

COUNCIL POLICY

SUBJECT: PUBLIC WORKS INSPECTION POLICY

DATE: NOVEMBER 5, 2001

REFERENCE: 01/479

It is the policy of the Municipality that no formal periodic inspections be carried out of municipal highways, sidewalks, boulevards, street lights, traffic signs, sewers, storm drains, water mains and services, parks, trails or any other properties under the Municipality's jurisdiction. That repairs to defects or hazards be carried out in response to complaints or reports from the public or municipal staff.

This policy has been adopted by Council after consideration, on the one hand, the cost of assigning staff to periodic inspections of Parks and Public Works infrastructure and, on the other, the interest of protecting the public from hazardous conditions.
