

e-Bulletin #1—Welcome!

Thank you for subscribing to Saanich's e-bulletins for the *Resilient Saanich* initiative. Throughout this initiative, we will be providing you with e-bulletin updates on the process, including opportunities for participation.

Resilient Saanich is an [Environmental Policy Framework](#) which supports and integrates three pillars - biodiversity conservation, climate change and environmental stewardship. The following is an outline of what is included within Resilient Saanich with links to the project webpages for more information.

[Biodiversity Conservation Strategy](#) is also under development

- [Climate Plan](#): 100% Renewable and Resilient Saanich was adopted by Council on January 28, 2020
- [Enhanced Environmental Stewardship](#) expands on current programs and opportunities in Saanich

This process will receive guidance and support from the [Resilient Saanich Technical Committee](#).

We will send e-bulletins when there are any significant additions to these webpages, progress, and to announce new opportunities within the public participation process. If you are on social media, you may also see these announcements and public engagement through platforms like Facebook and Twitter.

Thank you for your interest in the development of Resilient Saanich,

Saanich Environmental Services
