Property Tax Pre-authorized Payment Plan

and the

Utility Billing Pre-authorized Withdrawal System

- ✓ Eliminate the need to pay the total property tax amount at one time.
- ✓ Great for budgeting.
- ✓ Convenient automatic withdrawal of your utility bill.

The Property Tax Pre-authorized Payment Plan allows you to make prepayments toward the following year's property taxes, with monthly pre-authorized withdrawals from your bank account.

The Utility Billing Pre-authorized Withdrawal System automatically withdraws your utility account balance on the due date of the bill (approximately every four months).

Property Tax Prepayments

Monthly prepayments are calculated based on the most recent year's property taxes (less home owner grant, if applicable) at the time of the application.

The property tax section will automatically recalculate your prepayment amount each year. This new amount will be shown on your annual tax notice.

Terms and Conditions

- You should expect to find a balance on your tax notice, as prepayments are only an estimate of property taxes.
- It is your responsibility to pay the outstanding tax balance and claim the home owner grant each year (if eligible) by the due date to avoid a 10% penalty.
- Monthly tax prepayments are withdrawn on the first day of each month, and can be started anytime between August and May (for a maximum of 10 consecutive prepayments).
- There are no prepayment withdrawals in June or July.
- A service charge will be applied to your account for returned payments.
- After two consecutive returned payments, your participation in the plan will be cancelled.
- To change your banking information, or to cancel your plan, you must notify the District of Saanich in writing 14 days before the next scheduled withdrawal.
- Refunds are not available on the plan.

Interest on Property Tax Credit Balances

Prepayment interest will be paid on the tax account credit balance effective January 1 of each year, and then on each monthly prepayment including April 1. The interest is calculated to the July property tax due date.

The prepayment interest is 3% below bank prime rate on December 15 of the preceding year.

Interest is not payable in the event of a credit balance on your utility account.

IMPORTANT

The amount owing on your tax notice will not be automatically withdrawn from your bank account through the plan. Final tax balances must be paid and your home owner grant claimed (if eligible) by the due date to avoid a 10% penalty.

Utility Billing Withdrawals

The withdrawal amount will be the balance due on your utility bill (every four months). This amount may be different for each utility bill, as part of the bill is based on water consumption. **Participation in the plan is only available to property owners.**
