

## e-Bulletin #18 - State of Biodiversity Report

**Hello,**

The latest update on the Resilient Saanich process is the preparation of the State of Biodiversity Report.

Diamond Head Consulting Ltd (DHC) was awarded the contract for the development of this report, working with the Resilient Saanich Technical Committee (RSTC) and Saanich staff. The State of Biodiversity Report is a key product of the Resilient Saanich workplan and will provide baseline information for the development of the Biodiversity Conservation Strategy. DHC expects to have the report prepared for Saanich by September 2022.

A new [webpage for the State of Biodiversity Report](#) is now on our website. We'll update this new page with developments on this report and will continue to keep you informed through this e-Bulletin.
