

Savour Saanich

Your guide to local farms and food in Saanich

Experience the Flavours Saanich has to offer!

This guide is for everyone — both those new to Saanich as well as long-time residents. It provides an overview of where and what local food is being grown in the community. You can find farms offering box programs, lots of vegetables and fruits, honey, plant starts, trees, ethically raised meats—the list goes on! Saanich has lots to offer; including it's new Sunday Farmer's Market in the Summer at Braefoot Park (# 5) and the educational resources to help you get growing through the Horticultural Centre of the Pacific (# 12) and Haliburton Community Organic Farm (#15).

If you love supporting local food, we hope this guide helps you get started. To learn more about agriculture and sustainability in Saanich, visit Saanich.ca/food. To find out about local food initiatives in the CRD, visit the Capital Region Food and Agriculture Initiatives Roundtable at crfair.ca.
