** Improve efficiency and effectiveness of information technology in organizational processes.
- L3 FOSTER CORPORATE EXCELLENCE:** Foster an environment of organizational wellness that supports excellence in meeting the needs of citizens.

Sustainable Environment

Saanich is a model sustainable community and steward of the environment.

C4 Protect and enhance air, water and land quality

<p>a. Reconstruct the Rithet reservoir. The Rithet reservoir is a vital piece of infrastructure for residents in the Royal Oak area. In addition to ensuring an adequate supply of potable water, the reservoir provides water for fire suppression. Reconstructing the reservoir will deal with existing seismic deficiencies and significant water loss due to fractures in the bedrock base.</p>	<p>Owner: Engineering Measure: Construction completed Target: Q4 2015 OCP policy: 4.2.10.29 Funded: Capital budget Informed by: Capital Infrastructure Replacement</p>
<p>b. Support the Capital Regional District (CRD) Wastewater Planning Project. Saanich participates in the CRD Core Area Liquid Waste Management Service and is represented on the Eastside Wastewater Treatment and Resource Recovery Select Committee (Eastside Committee). The Eastside Committee has been tasked with developing and evaluating sub-regional treatment options for a wastewater treatment and resource recovery plan for the municipalities of Saanich, Victoria, and Oak Bay.</p>	<p>Owner: Engineering Measure: Work of Eastside Committee completed Target: Q4 2015 OCP policy: 4.2.10.18 Funded: Operating budget Informed by: CRD</p>
<p>c. Implement key initiatives from the Climate Action Plans. Saanich is committed to responding and adapting locally and regionally to climate change. In 2015 and 2016, the focus will be to:</p> <ul style="list-style-type: none"> • Develop and implement a Building Energy Retrofit Strategy for residential buildings • Implement municipal building energy upgrades identified in the completed 2014 Energy Studies 	<p>Owner: Planning Measure: Completed Target: Q4 2016 OCP policy: 4.1.2.28 Funded: Operating budget Informed by: Climate Action Plans</p>
<p>d. Implement the Invasive Species Management Strategy. By 2018, the long-term plan for minimizing the impacts of invasive species on the natural ecosystems in Saanich will be fully implemented. In 2015, the focus will be to:</p> <ul style="list-style-type: none"> • Revise the regulations and provide education and outreach for the management of noxious weeds. • Continue development of best management practices for priority invasive species. • Complete protocols to inventory, map and monitor priority invasive species. 	<p>Owner: Parks and Recreation Measure: Completed Target: Q4 2018 OCP policy: 4.1.2.3, 4.1.2.27 Funded: Operating budget Informed by: Invasive Species Management Strategy</p>
<p>e. Implement the Urban Forest Strategy. By 2018, the long-term plan for achieving a sustainable urban forest in Saanich will be fully implemented. In 2015, the focus will be to:</p> <ul style="list-style-type: none"> • Provide education and outreach for the revised tree regulations. • Develop an operations manual that will guide the urban forest work plan. • Establish the comprehensive tree planting program. 	<p>Owner: Parks and Recreation Measure: Implement recommendations Target: Q4 2018 OCP policy: 4.1.2.9 Funded: Operating budget Informed by: Urban Forest Strategy</p>
<p>f. Complete a Drainage Master Plan. Saanich has made a long-term commitment to improve its storm drain network and reduce the risk of flooding. As part of this commitment a Drainage Master Plan is being prepared and the first step is to model all drainage basins. These models will consider the impact of climate change, identify deficiencies and solutions, and evaluate the impact of stormwater management improvements. Over the next four years, the following watersheds are to be modeled:</p> <ul style="list-style-type: none"> • Blenkinsop/Swan Creek watershed in 2015/2016 • Colquitz/Elk Lake watershed in 2016/2017 • Todd Creek watershed in 2017/2018 	<p>Owner: Engineering Measure: Completed Target: Q4 2018 OCP policy: 4.1.1.5, 4.2.10.19-23 Funded: Capital budget Informed by: Capital Infrastructure Replacement</p>

Balanced Transportation

Saanich:
People in motion!

C7 Enhance transportation alternatives

<p>a. Collaborate with the Ministry of Transportation to identify safety improvements as part of the Trans-Canada Highway / McKenzie Avenue and Admirals Road intersection. On July 22, 2015 the Federal and Provincial Governments announced the approval of funding for the construction of an interchange to improve traffic flow and safety. In addition to vehicular improvements, particular emphasis will be given to improving the safety of pedestrians and cyclists.</p>	<p>Owner: Engineering Measure: Saanich interests included Target: Q2 2016 OCP policy: 4.2.9.16 Funded: Operating budget Informed by: Federal/Provincial Governments</p>	
<p>b. Provide an interconnected and high quality cycling network. Saanich encourages and promotes cycling as an alternative mode of transportation. In 2015 and 2016, the focus will be to:</p> <ul style="list-style-type: none"> • Develop an Active Transportation Master Plan to serve as a long-term strategic vision for the District that will help guide active transportation decisions and public investments for the years ahead. • Include updated bike lane standards in engineering specifications. • Seek funding partnerships for cycling friendly infrastructure in Saanich, including bike signals, signage, and bike lockers/boxes. 	<p>Owner: Engineering Measure: Initiatives completed Target: Q2 2016 OCP policy: 4.2.4.1, 4.2.9.6, 4.2.9.11 Funded: Operating budget Informed by: Capital Infrastructure Upgrade</p>	
<p>c. Design and construct “Complete Streets”. The “Complete Streets” design philosophy ensures that the needs of all transportation corridor users are considered and recognizes that streets can provide an important amenity to the community beyond transportation. Over the next four years, “Complete Streets” projects will include:</p> <ul style="list-style-type: none"> • The design and reconstruction of Tillicum Road in 2015 and 2016. • The design and reconstruction of Sinclair Road in 2016 and 2017. • The design and reconstruction of Glanford Avenue in 2017 and 2018. 	<p>Owner: Engineering Measure: Projects completed Target: Q4 2018 OCP policy: 4.2.9.9, 4.2.9.12, 4.2.9.18 Funded: Capital budget Informed by: Capital Infrastructure Upgrade</p>	
<p>d. Implement key mobility initiatives from the Shelbourne Valley Action Plan. The Shelbourne Valley Action Plan defines transportation and land use from Feltham Avenue to North Dairy Road. Implementation of key initiatives designed to improve mobility on this critical transportation corridor will be an important step in realizing the long-term vision of the action plan.</p>	<p>Owner: Planning Measure: Initiatives implemented Target: Q4 2018 OCP policy: 4.2.9.6, 4.2.9.18 Proposed funding: Future Capital budget Informed by: Shelbourne Valley Action Plan</p>	
<p>e. Collaborate with BC Transit on transportation initiatives. Over the next four years, Saanich will work with BC Transit to ensure municipal interests are included in the following major projects that are designed to help maximize transit use opportunities:</p> <ul style="list-style-type: none"> • The planning and construction of a transit exchange at Uptown Centre. • The planning and implementation of bus rapid transit on Douglas St. and McKenzie Avenue. • The planning and implementation of regional rapid transit. 	<p>Owner: Engineering Measure: Saanich interests included Target: Q4 2018 OCP policy: 4.2.9.17, 4.2.9.23 Funded: Operating budget Informed by: BC Transit</p>	

F4 Sustain community infrastructure

<p>a. Develop a strategic plan to protect or relocate Cordova Bay Road within Mount Douglas Park. Over the past decade, several Geotechnical reports have been completed to monitor the slope erosion below Cordova Bay Road. Recommendations from the most recent report state “Saanich should prepare a strategic plan to protect or relocate Cordova Bay Road within Mount Douglas Park. The plan should include measures to reduce the rate of erosion at the toe of the slope, as well as to protect portions of the middle and upper slope sections below Cordova Bay Road. Options for eventual road relocation should be evaluated.” As part of the strategic plan, environmental issues will be identified and considered.</p>	<p>Owner: Engineering Measure: Plan completed Target: Q2 2017 OCP policy: 5.1.4.4 Funded: Capital budget Informed by: Capital Infrastructure Upgrade</p>

Healthy Community

Saanich is a community of choice, offering an active, balanced, secure lifestyle.

C1 Strengthen the physical, social and cultural participation of citizens

a. Develop strategies that recognize and support active lifestyles and cultural participation for Saanich's diverse age population. Active living opportunities for all ages are important in ensuring a healthy, vibrant, connected community. Completion of the Youth Development Strategy is scheduled for 2015 along with the initiation of an Older Adult Strategy to be completed in 2016.

b. Commence multi-year program to update the 12 Local Area Plans. The Official Community Plan (OCP) is the principal legislative tool for guiding future growth and change in Saanich. The 12 Local Area Plans (LAPs), which form part of and work in tandem with the OCP, are intended to capture issues unique to Saanich neighbourhoods. Beginning in 2014 a multi-year program will be developed to update the LAPs, incorporating new policies, procedures and legislation, and addressing neighbourhood concerns and objectives.

P1 Continue Community Engagement

a. Undertake a Governance Review. At the polls on November 15, 2014, the Saanich electorate gave the Municipality a mandate to initiate a community-based review of the governance structure and policies within Saanich and our partnerships within the Region. It is anticipated that this community-based review will be a multi-year initiative and the first step in 2015 will be to determine how such a review will be structured and carried out. Once a decision is made on the overall framework for the review, a strategy will be developed.

Safe Community

Saanich is a safe
community for all
citizens.

C6 Enhance Public Safety

<p>a. Continue to improve transportation safety. Saanich is committed to developing and implementing measures that will increase safety at high risk intersections. Using ICBC records and other information to identify intersections with the highest incidence of injury and/or damage, appropriate and effective mitigation measures will be developed in a multi-disciplinary approach. Measures may include physical changes to the intersection, changes in traffic regulations, and increased enforcement.</p>	<p>Owner: Police Measure: Target: Q4 2015 OCP Policy: 5.1.4.4 Funded: Capital and Operating budgets Informed by: Police Strategic Plan</p>	<p>Locations identified and mitigation measures developed</p>
<p>b. Increase disaster preparedness using Departmental Operations Centre (DOC) Plans. Provide a systems based support structure for individual Municipal Departments to respond and provide continuity of department specific responsibilities and operations during emergencies. Emergency Program to provide support (DOC) framework and template for build-out and implementation by individual departments. Target: 2 departments to complete their DOC plans each year.</p>	<p>Owner: Fire Measure: Plans completed Target: Q4 2015 OCP Policy: 5.1.4.8 Funded: Operating budget Informed by: Emergency Preparedness Improvements</p>	<p>Plans completed</p>
<p>c. Establish research foundation. The application of research principles and practices within policing underpins business and organization goals by determining the best use of limited resources. To achieve this objective, measurement tools will be implemented to monitor the impact of police activities and research will be conducted that supports internal decisions regarding resource allocation and programming. The number of research initiatives will be tracked and assessed for 2015.</p>	<p>Owner: Police Measure: Research utilized Target: Q1 2016 OCP Policy: 5.1.4.6 Funded: Operating budget Informed by: Police Strategic Plan</p>	<p>Research utilized</p>
<p>d. Increase municipal emergency communication capabilities. The effective use of social media to share and disseminate vital information in the face of a major emergency is a critical component of an emergency program. In 2014, Saanich developed a strategy to enhance its ability to undertake timely and integrated emergency public communications. Over the next three years, the focus will be to:</p> <ul style="list-style-type: none"> • 2015 - Develop an Emergency Information Response Plan incorporating social media and the web into operational guidelines. • 2016 - Develop procedures for corporate wide emergency staff notification and call centre activation. • 2017 - Develop and implement capacity for multi-modal mass notification and consider earthquake warning system technology in appropriate Saanich facilities. 	<p>Owner: Fire Measure: Plan implemented Target: Q4 2018 OCP Policy: 5.1.4.8 Funded: Operating budget Informed by: Emergency Preparedness Improvements</p>	<p>Plan implemented</p>

L2 Enhance use of information technology

<p>a. Migrate to Industry Canada’s dedicated public safety radio frequencies. Work collaboratively with Capital Region Emergency Services Telecom (CREST) to support a safe and effective transition to a Project 25 standard technology platform for emergency communications which will support all emergency communications for Saanich Fire, Police and its dispatch clients.</p>	<p>Owner: Fire Measure: Transition completed Target: Q4 2016 OCP Policy: 5.1.4.9 Funded: Operating budget Informed by: CREST</p>	<p>Transition completed</p>

Vibrant, Connected Economy

Saanich is a community supported by a vibrant, diverse and connected regional economy.

C5 Support economic development

<p>a. Undertake a Parking Standards Study for “Centres” and “Villages”. The policies of the Official Community Plan call for Saanich to encourage local businesses to become more sustainable. The objective of this two-year initiative is to look at the impacts of various Transportation Demand Management measures that could be implemented by a landowner and/or developer in “Centres” and “Villages”, and the potential to achieve a corresponding parking variance.</p>	<p>Owner: Planning Measure: Study completed Target: Q4 2016 OCP policy: 6.2.13, 4.2.9.25, 4.2.9.36, 4.2.9.37 Proposed funding: Future Operating budget Informed by: OCP</p>
<p>b. Complete the Douglas Corridor and Uptown Centre Planning Study. The review of the Douglas Corridor and Uptown Centre will help focus effort on promoting the best long term use of the area and will take advantage of the momentum created by new development. The focus of this initiative:</p> <ul style="list-style-type: none"> • In 2014, the background research, mapping and area analysis was undertaken • In 2015 and 2016, community consultation will be undertaken and an Action Plan will be developed. 	<p>Owner: Planning Measure: Plan completed, background work and plan developed Target: Q4 2017 OCP policy: 6.1.2 Funded: Operating budget Informed by: OCP</p>

F4 Sustain community infrastructure

<p>a. Achieve sustainable infrastructure replacement levels. Saanich is committed to meeting its long-term objective of reducing the gap between the actual and required capital investment for the replacement of municipal infrastructure. As capital funding continues to increase, the municipality moves toward sustainable replacement levels. This program provides needed infrastructure for local business and supports the local economy through job creation and capital investment. Sustainable levels of capital funding are intended to be achieved by 2019.</p>	<p>Owner: Finance Measure: Sustainable levels reached Target: Q4 2019 OCP policy: 4.2.10.4, 6.2.1 Funded: Capital budget Informed by: Capital Infrastructure Replacement</p>
<p>b. Replace critical transportation infrastructure. Bridges are a critical component in the local and regional transportation network. The bridge replacement program is currently focused on regionally significant corridors with funding assistance. Replacement of these bridges will ensure these vital infrastructures meet current seismic standards and contains adequate facilities for alternative transportation modes, including cycling and walking. In 2016 and 2017 the following bridges are scheduled for replacement:</p> <ul style="list-style-type: none"> • Wilkinson Bridge in 2016 • Marigold Bridge and Interurban Bridge in 2017 	<p>Owner: Engineering Measure: Construction completed Target: Q4 2017 OCP policy: 4.2.10.4, 5.1.4.4 Funded: Capital budget Informed by: Capital Infrastructure Replacement</p>
<p>c. Review options related to community amenity contributions. Saanich is committed to remaining a community that is affordable. This review will recommend “best practices” for amenity contributions in areas identified for density.</p>	<p>Owner: Planning Measure: Report completed Target: Q4 2016 OCP policy: 7.1.4 Funded: Operating budget Informed by: OCP</p>

THE DISTRICT OF SAANICH
PROJECT NAME: LUKIN STREET ROAD UPGRADE
ENGINEERING NO.: 1021/2013
SUBMISSION DATE: AUGUST 27, 2013

P1 Continue Community Engagement

a. Deliver the next generation of the Saanich website. Updating the technology and design of the municipal website is key to public engagement and increasing the awareness of local government services and support. In 2015 a complete redesign of the website will be undertaken that will add functionality such as capital projects scheduling and reporting, enhanced document and photo libraries, emergency notification features and the ability to conduct surveys.

Owner: Corporate Services

Funded: Operating budget
Informed by: OCP

P3 Provide best value for money

a. Implement business technology resource planning. The objective of this program is to ensure that technological capabilities meet desired business and organizational objectives well into the future. In 2014 a comprehensive assessment of the core software programs that support Saanich's internal municipal processes was completed. A multi-year phased project will be undertaken as a result of this assessment:

- 2015 / 2016 – Upgrade JD Edwards financial software.
- 2016 / 2017 – Replace CLASS recreation software.
- 2017 / 2018 – Replace ePersonality human resources software.

L2 Enhance use of information technology

a. Integrate and improve the management of electronic records. Implementation of the Document and Information Management Strategy will increase staff capacity, productivity, and knowledge retention and transfer. A key component of the strategy is to ensure that electronic records are managed effectively and efficiently using appropriate technologies. Beginning in 2016, this three-year phase of the project will focus on a restructure of the local area network and the implementation of a corporate electronic document management system.

Owner: Legislative Services
Measure: Implementation completed
Target: Q4 2018
OCP policy: 6.2.1
Proposed funding: Future operating budget

b. Implement asset management. A corporate wide asset management system impacts the entire organization by improving the District's ability to track, assess and manage the long term maintenance, repair and replacement needs of the assets under its stewardship. In 2015 work will continue on process improvements and development of a project charter.

Owner: Administration
Measure: Implementation completed
Target: Q4 2018
OCP policy: 6.2.1
Proposed funding: Current and future Operating and Capital budgets
Informed by: Foundational / Gas Tax Agreement

c. Strengthen information technology (IT) foundation. Based on the IT system audits and high level needs assessment conducted in 2013 and 2014, it became apparent that time and resources need to be dedicated at the foundational level of the information technology infrastructure. The work proposed will not only protect Saanich resources but will help meet the asset replacement strategy. This multi-year project will begin in 2015 and continue in phases

- 2015 – Telephone infrastructure replacement, upgrade of network connectivity between municipal sites, disaster recovery, security remediation.
- 2016 – Storage and server upgrades, email system upgrade, network upgrade and component replacement, security remediation.
- 2017 – Wi-fi replacement, printer infrastructure replacement, data centre upgrades.

Owner: Corporate Services
Measure: Upgrades implemented
Target: Q4 2019
OCP policy: 6.2.1
Funded: Capital budget
Informed by: Foundational

d. Implement webcasting of Council meetings. A variety of technologies, including webcasting, are being used by local governments to strengthen public engagement. The webcasting of Saanich Council and Committee of the Whole meetings will allow greater access to the decision-making process and promote openness and transparency. The project is anticipated to take place in two phases:

- 2015 (Phase 1) – Install video capabilities that will facilitate recording and viewing of council and committee of the whole meetings.
- 2016 (Phase 2) - Implement agenda management software that connects the agenda with the webcast.

Owner: Corporate Services
