Saanich

The District of Saanich is an urban and rural municipality on Vancouver Island in British Columbia. It is located north of the provincial capital, Victoria. Saanich had an approximate population of 114,000 citizens in 2016, making it the most populous municipality on Vancouver Island, and the eighth most populous in the province. The word Saanich means “emerging land” or “emerging people.” The District was incorporated on March 1, 1906.

Saanich is the largest municipality in the Greater Victoria Region with an area of 103 square kilometres (40 square miles) and is a member municipality of the Capital Regional District.

Introduction

Welcome to our 2016 Annual Report. At Saanich we continue to strive to make information relevant and easy for you to access.

Within this report you will find information about Saanich, who your elected officials are and the strategic planning and reporting structure. Included are the strategic highlights for 2016 and progress information on municipal services and operations followed by the audited financial statements and permissive tax exemptions.

The report presented here is available in portable document format (PDF) for easy on screen viewing and printing. It is also available at the Municipal Hall, Recreation Centres and all public library branches in printed form.

Your comments are welcome at the Legislative Services Department in person, by telephone at 250-475-1775 or through e-mail to clerksec@saanich.ca

Message from Saanich Council

Mayor Richard Atwell

We are pleased to present the District of Saanich's thirteenth annual progress report. As required under the Community Charter, Section 98, a municipal Council must annually prepare a progress report that includes a brief report card on the previous year's efforts, a snapshot of municipal services and operations, financial information and the objectives and measures for the current and next year.

This progress report is based on the strategic focus for 2015-2018 which was developed by Council during its first year in office and formally adopted on October 26, 2015. This year's report continues to use infographics or data visualizations to help tell the story of our progress during 2016.

As we collectively continue to implement the strategic focus we plan to advance step by step each year toward our collective vision for Saanich in the future.

We would like to recognize the many years of contributions by the late Councillor Vic Derman - he was a passionate steward and advocate for the environment, and always worked towards making the world a better place. He will be sorely missed.

Message from the CAO

The 2015-2018 Strategic Plan, upon which this progress report is based, is aligned to the Official Community Plan (OCP) vision for the future of a Sustainable Saanich. Three community themes, six corporate themes, 34 initiatives, 73 indicators, 18 objectives, and 327 policies are used to guide actions and report progress over the term of the plan.

How does Saanich measure progress and show that it is living up to the principles in the OCP? The target is to uphold the guiding principles when making decisions and taking actions. Long-range progress on the guiding principles is reported every five years. Progress on long range OCP indicators was last reported in the 2015 Annual Report. The next report on OCP progress is due to be published in June 2020.

Good progress has been achieved once again and I commend Saanich staff for moving many Strategic Plan initiatives forward while effectively managing the Corporation's expansive day to day operations.

Paul Thorkelsson, Chief Administrative Officer

Strategic Planning and Reporting Structure

Achieving the Saanich Vision

The policies adopted by Saanich Council in the Official Community Plan (OCP) express the fundamental values and goals of the community and establish the direction for achieving a collective vision. The OCP embraces three themes that Council and the community identified as core focus areas for Saanich over the next 20 years: Environmental Integrity, Social Well-Being and Economic Vibrancy. To ensure that the Strategic Plan remains focused on these priorities, six corporate themes are aligned to the community themes - Sustainable Environment, Balanced Transportation, Healthy Community, Safe Community, Vibrant Connected Economy, and Service Excellence.

Strategic Focus

The six corporate themes remain as a key strategic focus. Each initiative identified in the 2015-2018 Strategic Plan is grounded in the Saanich Vision, related to an OCP policy, linked to one of 18 objectives and aligned with one of the six corporate themes.

Progress toward each theme is reported anecdotally while referencing the percentage, trend or quantitative milestone achieved with each initiative. While the initiatives do not provide an exhaustive list of municipal activities, they have been carefully chosen as key priority actions to advance toward the Saanich Vision.

Each corporate theme also has target indicators used to measure past achievement. Annual indicators focus on short range progress with results measured each year to reflect current progress. Mid range indicators help identify important trends over time. Targets are set in the Strategic Plan and measured over a three to five year span. This report includes progress on annual indicators for 2016. Progress on mid-range indicators will next be published in June, 2019. Progress on long-range indicators will next be published in June, 2020. Details about data sources and statistics used in this report are available on the Key Performance Indicators page at saanich.ca.

Vision of Environmental Integrity

Saanich is a model steward working diligently to improve and balance the natural and built environments. Saanich restores and protects air, land and water quality, the biodiversity of existing natural areas and eco-systems, the network of natural areas, open spaces and urban forests. The challenges posed by climate change are responded to. “Centres” and “Villages” accommodate the majority of future growth, using green building practices.

Vibrant, distinct neighbourhoods provide a high quality of life for individuals and families. A variety of travel modes connect neighbourhoods and businesses, allowing for the effective, efficient and safe movement of people, goods and services. Walking, cycling and transit are viable and popular travel options, resulting in less car dependence. Rural and farm land is protected by adherence to the Urban Containment Boundary.

MID-RANGE INDICATORS

Mid-range indicators help to identify important trends over time. Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report. Progress on Mid-range indicators was last reported in the 2015 Annual Report and will be reported on in the 2018 report due in June, 2019.

2016 HIGHLIGHTS

RITHET RESERVOIR

- The Rithet reservoir is a vital piece of infrastructure to about 60,000 residents in the Royal Oak area, and its reconstruction is now complete. The new 17,600 cubic meter reservoir is seismically sound and able to serve as a water source in the event of a major earthquake.

INVASIVE SPECIES MANAGEMENT

- Work continued with the 'Pulling Together' program that covers 42 parks with over 200 volunteers to help restore disturbed natural areas. By 2018, the long-term plan for minimizing the impacts of invasive species on the natural ecosystems in Saanich will be fully implemented.

URBAN FOREST STRATEGY

- By 2018, the long-term plan for achieving a sustainable urban forest in Saanich will be fully operational.

Saanich is a model sustainable community and steward of the environment.

MOVING FORWARD

WASTEWATER PLANNING PROJECT

- Support the CRD (Capital Regional District) project team on the Core Area Wastewater Treatment project, to ensure Saanich interests are considered.

CLIMATE ACTION PLANS

- Continue work on the implementation of two Climate Action Plans (Mitigation and Adaptation). One example is the commencement of a 5-year program to convert street lights to Light Emitting Diode (LEDs), resulting in a 30% reduction in electricity use and savings of \$240,000.

DRAINAGE MASTER PLAN

- Saanich has made a commitment to improve its storm drain network and reduce the risk of flooding through the development of watershed-based models in support of an overall Drainage Master Plan. The first drainage basin model completed in 2016 was the Blenkinsop/Swan Creek Watershed. The next watersheds to be modeled include Cecilia Creek, Colquitz/Elk Lake and Tod Creek.

Balanced Transportation

ANNUAL INDICATORS

Annual indicators focus on short term targets established in the Strategic Plan and are measured in the Annual Progress Report the following year.

MID-RANGE INDICATORS

Mid-range indicators help to identify important trends over time. Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report. Progress on Mid-range indicators was last reported in the 2015 Annual Report and will be reported on in the 2018 report due in June, 2019.

2016 HIGHLIGHTS

- TRANSPORTATION SAFETY**
 - Collaboration with the Ministry of Transportation will identify safety improvements as part of the Trans-Canada Highway / McKenzie Avenue and Admirals Road intersection.
- ACTIVE TRANSPORTATION**
 - After three months of technical analysis and public engagement we have completed the first phase of Moving Saanich Forward. More than 2,000 residents have been involved in the process to date, attending events, interacting on social media and completing surveys. What we heard through the public engagement process will be incorporated as the project transitions into its second phase, developing a vision, goals and targets for active transportation in Saanich.
- MOBILITY INITIATIVES**
 - Staff sought public input on key mobility options based on the Shelbourne Valley Action Plan in 2016.

- Continued work with BC Transit on transportation initiatives involving the transit exchange at Uptown Centre and implementation of bus rapid transit on Douglas Street.

**RELOCATE CORDOVA
BAY RD WITHIN MT.
DOUGLAS PARK**

- Preparation of a Strategic Plan to protect or relocate Cordova Bay Road within Mount Douglas Park is planned. The Plan should include measures to reduce the rate of erosion at the toe of the slope, as well as to protect portions of the middle and upper slope sections below Cordova Bay Road.

**ACTIVE
TRANSPORTATION**

- The Moving Saanich Forward team is now working to develop a draft Pedestrian and Bicycle Network Plan as well as recommendations for the draft Active Transportation Plan. Further public engagement on what we heard and the draft Active Transportation Plan is underway in 2017.

Vision of Social Well-Being

Saanich offers opportunities for balanced, active and diverse lifestyles. Housing, public services and amenities are affordable, accessible and inclusive. Residents enjoy food security through the safeguarding of agricultural land and the promotion of community gardens and urban farming. The community's heritage is valued and promoted. Residents take advantage of a diverse range of recreational, educational, civic, social, arts and cultural services.

Community activities and events generate inter-generational and inter-cultural interest, participation and social integration. Land-use planning, infrastructure design and service delivery continue to address public safety issues. Citizen awareness, education and collaborative involvement promote a shared responsibility and ownership of community development.

Vision of Economic Vibrancy

Saanich's economy is connected locally, regionally and globally, providing diverse economic opportunities, ranging from high technology to agriculture. Our economy and labour force is responsive and has the ability to adapt to change. Saanich's clean, appealing environment, skilled workforce, responsive public services and excellent community infrastructure make it an ideal location to live, work and conduct business.

Implementation of strategic economic development strategies sustains and enhances the economy and ensures long-term financial sustainability, while meeting social and environmental commitments. Saanich ensures sustainability through the provision of efficient, affordable, accessible and reliable public services, programs and utilities that meet community expectations and are achieved through careful management, fiscal responsibility, innovation, progress monitoring, community involvement and meaningful consultation.

2016 HIGHLIGHTS

NEXT GENERATION WEBSITE

- Staff throughout the District worked on the redesign of the municipal website. This key component of the communication program was successfully launched in July of 2016.

BUSINESS TECHNOLOGY SYSTEMS

- The objective of this program is to ensure that technological capabilities meet desired business and organizational objectives well into the future. In 2016, server and storage systems were upgraded, providing capacity for current needs and future growth. The financial system was successfully upgraded as well.

INFORMATION TECHNOLOGY (IT) FOUNDATION

- Time and resources need to be dedicated at the foundational level of the information technology infrastructure. The work proposed will not only protect Saanich resources but will help meet the asset replacement strategy.

The heart of service is people.

MOVING FORWARD

RECREATION SOFTWARE REPLACEMENT

- Replacement of the software that runs all aspects of recreation management from in person and online registrations to facility, field and parks bookings is in progress.

BUSINESS TECHNOLOGY SYSTEMS

- Upgrades to hardware and software for the property tax and utility billing system are proceeding. This will streamline the systems that staff use to serve citizens.

WEBCASTING OF COUNCIL MEETINGS

- The installation of video capabilities to facilitate the recording and viewing of council meetings, including implementation of the agenda management software that connects to the webcast is scheduled to be completed by September 2017. Once implemented, webcasting will allow greater access to the decision-making process and help to promote openness and transparency.

2016 HIGHLIGHTS

SUCCESS STORY

- In 2016, Saanich led a significant carbon reduction project at the Gordon Head Recreation Centre by replacing an existing inefficient heating system with a new high-efficiency air source heat pump and condensing boiler system. The heat pump was commissioned at the beginning of 2017 and is expected to achieve significant energy savings, helping to reduce the Corporate GHG emissions by approximately 7%, a savings of 400 tonnes CO₂e annually.

G R PEARKES ARENA GOLD RINK GOES GREEN

- In 2016 Saanich purchased a REALice® System for the Gold rink at Pearkes Arena with support from Fortis BC. Reclaimed heat is already used at the Pearkes facility for showers and as supplementary hot water for the arena's resurfacing machines. It further reduced the Arena's energy requirement and is anticipated to save 900GJ of energy use per year.

ELECTRIC VEHICLE CHARGING UPTAKE

- The electric vehicle (EV) fast charging station at Uptown, the first of its kind in the regional district, saw a total of nearly 2,200 individual charging sessions in 2016 - that's an average of 6 uses per day. Given that EVs are powered primarily from renewable electricity, this saves approximately 10 tonnes CO₂e per year.

OIL TO HEAT PUMP

- 2016 saw 90 homes registered for Saanich "top-up rebates" to convert heating oil tanks to Air Source Heat Pumps, providing potential emissions reductions of 720 tonnes CO₂e per year (up to 8 tonnes per property).

Saanich supports moving towards 100% renewable energy.

 2012 - 44,723
 2020 TARGET \leq 31,436

MOVING FORWARD

LED STREET LIGHTING

- In 2016, Saanich began a 5-year program to convert 6,000 of their 9,000 street lights from High Pressure Sodium (HPS) lamps to energy efficient Light Emitting Diodes (LEDs). The program will result in a 51% reduction in overall electricity use and an annual savings of \$214,000 and 26 tCO₂e once fully complete. The LED fixtures also have a longer life span than HPS fixtures reducing the need for maintenance.

RENEWABLE ENERGY

- Saanich is developing a plan to reach 100% renewable energy within the community by 2050 through consultation with the public and key stakeholders and using corporate projects and operations as show case examples of how to achieve this target.

CORPORATE BUILDING OPERATIONS

- A Corporate Building Operations Management System is being developed, which will support the monitoring of system performance and the management of energy use and reduction of GHG emissions in our municipal buildings.

2016 Key Accomplishments

- Completed Phase 1 and Phase 2 and initiated Phase 3 of the Uptown Douglas Corridor Plan.
- Completed Phase 1 and Phase 2 of the Agriculture and Food Security Plan.
- Worked with Engineering to develop and seek public input on short-term options for mobility improvements related to the Shelbourne Valley Action Plan.
- Preliminary work undertaken on developing a Plan and companion programs to move Saanich as a community towards 100% renewable energy.
- Implemented a Residential Building Retrofit Strategy that will help residents improve energy efficiency and save money. 168 Saanich residents registered for the Saanich “top-up rebate” in 2016 for home energy improvements ranging from attic and wall insulation to draft-proofing and air source heat pumps.

2017 & 2018 Initiatives Planned

- Review of Development Applications, overseeing the construction of new buildings, and enforcing of Council Bylaws. The ongoing review of how we can continually improve the delivery of these services is a key part of this work.
- Continue to implement key initiatives from the Climate Action Plans. The focus for 2017 will be on community and corporate initiatives related to improving building energy and efficiency and moving towards 100% renewable energy.
- Support relevant Council approved initiatives for the Canada 150 Celebration. This will include overseeing processes related to installation of “commemorative” public art pieces.
- Implement required actions related to the independent EDPA Bylaw review, as directed by Council.

2016 Key Accomplishments

- Extensive public engagement to support the strategic planning process.
- Acquired much needed additional space for personnel at 57 Cadillac Avenue.
- Continued use of intelligence-led policing to improve crime reduction strategies, allowing the Patrol Division to focus resources on high crime areas.
- In collaboration with The Insurance Corporation of British Columbia (ICBC), identified crash locations resulting in the most significant injury to persons and targeted enforcement in these key locations.
- Completed Departmental Operations and Evacuation Plans for use in the event of a natural disaster.
- Developed new working relationships with local probation officers to increase the accountability of offenders.
- Worked with health care professionals to reduce trauma around police interactions for people with mental illness.

2017 & 2018 Initiatives Planned

- Continue to work with The Insurance Corporation of British Columbia (ICBC) to reduce the frequency and severity of crashes by targeting locations.
- Assess the effectiveness of the Coordinated Response to Problem Properties (CORPP), which addresses policing and social concerns of the affected neighbourhoods.
- Continue to use intelligence-led policing with efforts specifically focussed toward investigative, patrol and traffic responsibilities.
- Focus on vulnerable seniors; providing support, education and referrals around topics of fraud, financial, and internet crime prevention education.
- Continue to explore integration opportunities to be more effective and efficient through collaboration with regional partners in providing the highest level of police services.

District of Saanich Financial Section

2016 Financial Statements

The Corporation of the
District of Saanich
British Columbia

Fiscal year ended December 31, 2016

Prepared by:
District of Saanich
Finance Department

Report from the Director of Finance

June 13, 2017

Mayor and Council
District of Saanich

Your Worship and Members of Council,

I am pleased to present the financial statements for the fiscal year ending December 31, 2016 pursuant to Section 98 of the Community Charter Act.

These statements have been prepared in accordance with generally accepted accounting principles and the recommendations of the Public Sector Accounting Board (PSAB) of the Institute of Chartered Accountants and the Provincial Ministry of Community, Sport & Cultural Development.

The District maintains a system of internal accounting controls designed to safeguard the assets of the corporation and provide reliable financial information. We verify and test these systems on a regular basis through the use and review of the internal controls.

The audit firm of KPMG was appointed by Council and is responsible for expressing an opinion as to whether the financial statements, prepared by the District's management, fairly present the financial position of the District of Saanich and the results of its 2016 operations.

In 2016, Saanich's financial position continued to strengthen. Investment in tangible capital assets such as lands, parks infrastructure, roads and sidewalks increased by \$8.8 million. Total reserves increased by \$8.5 million, while operating and capital funds surpluses combined, increased by \$8.0 million. These results strengthened Saanich's overall financial position by \$25.3 million.

Revenue increases to note for 2016 include taxation of \$4.2 million, sewer user charges of \$1.6 million, grants and contributions of \$3.0 million, and development cost charges used of \$1.6 million. Total expenses increased by \$7.5 million or 4.5% over 2015.

Saanich's prudent approach to financial management is reflected in the increasing financial assets level, low long term debt, and level of reserves.

Respectfully submitted,

MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The accompanying financial statements of The Corporation of the District of Saanich (the "Corporation") are the responsibility of the Corporation's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting standards for local governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in Note 1 to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

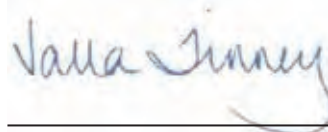

The Corporation's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Municipal Council meets with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The financial statements have been audited by KPMG LLP, independent external auditors appointed by the Corporation. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Corporation's financial statements.

INDEPENDENT AUDITORS' REPORT

To the Mayor and Councillors of the Corporation of the District of Saanich

We have audited the accompanying financial statements of the Corporation of the District of Saanich, which comprise the statement of financial position as at December 31, 2016, the statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of the Corporation of the District of Saanich as at December 31, 2016, and its results of operations, its changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

THE CORPORATION OF THE DISTRICT OF SAANICH

Year ended December 31, 2016

The Corporation of the District of Saanich (the “Corporation”) is incorporated and operates under the provisions of the British Columbia Local Government Act and the Community Charter of British Columbia. The Corporation’s principle activities include the provision of local government services to residents of the incorporated area. These include protective, parks, recreation, transportation, drainage, water and sewer.

1. Significant accounting policies:

The financial statements of the Corporation are prepared by management in accordance with Canadian generally accepted accounting principles for local governments, as prescribed by the Public Sector Accounting Board (“PSAB”) of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Corporation are as follows:

a) Reporting entity:

The financial statements include the combination of all the assets, liabilities, accumulated surplus, revenues and expenses of all the activities and funds of the Corporation. The Corporation does not control any significant external entities and accordingly, no entities have been consolidated in the financial statements. Inter-departmental balances and significant organizational transactions have been eliminated. The Corporation does not administer any trust activities on behalf of external parties.

b) Basis of accounting:

The Corporation follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

c) Cash and cash equivalents:

Cash and cash equivalents are comprised of cash on hand, demand deposits, and short-term highly liquid investments with a maturity date of less than 3 months subsequent to year end that are readily converted to known amounts of cash and which are subject to an insignificant risk of change in value. Cash equivalents also include investments in Municipal Finance Authority of British Columbia Money Market Funds which are recorded at cost plus earnings reinvested in the fund.

d) Investments:

Investments are recorded at cost except for the investments in the Municipal Finance Authority of British Columbia Bond and Intermediate Funds which are recorded at cost plus earnings that are reinvested in the funds. Short-term investments are comprised of bankers’ acceptances, guaranteed investment certificates (GIC’s), deposit notes and debentures with a maturity date of 3 months to 1 year, while investments with a maturity date greater than 1 year are classified as long-term.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2016

1. Significant accounting policies (continued):

d) Investments (continued):

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

e) Deferred revenue:

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired.

f) Deposits and prepayments:

Receipts restricted by third parties are deferred as deposits and are refundable under certain circumstances. Deposits and prepayments are recognized as revenue when qualifying expenditures are incurred.

g) Debt:

Debt is recorded net of repayments and actuarial adjustments.

h) Employee future benefits:

The Corporation and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred. The costs of multi-employer defined contribution pension plan benefits, such as the Municipal Pension Plan, are the employer's contributions due to the plan in the period.

Sick leave and other retirement benefits are also available to the Corporation's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligation under these benefit plans is accrued based on projected benefits as the employees render services necessary to earn the future benefits.

i) Government transfers:

Government transfers are recognized in the financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made, except when and to the extent the transfer gives rise to an obligation that meets the definition of a liability.

Transfers received for which expenses are not yet incurred are included in deferred revenue.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2016

1. Significant accounting policies (continued):

j) Property tax revenue:

Property tax revenue is recognized on the accrual basis using the approved tax rates and the anticipated assessment related to the current year.

k) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Vehicles, machinery and equipment	2 - 25
Buildings and building improvements	20 - 75
Parks infrastructure	15 - 50
Drainage, water and sewer infrastructure	40 - 100
Roads infrastructure	15 - 100

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Corporation's ability to provide goods and services or when the value of the future economic benefits associated with the asset is less than the book value of the asset. Amortization is charged upon the asset becoming available for productive use in the year of acquisition. Assets under construction are not amortized until the year after the asset is available for productive use.

ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

iv) Interest capitalization

The Corporation does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

THE CORPORATION OF THE DISTRICT OF SAANICH

NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2016

1. Significant accounting policies (continued):

Non-financial assets (continued):

v) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

vi) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

l) Liability for Contaminated Sites:

Contaminated sites are defined as contamination of ground or water of a chemical, organic, or radioactive material that exceeds an environmental standard. A liability for remediation of a contaminated site is recognized when a District owned site not in productive use, or another site, meets all of the following criteria:

- (i) an environmental standard exists
- (ii) ground or water contamination exceeds the environmental standard
- (iii) the District is directly responsible or accepts responsibility for a liability
- (iv) it is expected that future economic benefits will be given up, and
- (v) a reasonable estimate of the liability can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

m) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating historical cost and useful lives of tangible capital assets, the determination of employee benefit obligations, provision for contingencies, and accrued liabilities. Actual results could differ from those estimates.

3. Debt:

	2016	2015
Debt principal:		
Short term	\$ 3,242,630	\$ -
Long term	28,762,249	23,048,539
	\$ 32,004,879	\$ 23,048,539

- a) While the gross debenture debt issued as at December 31, 2016 was \$43,858,900 (2015 - \$37,624,300), the debt principal reported is net of repayments and actuarial gains or losses (per above).

Short term debt consists of MFA short term financing in the amount of \$2,322,630 and MFA 5-year equipment financing in the amount of \$920,000, both bearing interest at 1.44%.

The loan agreements with the Capital Regional District and the MFA provide that, if at any time the scheduled payments provided for in the agreements are not sufficient to meet the MFA's obligations in respect to such borrowings, the resulting deficiency becomes a liability of the Corporation.

- b) In 2003 the Corporation borrowed \$1,500,000 on behalf of the Board of Cemetery Trustees of Greater Victoria. The Corporation is reimbursed for all payments of principal and interest as they are paid. In 2016 the debt and the receivable balance recorded in the financial statements is \$943,304.
- c) Principal payments on debt for the next five years are as follows:

	General	Sewer	Total
2017	4,337,233	457,669	4,794,902
2018	2,039,824	411,327	2,451,151
2019	2,065,838	411,327	2,477,165
2020	2,092,718	374,253	2,466,971
2021	1,829,436	374,253	2,203,689

Interest on debt ranges from 1.44% to 4.82% with maturity dates from April 12, 2017 to April 19, 2031. Interest expense on debt during the year was \$1,122,212 (2015 - \$1,197,814).

4. Municipal Finance Authority debt reserve fund:

The Corporation issues its debt instruments through the Municipal Finance Authority (“MFA”). As a condition of the borrowing, the Corporation is obligated to lodge security by means of demand notes and interest bearing cash deposits based on the amount of the borrowing. The deposits are included in the Corporation’s financial statements as MFA cash deposits. If the debt is repaid without default, the deposits are refunded to the Corporation. The notes, which are contingent in nature, are held by the MFA to act as security against the possibility of debt repayment default and are not recorded in the financial statements. Upon the maturity of a debt issue, the demand notes are released and deposits refunded to the Corporation. As at December 31, 2016, there were contingent demand notes of \$1,549,286 (2015 - \$1,350,596) which are not included in the financial statements of the Corporation.

5. Accrued employee benefit obligations and pension plan:

The Corporation provides sick leave and certain other benefits to its employees. These amounts and other employee related liabilities will require funding in future periods and are set out below:

	2016	2015	Increase (Decrease)
Vacation pay and banked overtime	\$ 1,962,650	\$ 2,043,564	\$ (80,914)
Accumulated sick leave and retirement benefit payments	13,836,307	13,594,163	242,144
Total employee benefit obligations	15,798,957	15,637,727	161,230
Less funded amount	(8,845,248)	(8,771,554)	(73,694)
Total unfunded employee benefit obligations	\$ 6,953,709	\$ 6,866,173	\$ 87,536

Accrued vacation pay and banked overtime are the calculated value of entitlement carried forward into the next year. Accumulated sick leave represents the liability for sick leave banks accumulated for estimated drawdowns at future dates and/or for payout either on an approved retirement, or upon termination or death. Retirement benefit payments represent the Corporation’s share of the cost to provide employees with various benefits upon retirement including lump sum retirement payments, and certain vacation entitlements in the year of retirement. The accrued benefit obligations and the net periodic benefit cost are estimated actuarially using a projected cost method.

5. Accrued employee benefit obligations and pension plan (continued):

Information about obligations for employee sick leave and retirement benefit plan is as follows:

	2016	2015
Balance, beginning of year	\$ 13,594,163	\$ 13,217,326
Current service cost	1,108,459	1,089,810
Interest cost	477,099	730,495
Benefits paid	(886,688)	(605,547)
Actuarial gain	(456,726)	(837,921)
Balance, end of year	\$ 13,836,307	\$ 13,594,163

The Corporation has performed its own actuarial valuation for 2016 and prior year obligations.

The significant actuarial assumptions adopted in measuring the Corporation's accrued benefit obligations are as follows:

	2016	2015
Discount rates	3.15%	3.15%
Expected future inflation rates	2.25%	2.25%
Expected wage and salary increases	2.58% to 4.50%	2.58% to 4.50%

The Corporation and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusteed pension plan. The board of trustees, representing plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2015, the Plan has about 189,000 active members and approximately 85,000 retired members. Active members include approximately 37,000 contributors from local governments.

The most recent valuation for the Municipal Pension Plan as at December 31, 2015 indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis.

The Corporation paid \$9,071,289 (2015 - \$9,618,253) for employer contributions while employees contributed \$7,146,233 (2015 - \$7,610,374) to the Plan in fiscal 2016.

The next valuation will be as at December 31, 2018 with results available later in 2019.

THE CORPORATION OF THE DISTRICT OF SAANICH

Year ended December 31, 2016

5. Accrued employee benefit obligations and pension plan (continued):

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

GVLRA – CUPE Long-Term Disability Trust

The health and welfare trust was established January 1, 1987 as a result of negotiations between the Greater Victoria Labour Relations Association representing a number of employers, and the Canadian Union of Public Employees, representing a number of CUPE locals. The Trust's sole purpose is to provide a long-term disability income benefit plan. Employers and employees each contribute equal amounts into the Trust. The total plan provision for approved and unreported claims was actuarially determined as of December 31, 2014. At December 31, 2015, the total plan provision for approved and unreported claims was \$17,582,101 with a net deficit of \$1,519,599. The actuary does not attribute portions of the unfunded liability to individual employers. The Corporation paid \$472,009 (2015 - \$485,165) for employer contributions and the Corporation's employees paid \$472,915 (2015 - \$485,655) for employee contributions to the plan in 2016.

Municipal services are provided by departments and their activities reported within these funds. Certain functions that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

General Government

The General Government Operations provide the functions of Corporate Services and Administration, Finance, Human Resources, Tax Collection, Civic Center Maintenance, and other functions categorized as non-departmental.

Protective Services

Protective services comprise three different functions, Police, Fire, and Emergency Preparedness. The mission of the Police Department is to provide quality police service and keep Saanich safe. The Fire Department's mandate is to protect citizens and property, provide all proper measures to prevent, control, and extinguish fires and provide assistance to medical emergencies, land and marine rescue operations, requests from other fire services, and hazardous materials incidents and requests for public service. The Emergency Program's mandate is to provide continuity in government and the preservation of life and property through a coordinated response by elected officials, municipal departments, volunteer services, and such outside agencies as may be able to assist during a major emergency or disaster.

Engineering and Public Works

The Engineering and Public Works Department is responsible for all municipal infrastructures, which includes roads, drains and street and traffic lights.

Planning and Development

The Planning Department is comprised of four Divisions: Community Planning, Environmental Services, Subdivision and Inspections/Bylaw Enforcement. These Divisions manage all activities and applications relating to long range and current planning, subdivision review, building construction, environmental protection and bylaw enforcement.

15. Segmented information (continued):

Parks, Recreation and Culture

The Parks and Recreation Department promotes active, healthy living through the effective provision of a wide range of programs, services and facilities. It also promotes the engagement of community members in a variety of arts, special events, cultural and social activities to encourage strong community connections. The Department is comprised of three Divisions that plan and manage a number of municipal services. Their mission is to work in partnership with the community to create a quality of life that fosters and supports healthy citizens and community environments.

Water and Sewer

The Water and Sewer Utilities operate and distribute water and network sewer mains, storm sewers and pump stations.

Statement of segmented information

The following statement provides additional financial information for the foregoing functions. Taxation and grants in lieu of taxes are apportioned to the functions based on their share of net departmental budgeted expenditures in the 2016 - 2020 Financial Plan. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.
