

⑤ Minute Walk & Wheel to School  
UNSUPERVISED STUDENT DROP-OFF & PICK-UP SITE

KISS & GO • PARK & STROLL • MEET UP & GO

## What is 'Walk & Wheel for 5' ?

**Walk & Wheel for 5** is designed to support student safety by easing vehicle congestion at the school during arrival & dismissal times, while saving you time, building student confidence & enabling more families to be active.

These unsupervised sites are five minutes (500 meters) from the school & may be used as **alternative drop-off & pick-up sites for households that drive, walk, wheel, bike or take public transit together.**

Use these sites to **Meet-Up & Go, Park & Stroll or simply Kiss & Go** on your way to school.

Supporting safety in numbers on common routes to school ultimately creates safer active travel conditions for everyone.

## Your choice makes a difference

When you choose not to drive door-to-door you help reduce road congestion and support safety in numbers.

Reducing vehicle traffic during arrival & dismissal times makes school parking lots & streets safer for everyone.

## Benefits of Active Travel

- Create safer school streets
- Spend time together outside
- Build confidence & capacity
