## Artwork of Moments in Cadboro Bay

**Goward House** has a rich history of supporting the arts. The former owners, Owen and Elizabeth Goward, were accomplished artists themselves, who lived in the historical family home until 1986. Together, with their children, Owen and Elizabeth Goward resided at Goward House in an artistic atmosphere that included painting, offering painting classes and music lessons. Many of their paintings are located in private residences throughout the Victoria area.

Art continues to play an important role at Goward House – from hosting monthly art shows to providing space to diverse art groups that meet weekly to paint.

In keeping with the artistic tradition at Goward House, the artwork used in our displays was kindly donated for use by Paul Redchurch, Goward House Volunteer Artist. If you are interested in Art Cards that includes these illustration vignettes of life happening in Cadboro Bay, please contact the artist directly at:
