Background

The Governance Review Citizen Advisory Committee is seeking input from citizens and businesses on their views regarding the governance structure and policies within the District of Saanich, and Saanich's partnerships within the region.

Each local government operates through a governance framework that brings together an underlying set of legislative requirements, governance principles and management processes.

The Saanich Governance Review will focus on the following key components of governance, and we would appreciate hearing your thoughts!

For more information about these topics, the kinds of issues we want to examine, and additional ways to provide your feedback, please check out our “**Get Informed**” backgrounder at saanich.ca/governancereview. Also, see “**Get Engaged**” for additional ways to provide feedback.

How to Get Engaged ...

There are a variety of ways to have your say from the comfort of your home. **Consultation period extended to 5 pm, June 15, 2017.**

An online **Survey** has been developed to solicit public feedback on key governance issues and gather ideas and suggestions for future enhancements. At the same site, you can also respond to one of our **Polls**, and participate in a **Discussion** forum.

These input opportunities are open to Saanich citizens and businesses, as well as residents of other municipalities in the region. Responses will be separated based on residency.

You can take part in the survey and other forums from March 1 – June 15, 2017 at placespeak.com/saanichgovernance

Thank you for participating in this process. Your input is important and will inform the recommendations that will be presented to Saanich Council later this year.
