Background

The Governance Review Citizen Advisory Committee is seeking input from citizens and businesses on their views regarding the governance structure and policies within the District of Saanich, and Saanich's partnerships within the region.

Each local government operates through a governance framework that brings together an underlying set of legislative requirements, governance principles and management processes.

The Saanich Governance Review will focus on the following key components of governance, and we would appreciate hearing your thoughts!

For more information about these topics and the kinds of issues we want to examine, please see the "Get Informed" backgrounder at saanich.ca/governancereview

How to Get Engaged ...

Email your input to: SaanichGovernanceReview@shaw.ca

Consultation period extended to 5 pm, June 15, 2017

Thank you for participating in this process. Your input is important and will inform the recommendations that will be presented to Saanich Council later this year.

We invite you to take advantage of our other engagement opportunities – check out additional ways to provide your feedback at saanich.ca/governancereview
