

Saanich Agriculture & Food Security Plan

Draft Vision Statement

In Saanich, food security starts in our backyard.

By 2030, Saanich is home to a thriving, accessible, and environmentally responsible food system, which is renowned for its vibrancy and resiliency. Our food is celebrated and recognized for its role in nourishing people, livelihoods, and relationships. Saanich is seen as a leader in advancing food security, including initiatives toward greater food self-sufficiency on the South Island, as well as dignified access to affordable, healthy food for all people. Ecosystems flourish as a result of responsible land and water stewardship on both urban and rural agricultural lands, which form the centre of our community. We protect and support our farmland and are proud to provide a vibrant agricultural legacy to future generations.
