## Saanich

The District of Saanich is an urban and rural municipality on Vancouver Island in British Columbia. It is located north of the provincial capital, Victoria. Saanich had a population of 109,752 at the 2011 Census, making it the most populous municipality on Vancouver Island, and the eighth most populous in the province. The word Saanich means "emerging land" or "emerging people." The District was incorporated on March 1, 1906.

Saanich contains a long marine shoreline with sandy beaches located at a number of ocean bays. Elevations range from sea level to 229 metres.

Saanich is the largest municipality in the Greater Victoria Region with an area of 103.44 square kilometres (39.94 square miles) and is a member municipality of the Capital Regional District.

#### Introduction

Welcome to our 2014 Annual Report. At Saanich we are working to make information relevant and easy for you to access. This year's Annual Report is no exception and incorporates a new infographic format for the first time.

Within the report you will find information about Saanich, who the elected officials are and the strategic planning and reporting structure. The 2014-2018 Strategic Plan details the targets, objectives and initiatives used to measure our 2014 performance. It also states the objectives currently in place to 2018 and long range targets to the year 2036.

Following that section are the strategic highlights for 2014, then progress information on municipal services and operations. Finally the audited financial statements and permissive tax exemptions are included.

The report presented here is available in portable document format (PDF) for easy on screen viewing and printing. It is also available at the Municipal Hall, Recreation Centres and all public library branches in printed form.

Your comments are welcome at the Legislative Services Department in person, by telephone at 250-475-1775 or through e-mail to clerksec@saanich.ca

## Message from Saanich Council

As your newly elected Council from December 2014, we are pleased to present the District of Saanich's eleventh annual progress report. As required under the Community Charter, Section 98, a municipal Council must annually prepare a progress report that includes a brief report card on the previous year's efforts, a snapshot of municipal services and operations, financial information and the objectives and measures for the coming year.

The previous Council, advisory committees, community associations, employees and the public deserve credit for developing an excellent strategic focus for 2014-2018 upon which this progress report is based. You will notice some changes in the report this year, such as the introduction of Infographics or data visualizations to help tell the story of our progress during 2014.

As we collectively continue to implement the strategy, we plan to advance step by step each year toward our collective vision for Saanich in the future.

Standing left to right: Councillors Vicki Sanders, Vic Derman, Leif Wergeland, Dean Murdock, Judy Brownoff and Colin Plant Seated: Councillor Fred Haynes, Mayor Richard Atwell and Councillor Susan Brice

## Message from the Administrator

The 2014-2018 Strategic Plan, upon which this progress report is based, continues to use the Balanced Scorecard approach to strategic planning. Four perspectives are the foundation: a citizen focus, financial stability, effective internal processes and continued employee learning and growth. Based on the Official Community Plan vision for the future of a Sustainable Saanich, three community themes, six corporate themes, 18 objectives, 35 initiatives, 75 indicators and 327 policies are used to guide actions and report progress over the term of the plan.

In 2014, Saanich planned to complete 13 of the 35 initiatives shown in the 2014-2018 Strategic Plan. The Municipality was able to move forward on 12 initiatives while rescheduling one to start in 2015. Good progress has been achieved once again and I commend Saanich staff for moving many Strategic Plan initiatives forward while effectively managing the Corporation's expansive day to day operations.

a. M. faidlaw

Andy Laidlaw, Interim Chief Administrative Officer

## Strategic Planning and Reporting Structure

The policies adopted by Saanich Council in the Official Community Plan (OCP) express the fundamental values and goals of the community and establish the direction for achieving a collective vision. The OCP embraces three themes that Council and the community identified as core focus areas for Saanich over the next 20 years: Environmental Integrity, Social Well-Being and Economic Vibrancy. To ensure that the Strategic Plan remains focused on these priorities, six corporate themes are aligned to the community themes - Sustainable Environment, Balanced Transportation, Healthy Community, Safe Community, Vibrant Connected Economy, and Service Excellence.

How does Saanich measure progress and show that it is living up to the principles in the OCP? The target is to uphold the guiding principles when making decisions and taking actions. Long range progress on the guiding principles is reported every five years. Progress on long range OCP indicators was last reported in the 2012 Annual Report. The next report for 2017 is due to be published in June 2018.

### Corporate Themes

The six corporate themes remain as a key strategic focus. Each initiative identified in the 2014-2018 Strategic Plan is grounded in the Saanich Vision, related to an OCP policy, linked to one of 18 objectives and aligned with one of six corporate themes.

Progress toward each objective is reported anecdotally making reference to the percentage, trend or milestone achieved with each initiative. Together these complementary initiatives contribute to achieving the stated objective. While the initiatives do not provide an exhaustive list of municipal activities, they have been carefully chosen as key priority actions to advance toward the Saanich Vision.

Each corporate theme also has target indicators used to measure past achievement. Annual indicators focus on short range progress with results measured each year to reflect current progress. Mid range indicators help identify important trends over time. Targets are set in the Strategic Plan and measured over a three to five year span. Progress on mid range indicators was last reported in the 2012 Annual Report. The next report on mid range indicators for 2015 is due to be published in June 2016.

### Four Perspectives

Progress in each of the theme areas is evaluated from four perspectives. The value of using this approach is its ability to overcome a traditional challenge within organizations: the need to effectively link long term strategy (the Saanich Vision) with short term actions (annual departmental activities) in a balanced, integrated way. It helps achieve this by using four balanced perspectives to determine organizational objectives and priorities:

- Citizen perspective: "Is the municipality delivering the services that citizens want?"
- Financial perspective: "Is the municipality managing resources wisely?"
- Internal processes perspective: "How does the organization improve business processes?"
- Learning and growth perspective: "How does the organization give employees the tools and training to continually improve and respond to changing needs?"

## District of Saanich 2014-2018 Strategic Plan

## Saanich Vision

## Saanich Vision

well-being

Saanich is a sustainable community where a healthy natural environment is recognized as paramount for ensuring social well-being and economic vibrancy, for current and future generations.

# environmental integrity

"Sustainable development is development that meets the needs of the present without compromising the ability of future generations to meet their own needs."

~ Brundtland Report 1987

economic vibrancy

SAANICH VISION

## **Environmental Integrity**

## Vision of Environmental Integrity

Saanich is a model steward working diligently to improve and balance the natural and built environments. Saanich restores and protects air, land and water quality, the biodiversity of existing natural areas and eco-systems, the network of natural areas and open spaces and urban forests. The challenges posed by climate change are responded to. "Centres" and "Villages" accommodate the majority of future growth, using green building practices.

Vibrant, distinct neighbourhoods provide a high quality of life for individuals and families. A variety of travel modes connect neighbourhoods and businesses, allowing for the effective, efficient and safe movement of people, goods and services. Walking, cycling and transit are viable and popular travel options, resulting in less car dependence. Rural and farm land is protected by adherence to the Urban Containment Boundary.

Progress on long-range OCP indicators was last reported in the 2012 Annual Report. The next report for 2017 is due in June, 2018.

Environmental Integrity – Long-range OCP Indicators	Data Year	Latest Data	2036 Target
CLIMATE CHANGE			
<ol> <li>GHG emissions: Tonnes of C02 equivalents Municipal operations Community wide (2007 baseline revised Dec/11)</li> </ol>	2012 2010	4,684 tonnes 409,241 tonnes	60% reduction 60% reduction
<ol> <li>Climate adaptation</li> <li>Storm events – number of residences at risk of flooding (salt or freshwater) during a major storm event</li> </ol>	2012	400 residences	No residences at risk
3. Urban forest coverage - % of total land cover	2009	37.8%	≥37.8%
MOBILITY			
<ul> <li>4. Modal share - commuters travelling by Automobile as a driver Automobile as a passenger Transit Bicycle Walking Other (School bus, Handy Dart, other bus, taxi, any other mode)</li> <li>5. Ratio of kms of trails, bike lanes and sidewalks to roads</li> </ul>	2011 2011 2011 2011 2011 2011 2011	68% 13% 7% 4% 7% 1%	≤ 50% ≥ 20% ≥ 12% ≥ 8% ≥ 10% 1.3:1 (requires additional 220 km bike lanes, trails or sidewalks)
GROWTH MANAGEMENT			
<ol> <li>Percentage of citizens living inside "Centres" and "Villages" (assumption: 75% of new residents will live inside centres and villages)</li> </ol>	2012	53.3%	≥ 55.6% (0.09% per year, over 24 years
7. Parks, natural areas and open spaces as a percentage of the total land area in the municipality	2011	26.8%	≥ 28% (.05% per year, over 24 years)

#### SAANICH VISION : ENVIRONMENTAL INTEGRITY

## Sustainable Environment

Saanich is a model sustainable community and steward of the environment.

### Indicators of a sustainable environment

Annual indicators focus on short term targets established in the Strategic Plan and are measured in the Annual Progress Report the following year.

Annual indicators of a sustainable environment	2011 Actual	2012 Actual	2013 Actual	2014 Target
Number of tonnes of waste diverted / generated in Saanich per year	36.5%	38.6%	39.4%	≥42.8%
Average number of litres of potable water consumed per person per day	329.6	320.1	318.4	≤ 330
Number of properties located in Saanich that qualify for farm tax status	391	406	406	≥406

Mid-range indicators help to identify important trends over time. Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report. Progress on Mid-range indicators was last reported in the 2012 Annual Report and will be reported on in the 2015 report due in June, 2016.

Mid-range indicators of a sustainable environment	2006 Actual	2009 Actual	2012 Actual	2015 Target
Number of additional multi-family units required per year to meet Saanich's 2026 Regional Growth Strategy (RGS) target	487	0	220	≥441
Number of hectares in Saanich within the Agricultural Land Reserve (ALR)	1,872	1,872	1,872	≥1,872

#### INITIATIVES TO WORK TOWARD A MORE SUSTAINABLE ENVIRONMENT

### Protect and enhance air, water and land quality

a. Protect Panama Flats for future generations. Preserving the agricultural and environmental viability of the recently acquired Panama Flats is a priority for Saanich. One of the first steps will be to include the vast majority of the land in the Agricultural Land Reserve (ALR) and secure its long-term cultivation.

- b. Reconstruct the Rithet reservoir. The Rithet reservoir is a vital piece of infrastructure for residents in the Royal Oak area. In addition to ensuring an adequate supply of potable water, the reservoir provides water for fire suppression. Reconstructing the reservoir will deal with existing seismic deficiencies and significant water loss due to fractures in the bedrock base.
- c. Implement key initiatives from the Climate Action Plan and Climate Change Adaptation Plan. Saanich is committed to responding and adapting locally and regionally to climate change. In 2014, the focus will be to:
  - · Remove existing heating oil systems from all municipally-owned properties;
  - Introduce an Energy Management Program into all municipal building operations to track and reduce consumption.
  - Install more energy efficient heating systems at the Municipal Hall and the Gordon Head Community Recreation Centre.
  - Complete the sea-level rise coastal risk assessment project in partnership with the Capital Regional District and City of Victoria.

#### d. Implement the Invasive Species Management Strategy.

By 2018, the long-term plan for minimizing the impacts of invasive species on the natural ecosystems in Saanich will be fully implemented. In 2014 and 2015, the focus will be to:

- Revise the regulations and provide education and outreach for the management of noxious weeds.
- Continue development of best management practices for priority invasive species.
- · Complete protocols to inventory, map and monitor priority invasive species.
- e. Implement the Urban Forest Strategy. By 2018, the long-term plan for achieving a sustainable urban forest in Saanich will be fully implemented. In 2014 and 2015, the focus will be to:
  - · Provide education and outreach for the revised tree regulations.
  - · Develop an operations manual that will guide the urban forest work plan.
  - Establish the comprehensive tree planting program.

Provide best value for money

a. Commence greener garbage collection program. The new curbside refuse and kitchen scraps collection service will begin in the spring of 2014 using municipal crews and providing assistance programs. Recycling kitchen scraps will reduce greenhouse gas emissions, extend the life of the Hartland landfill, and turn a valuable resource into a useful product.

*Owner:* Parks and Recreation *Measure:* Land included in ALR *Target:* Q2 2014 *OCP policy:* 4.2.5.1, 5.1.1.18

#### SAANICH VISION : ENVIRONMENTAL INTEGRITY

## **Balanced Transportation**

## Indicators of a balanced transportation

Annual indicators focus on short term targets established in the Strategic Plan and are measured in the Annual Progress Report the following year.

Balanced Transportation - Annual Indicators	2011 Actual	2012 Actual	2013 Actual	2014 Target
Number of kilometres of new bike lane*	2.4 km	5.3 km	3.7 km	≥3 km
Number of kilometres of new sidewalk*	5.7 km	2.7 km	3.6 km	≥2 km

Mid-range indicators help to identify important trends over time.

Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report. Progress on Mid-range indicators was last reported in the 2012 Annual Report and will be reported on in the 2015 report due in June, 2016.

Balanced Transportation - Mid-range Indicators	2006 Actual	2009 Actual	2012 Actual	2015 Target
Transit service measured as daily ridership on major Saanich routes	New	55,000	57,000	≥68,500
Average daily automobile traffic volume on key routes in Saanich	138,150	138,734	139,000	≤ 134,000
Average vehicle occupancy rates on key routes in Saanich	New	1.36	1.36	≥1.43

\* Although the core funding for bicycle and sidewalk projects is relatively consistent year to year, the amount of infrastructure constructed can vary considerably due to varying construction conditions or the availability of grants and other external funding assistance.

#### INITIATIVES TO WORK TOWARD BALANCED TRANSPORTATION

## Foster liveable neighbourhoods

a. Enhance pedestrian safety and mobility. The Official Community Plan calls for the design of pedestrian networks to accommodate projected population densities. In order to enhance pedestrian safety and mobility in higher density neighbourhoods, the engineering specifications for pedestrian facilities will be updated to include sidewalks on identified residential roads within designated Major and Neighbourhood Centres and Villages.

### Saanich: People in motion!

### Enhance transportation alternatives

- a. Promote alternative mobility options. In order to encourage and support residents in using alternative mobility options, a Wayfinding Plan and Implementation Strategy will be developed. The Wayfinding Plan will include a variety of tools, both physical and virtual, to provide a predictable and consistent way for people to find their way about our community.
- b. Provide an interconnected and high quality cycling network. Saanich encourages and promotes cycling as an alternative mode of transportation. In 2014 and 2015, the focus will be to:
  - Incorporate changes to the network that will integrate commuter bike routes, local connectors, multi-use trails and greenways.
  - Include updated bike lane standards in engineering specifications.
  - Work with the CRD to promote the regional Pedestrian & Cycling Master Plan and to seek funding for cycling friendly infrastructure in Saanich, including bike signals, signage, and bike lockers/boxes.
- c. Design and construct "Complete Streets". The "Complete Streets" design philosophy ensures that the needs of all transportation corridor users are considered and recognizes that streets can provide an important amenity to the community beyond transportation. Over the next three years, "Complete Streets" projects will include:
  - The reconstruction of Cook Street in 2014.
  - The design and reconstruction of Tillicum Road in 2015 and 2016.
  - The design of Glanford Avenue in 2016.

*d. Implement key mobility initiatives from the Shelbourne Valley Action Plan.* The Shelbourne Valley Action Plan defines transportation and land use from Feltham Avenue to North Dairy Road. Implementation of key initiatives designed to improve mobility on this critical transportation corridor will be an important step in realizing the long-term vision of the action plan.

e. Support BC Transit initiatives. Over the next five years, Saanich will work with BC Transit to ensure municipal interests are included in the following major projects that are designed to help maximize transit use opportunities:

- The planning and construction of a transit exchange at Uptown Centre.
- The planning and implementation of bus rapid transit on Douglas St. and McKenzie Avenue
- · The planning and implementation of regional rapid transit.

### Sustain community infrastructure

a. Replace critical transportation infrastructure. Bridges are a critical component in the local and regional transportation network. The bridge replacement program is currently focussed on regionally significant corridors with funding assistance. The replacement of the Craigflower Bridge in 2014 and the Wilkinson Bridge in 2016 will ensure this vital infrastructure meets current seismic standards and contains adequate facilities for alternate transportation modes, including cycling and walking.

#### SAANICH VISION

## Social Well-Being

Saanich offers opportunities for balanced, active and diverse lifestyles. Housing, public services and amenities are affordable, accessible and inclusive. Residents enjoy food security through the safeguarding of agricultural land and the promotion of community gardens and urban farming. The community's heritage is valued and promoted. Residents take advantage of a diverse range of recreational, educational, civic, social, arts and cultural services.

Community activities and events generate inter-generational and inter-cultural interest, participation and social integration. Land-use planning, infrastructure design and service delivery continue to address public safety issues. Citizen awareness, education and collaborative involvement promote a shared responsibility and ownership of community development.

Social Well-being – Long-range OCP Indicators	Data Year	Latest Data	2036 Target
FOOD SECURITY			
1. Land used for agriculture:			
Taxable commercial farmland	2011	2,222 hectares	Increase by 5% (1% every 5 years)
Backyard vegetable garden or poultry keeping	2012	36% of residents	Increase by 66%
Community gardens	2012	2	≥12
COMMUNITY PARTICIPATION / VITALITY			
2. Citizen engagement (good or very good)*	2012	85%	≥85%
3. Perceived quality of life (good or very good)*	2012	100%	≥95%
HOUSING			
4. 30% or more of family income required for housing:			
Renters	2006	44.5%	≤35%
Owners	2006	19.5%	≤15%
5. People on regional wait list for supportive housing and wait times	2012	1,545	0 by the year 2018
PUBLIC SAFETY			
6. Public safety:			
Municipal crime rate (number of incidents per 1,000 residents)	2011	42.9	< 51 per 1,000
Citizen perception of safety in Saanich (safe or very safe)*	2012	97%	≥97%
Number of households prepared for a 7 day emergency disaster event	2012	23%	≥ 60% by the year 2018 ≥ 90% by the year 2036
Fire department emergency incident responses within 8 minutes	2012	78%	≥90%
7. Critical infrastructure assessment	2006	C-	≥B

Progress on long-range OCP indicators was last reported in the 2012 Annual Report. The next report for 2017 is due in June, 2018.

\* Data re-tabulated in 2015

#### SAANICH VISION : SOCIAL WELL-BEING

## Healthy Community

Saanich is a community of choice, offering an active balanced, secure lifestyle: live well and enjoy life!

### Indicators of a healthy community

Annual indicators focus on short term targets established in the Strategic Plan and are measured in the Annual Progress Report the following year.

Healthy Community - Annual Indicators	2011 Actual	2012 Actual	2013 Actual	2014 Target
Number of social and affordable housing units	5,496	5,647	5,640	≥5,647
% of properties within 500m of multiple bus routes	*	76.5%	76.5%	≥95%
% of properties within 500m of zoned parks	97.4%	97.5%	97.4%	≥98%
% of dwellings within 500m of a "Centre" or "Village"	58.4%	56.9%	58%	≥59%

Mid-range indicators help to identify important trends over time.

Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report.

Progress on Mid-range indicators was last reported in the 2012 Annual Report and will be reported on in the 2015 report due in June, 2016.

Healthy Community - Mid-range Indicators	2006 Actual	2009 Actual	2012 Actual	2015 Target
General level of physical activity of citizens	51%	68%	81.6%	≥82%
Shelter bed use by unique individuals in Greater Victoria $^{\star\star}$	*	1,943	1,617	0 by year 2018
Percentage of supportive housing units in "Centres" and "Villages"	New for 2012	New for 2012	12.5%	≥13%
Average number of hours per week spent in group leisure activities or events, such as recreation, arts, cultural, heritage or sports	New for 2012	New for 2012	46% of residents for 1-5 hrs/week	≥ 50% of residents for 1-5 hrs/week

\* Data unavailable

\*\* The four categories of homelessness identified by the Greater Victoria Coalition to End Homelessness are: roofless (sleeping rough),

houseless (staying in prisons, hospitals, shelters) insecurely housed (insecure tenancy, impending eviction,

domestic violence, couch surfing) and inadequately housed (unsafe, substandard or overcrowded).

#### INITIATIVES TO WORK TOWARD A HEALTHY COMMUNITY

## Strengthen the physical, social and cultural participation of citizens

a. Establish a New Youth Development Strategy. A key objective of the Parks and Recreation Master Plan is to rethink youth programming. In 2014, a framework will be established to create a new Youth Development Strategy. Work will focus on the current interaction and engagement with youth and community youth serving organizations and how to best support youth moving forward.

- b. Develop New Age Friendly Community Programs with health sector partners. Saanich is one of the World Health Organization's pilot communities for implementing age-friendliness. Existing age-friendly community programs are focused on food security and skills, healthy eating, and social connections. In 2014, Saanich will partner with Island Health to develop and deliver new programs designed to increase cognitive skills and ensure safe and supportive home environments.
- c. Implement the Heritage Action Plan. Saanich is committed to the long-term preservation of heritage resources within the municipality. Encouraging and supporting the maintenance of heritage properties and promoting the value of heritage preservation are priorities. In 2014, the focus will be to:
  - · Inventory natural and cultural heritage resources.
  - Review and update the various heritage resources and procedural bylaws.
  - · Adopt minimum maintenance requirements for heritage properties.
  - · Create a program to engage Heritage Register participants and to increase the number of heritage designated properties from within and outside the Heritage Register.
  - · Develop two heritage walk/bike tour brochures.

### Foster liveable neighbourhoods

- a. Support the development of affordable housing. Based on a focused study of the issue and consultation with citizens, secondary suites are now permitted south of McKenzie Avenue. In 2014 and 2015, consultation work will take place with supportive Neighbourhood Associations on the potential to legalize secondary suites in further defined areas.

**Owner:** Parks and Recreation Measure: Framework established Target: Q3 2015 OCP policy: 5.2.2.3

**Owner:** Parks and Recreation Measure: Programs delivered Target: Q3 2016 **OCP policy:** 5.2.2.3

**Owner:** Planning Measure: Action Plan completed Target: Q3 2016 OCP policy: 5.1.1.1

**Owner:** Parks and Recreation Measure: Plans completed

Target: Q4 2016

OCP policy: 4.2.8.12

### Sustain community infrastructure

a. Plan for the use and management of park land and open spaces. Saanich is committed to providing both natural and developed park land and open spaces that support a high quality of life. Over the next three years plans will be developed for the use and management of the following new acquisitions:

b. Develop a Local Agriculture and Food Security Action Plan. A healthy, sustainable and stable food supply

is vital to Saanich and the region. In order to support and promote local agriculture and food security, over the

next two years Saanich will establish a task force and prepare an action plan and implementation strategy.

- In 2014, Panama Flats.
- In 2015, Haro Woods.
- Beginning in 2015, Beckwith Park/Blenkinsop Lake and Valewood Park.

#### SAANICH VISION : SOCIAL WELL-BEING

## Safe Community

### Indicators of a safe community

Annual indicators focus on short term targets established in the Strategic Plan and are measured in the Annual Progress Report the following year.

Safe Community - Annual Indicators	2011 Actual	2012 Actual	2013 Actual	2014 Target
Break and Enter rate (number per year )	432	352	284	< 413
Vehicle collisions involving a pedestrian (number per year)	52	53	52	< 57
Vehicle collisions involving a bicycle (number per year)	67	67	61	< 60
Vehicle collisions involving only vehicles (number per year)	1,336	1,271	1,130	< 1,437
Number of citizens attending Neighbourhood Emergency Preparedness Presentations	2,218	1,907	2,462	> 2,210

Mid-range indicators help to identify important trends over time.

Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report. Progress on Mid-range indicators was last reported in the 2012 Annual Report and will be reported on in the 2015 report due in June, 2016.

Safe Community - Mid-range Indicators	2006 Actual	2009 Actual	2012 Actual	2015 Target
Citizen satisfaction with police services *	95%	95%	94%	≥95%
Citizen satisfaction with Fire Services*	99%	98%	97%	≥99%
Citizen perception of transportation safety*	99%	88%	85%	≥90%

\* Data re-tabulated in 2015

#### INITIATIVES TO WORK TOWARD A SAFE COMMUNITY

## Enhance Public Safety

- a. Continue to improve transportation safety. Saanich is committed to developing and implementing measures that will increase safety at high risk intersections. Using ICBC records and other information to identify intersections with the highest incidence of injury and/or damage, appropriate and effective mitigation measures will be developed in a multi-disciplinary approach. Measures may include physical changes to the intersection, changes in traffic regulations, and increased enforcement.
- b. Deliver Emergency Preparedness Programs. Providing a variety of community programs for emergency preparedness helps to ensure Saanich is a more educated, prepared, and safer community. In 2014 personal preparedness handbooks will be developed and distributed to support neighbourhood emergency preparedness workshops.
- c. Increase municipal emergency communication capabilities. Over the next two years, a strategy will be developed and implemented to provide timely public communications in a major emergency. The strategy will include the effective use of social media and the municipal website to engage the community and allow for the sharing and dissemination of vital information.

## Sustain community infrastructure

- a. Develop and implement a Critical Infrastructure Strategy. Over the next decade, Saanich will complete a number of initiatives to ensure the long-term sustainability of aging municipal facility infrastructure. The focus of the next three years will be to:
- In 2014, develop a Critical Infrastructure Strategy.
- In 2014, complete a Facility Strategy for Parks and Public Works.
- · By 2016, complete two critical facility upgrades.

### Continue community engagement

- a. Focus on community engagement in the delivery of programs. The following initiatives will strengthen relationships between the community and Saanich Police.
- Expand the use of volunteers in the delivery of a variety of programs.
- · Develop programs with community partners to help at-risk youth make the smart decisions that will keep them from becoming clients of the criminal justice system.
- · Build on the partnership with the Inter-Cultural Association to learn more about diverse cultures and groups.

## Enhance use of information technology

a. Migrate to Industry Canada's dedicated public safety radio frequencies. Work collaboratively with Capital Region Emergency Services Telecom (CREST) to support a safe and effective transition to a Project 25 standard technology platform for emergency communications which will support all emergency communications for Saanich Fire, Police and its dispatch clients.

#### SAANICH VISION

## **Economic Vibrancy**

### Vision of Economic Vibrancy

Saanich's economy is connected locally, regionally and globally, providing diverse economic opportunities, ranging from high technology to agriculture. Our economy and labour force is responsive and has the ability to adapt to change. Saanich's clean, appealing environment, skilled workforce, responsive public services and excellent community infrastructure make it an ideal location to live, work and conduct business.

Implementation of strategic economic development strategies sustains and enhances the economy and ensures long-term financial sustainability, while meeting social and environmental commitments. Saanich ensures sustainability through the provision of efficient, affordable, accessible and reliable public services, programs and utilities that meet community expectations and are achieved through careful management, fiscal responsibility, innovation, progress monitoring, community involvement and meaningful consultation.

Progress on long-range OCP indicators was last reported in the 2012 Annual Report. The next report for 2017 is due in June, 2018.

Environmental Integrity – Long-range OCP Indicators	Data Year	Latest Data	2036 Target
COMMUNITY INFRASTRUCTURE			
1. Infrastructure gap* with condition assessment			
<ul> <li>Annual Infrastructure gap calculated from current 5-yr Financial Plan</li> </ul>	2012	\$10.27 million	\$6 million by 2016 - No infrastructure gap by 2019
Condition assessment by letter grade	2012	С	≥B
<ol> <li>Citizen perception of public service quality - services to the public (satisfied or very satisfied)****</li> </ol>	2012	85%	≥85%
<ol> <li>Business perception of Saanich as a place to operate a business (good or very good)****</li> </ol>	2012	93%	≥93%
LONG-TERM FINANCIAL SUSTAINABILITY			
4. Municipal debt per capita**	2012	\$214	≤ \$556 in today's dollars
5. Diversified revenue portfolio % of revenue generated from property tax source	2012	53%	≤55%
DIVERSIFIED ECONOMIC BASE			
6. Employment by industry index***	2012	.71	≥.75
7. Percentage of commercial, industrial and institutional area to residential property area in Saanich	2012	23.8%	≥25%

\* Infrastructure gap is the difference between annual funding required to replace infrastructure assets at the end of their useful life and the amount budgeted for that purpose. \*\* Municipal debt per capita target is less than or equal to the limit established by provincial legislation

> \*\*\* The calculation used is the "Hachman Index," which measures how similar the Capital Region's economy is to Canada's in terms of industrial structure. The score can range from 0 to 1 – the less similar, the lower the score.

> > \*\*\*\* Data re-tabulated in 2015.

#### SAANICH VISION : ECONOMIC VIBRANCY

## Vibrant,Connected Economy

### Indicators of a vibrant, connected economy

Annual indicators focus on short term targets established in the Strategic Plan and are measured in the Annual Progress Report the following year.

Vibrant, Connected Economy - Annual Indicators	2011 Actual	2012 Actual	2013 Actual	2014 Target
Proportion of business property tax revenue	19.5%	21%	21.5%	≥21%
Value of commercial and industrial building permits approved	\$87,991,000	\$36,348,000	\$19,821,000	≥\$55,000,000
Business licences issued	4,710	4,776	4,640	≥4,750

Mid-range indicators help to identify important trends over time.

Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report. Progress on Mid-range indicators was last reported in the 2012 Annual Report and will be reported on in the 2015 report due in June, 2016.

Vibrant, Connected Economy - Mid-range Indicators	2006 Actual	2009 Actual	2012 Actual	2015 Target
Percent of Saanich residents with post-secondary education	57%	66.2%	*	≥60%
Saanich household income compared to provincial rates	\$74,433:65,787**	*	*	≥ Provincial Average
Average annual capital infrastructure replacement funding	\$10,859,200	\$15,971,800	\$24,396,000	≥\$28,000,000

\* data unavailable \*\* Source: BC Stats

#### INITIATIVES TO WORK TOWARD A VIBRANT, CONNECTED ECONOMY

### Support economic development

- a. Undertake a Parking Standards Study for "Centres" and "Villages". The policies of the Official Community Plan call for Saanich to encourage local businesses to become more sustainable. The objective of this two-year initiative is to look at the impacts of various Transportation Demand Management measures that could be implemented by a landowner and/or developer in "Centres" and "Villages", and the potential to achieve a corresponding parking variance.
- b. Complete the Douglas Corridor and Uptown Centre Planning Study. The review of the Douglas Corridor and Uptown Centre will help focus effort on promoting the best long term use of the area and will take advantage of the momentum created by new development. The focus over the next three years will be to:
   In 2014, commence the background research, mapping and area analysis to support community consultation work.
  - In 2015 and 2016, undertake community consultation and develop the Corridor Action Plan.

### Enhance transportation alternatives

a. Participate with the Capital Regional District (CRD) to prepare a Regional Transportation Plan. The development and implementation of a new Regional Transportation Plan is an important step in promoting the efficient movement of goods, services and people throughout Saanich and the region. A final report to the CRD Board in 2014 will include a high-level outline of activities to adopt a regional network, a review of funding opportunities, the establishment of a regional governance framework for transit, and the establishment of a consistent approach to maximize the use of existing infrastructure over the next five years. Saanich will continue to work with the CRD to ensure that municipal values and interests are reflected in this process and outcomes are consistent with Saanich's long-term plans.

### Sustain community infrastructure

## a. Achieve sustainable infrastructure replacement levels. Saanich is committed to meeting its long-term objective of reducing the gap between the actual and required capital investment for the replacement of municipal infrastructure. As financial commitment to capital continues to increase, the municipality moves toward sustainable replacement levels. This program provides needed infrastructure for local business and supports the local economy through job creation and capital investment. Sustainable levels of capital funding are intended to be achieved by 2019.

## Implement sustainability principles

- a. Implement a sustainable purchasing program. The goal of a sustainable purchasing program is to ensure that staff purchases quality products, services and works at competitive prices while considering key environmental and social benefits over the entire life-cycle of the product, service or work. The focus in 2014 will be to implement the following two policy elements:
  - A declaration form of social and environmental practices to be submitted by suppliers for each tender and request for proposal.
  - Sustainability evaluation guidelines to be used for common purchasing categories such as paper or cleaning products.

#### SAANICH VISION : ECONOMIC VIBRANCY

## Service Excellence

### Indicators of service excellence

Annual indicators focus on short term targets established in the Strategic Plan and are measured in the Annual Progress Report the following year.

Service Excellence - Annual Indicators	2011 Actual	2012 Actual	2013 Actual	2014 Target
Proportion of recreation course registrations processed via website (online/total)	23%	24.5%	22%	≥25%
Voluntary turnover rate of employees	4.4%	4.4%	5.7%	<10%
Vacancies filled by qualified internal candidates	93%	94.9%	94.2%	>66%
Supervisory and management vacancies filled by qualified internal candidates	62.5%	78.6%	93.5%	> 66%
Annual learning and development investment per full time equivalent staff member	\$562	\$646	\$699	≥\$525

Mid-range indicators help to identify important trends over time.

Targets are set in the Strategic Plan and measured over a three to five year span in the Annual Progress Report.

Progress on Mid-range indicators was last reported in the 2012 Annual Report and will be reported on in the 2015 report due in June, 2016.

Service Excellence - Mid-range Indicators	2006 Actual	2009 Actual	2012 Actual	2015 Target
Citizen satisfaction rating*	92%	89%	89%	≥89%
Municipal government value for money rating*	84%	88%	86%	≥86%
Customer service by municipal staff rating*	91%	93%	88%	≥90%
Citizen satisfaction with municipal website*	92%	95%	96%	≥96%

\* Data re-tabulated in 2015

#### INITIATIVES TO WORK TOWARD SERVICE EXCELLENCE

### Continue community engagement

a. Deliver the next generation of the Saanich website. Updating the technology and design of the municipal website is a key component of the communication program. With a focus on developing and strengthening community engagement, the next generation of the website will strive to improve the overall user experience and allow for increased interaction and information sharing. In 2014 technological upgrades will take place, followed in 2015 by a complete redesign of the website.

### Provide best value for money

#### a. Implement Business Technology. A comprehensive assessment of the information technology environment is vital to the development of long term plans for an integrated suite of software programs that support internal municipal processes. The objective of this two-year project is to ensure that technological capabilities meet desired business and organizational objectives well into the future. In addition to a review of current systems, consideration will be given to proposed new systems that promote asset management and achieve internal process efficiencies.

### Enhance use of information technology

a. Augment Information Technology Foundation. Service to the citizens of Saanich is enhanced when there are greater levels of communication and understanding among departments. Collaboration technologies are considered an important foundational piece to achieving improved communications. The technologies platform will include a new corporate intranet, document collaboration, messaging services and knowledge sharing. This multi-year project which commenced in 2013 with a high level needs assessment, will continue in phases from 2014 to 2018 during which various collaboration solutions will be selected and implemented.

b. Integrate and improve the management of electronic records.
 Implementation of the Document and Information Management Strategy will increase staff capacity, productivity, and knowledge retention and transfer.
 A key component of the strategy is to ensure that electronic records are managed effectively and efficiently using appropriate technologies.
 Beginning in 2016, this three-year phase of the project will focus on a restructure of the local area network and the implementation of a corporate electronic document management system.

*Owner:* Corporate Services *Measure:* Website upgraded *Target:* Q2 2016

OCP policy: 5.2.1.7, 5.2.1.8

Owner: Corporate Services Measure: Implementation completed Target: Q4 2019 OCP policy: 6.2.1

Owner: Legislative Services Measure: Implementation completed Target: Q4 2018 OCP policy: 6.2.1

The heart of service is people.

## District of Saanich Strategic Progress and Results

#### KEY STRATEGIES: CORPORATE THEMES

## Sustainable Environment

#### HIGHLIGHTS

- Replacement of the 65 year old Rithet reservoir is nearing completion. The new 17,600 cubic meter reservoir is seismically upgraded and able to serve as a temporary water source in the event of a major earthquake. It also serves as a key part of the water distribution system that supplies water to approximately 60,000 residents.
- Successful rollout of the Greener Garbage program. In the past 12 months since the launch, Saanich residents have recycled approximately 8,000 tonnes of compostable kitchen scraps, yard and garden waste. This effort has reduced greenhouse gas (tCO2e) emissions in the community by more than 2,000 tonnes.
- Adopted a concept plan for preserving the agricultural and environmental viability of Panama Flats. One of the first steps was to include the vast majority of the aquired land in the Agricultural Land Reserve (ALR) and secure its long-term cultivation.
- Received the 2014 Climate and Energy Action Award from the Community Energy Association in recognition of the District's effective use of fleet management strategies and the Saanich Carbon Fund to generate a 25% decrease in fleet-related greenhouse gas emissions.

#### CHALLENGES

- Demands associated with invasive species management continue. The protocols for operations are 75% complete. The Noxious Weed Bylaw review process is 70% complete and on track for completion in 2015.
- Juggling priorities and adjusting desired timelines will continue to be a reality in long range planning initiatives such as environmental protection and mitigation, community planning and Climate Change and sustainability.

#### LOOKING FORWARD

- Continued implementation of the Urban Forest Strategy will establish the comprehensive tree planning program.
- Continued implementation of the Invasive Species Management Strategy will include the revision to regulations and the provision of education and outreach for the management of noxious weeds.
- Implementation of key initiatives from the Climate Change Plans in 2015 will focus on developing and implementing a Building Energy Retrofit Strategy for residential buildings and municipal building energy upgrades identified in the 2014 Energy Studies.

#### STRATEGIC PROGRESS AND RESULTS

## ANNUAL INDICATOR RESULTS

2014 TARGET 8  $\overline{}$ Litres of potable water consumed (average per person/per day): 2012 - 320.1 2013 - 318.4 2014 - 323.2 (target <330)

## Waste diverted/ 2012 - 36.5% 2013 - 39.4%

generated per year (%): 2014 - 48.6% (target >42.8%)

Number of properties that qualify for farm tax status: 2012 - 406 2013 - 406 2014 - 402 (target >406)

tarms BELOW 2014 TARGET

Saanich is a model sustainable community and steward of the environment.

#### **INITIATIVES PROGRESS BY OBJECTIVE**

- PROTECTING AND ENHANCING AIR, WATER AND LAND QUALITY
- Progressed on the environmental viability of Panama Flats to secure its long-term cultivation for future generations.

The Agricultural Land Reserve (ALR) application to include 14.5 hectares has been submitted and a hydrology study is being finalized. A request for proposals to farm the land will be finalized once the study is complete. When development is complete, Panama Flats will support local food production, better manage storm water in the area, maintain wildlife habitat and improve recreational trail access and utility.

- · The Rithet reservoir supplies water to Broadmead, Blenkinsop Valley, Cordova Bay and part of Gordon Head and is one of the key elements of the Saanich water supply system. The new reservoir is designed to be integrated into the surrounding landscape, with features such as partial burial of the building, installation of green walls and the planting of native species.
- Implementation of the invasive species management strategy continued with the Noxious Weed Bylaw review process on track for completion in 2015.

· As part of the Urban Forest Strategy, the Tree Preservation Bylaw is now in effect and public education and outreach is ongoing. The associated operations manual is in the latter stages of preparation and work on the tree planning program is underway.

#### **PROVIDING BEST VALUE** FOR MONEY

• The Greener Garbage collection program extends the life of the Hartland landfill and turns a valuable resource into a useful product and reduces greenhouse gas emissions. Reducing emissions supports Saanich's community emissions reduction goal of 33% by the year 2020. Our kitchen scrap collection represents an outstanding 32 per cent diversion of waste from the Hartland landfill and when you take into account yard and garden waste, it has a huge impact on our sustainability.

#### KEY STRATEGIES: CORPORATE THEMES

## **Balanced Transportation**

#### HIGHLIGHTS

- Shelbourne Valley Action Plan addresses a comprehensive range of issues, including land use, housing, mobility, urban design and the natural environment. The draft plan, when reviewed by citizens received greater than 70% support in a public survey. A supplementary report on implementation funding and timelines is currently underway.
- Craigflower Bridge replacement was completed in 2014. The new bridge is structurally sound, environmentally friendly, aesthetically pleasing and safer for all users regardless of travel mode. Pedestrians and cyclists crossing the new bridge enjoy physical separation from vehicular traffic, a first in the region.
- Upgrades to the McKenzie Avenue corridor were completed in 2014 from Shelbourne Street to Finnerty Road in cooperation with the University of Victoria. Highlights of this project include new bike lanes, multi-use trails and over 200 new boulevard trees.

#### CHALLENGES

- Ensuring the effective and efficient delivery of the Tillicum-Carey-Glanford Complete Street Upgrade project. Due to the size and significance of the traffic impacts, making sure the project is on time and on budget is vital to the success of the project.
- Service levels for annual maintenance programs such as roadside sweeping, graffiti removal and litter control are stretched to meet public expectation.

#### LOOKING FORWARD

- Priority initiatives include the Glanford Mann intersection upgrade project. This project includes a new traffic signal as well as bike lanes, new sidewalks and turning lanes.
- Development of a strategic plan to protect or relocate Cordova Bay Road within Mount Douglas Park should include measures to reduce the rate of erosion at the toe of the slope, as well as to protect portions of the middle and upper slope sections below Cordova Bay Road. Options for eventual road relocation should be evaluated.

#### STRATEGIC PROGRESS AND RESULTS

### 2014 ANNUAL INDICATOR RESULTS

2014 TARGET EXCEEDED

New bike lanes (km): 2012 - **5.3** 2013 - **3.7** 2014 - **6.9** (target 3)

2014 TARGET EXCEEDED

#### INITIATIVES PROGRESS BY OBJECTIVE

- 2 FOSTERING LIVEABLE NEIGHBOURHOODS
- Continued the work to enhance pedestrian safety and mobility by drafting the initial updates to engineering specifications to accommodate projected population densities for pedestrian facilities.

#### C7 ENHANCING TRANSPORTATION ALTERNATIVES

- Postponed the planned work to promote alternative mobility options to enable Saanich staff to participate in similar overarching work being undertaken by the Capital Regional District (CRD). This will help to avoid duplication..
- Study terms of reference are being drafted for the interconnected and high quality cycling network initiative. Participation with the CRD and the Pedestrian and Cycling Master Plan Advisory Committee to seek project funding for cycling friendly infrastructure in Saanich is ongoing.
- The design and construction of the Cook Street "Complete Street" project includes 1.7 kilometres of new and upgraded sidewalks and raised cycle tracks. The project incorporates alternative stormwater management techniques such as new rain gardens. Renewal of the

underground infrastructure is also included in the project. Completion and road re-opening is estimated to be May, 2015. Key outcomes of this project are the promotion of alternative modes of transportation and alternatives to traditional stormwater management.

- The Shelbourne Valley Action Plan sets out a 30-year vision and identifies actions that will transform the Shelbourne Valley into an exceptional place to live, work and play. The plan was developed with extensive community input, with over 4,000 citizens participating in a variety of ways.
- Continued to support BC Transit initiatives involving the region and ensured Saanich interest were included in major projects designed to help maximize transit use opportunities.

#### F4 SUSTAINING COMMUNITY INFRASTRUCTURE

 The replacement Craigflower Bridge, in partnership with the Town of View Royal was completed on May 2, 2014. This was the biggest single public works project undertaken by Saanich in many decades. Unique aspects of the new structure include generous pedestrian areas and amenities for the fishers who frequent the bridge.
#### KEY STRATEGIES: CORPORATE THEMES

# Healthy Community

#### HIGHLIGHTS

- Started the Youth Development Strategy and Five year implementation plan.
- Completed the draft Shelbourne Valley Action Plan
- Improved playground and accessibility at Cadboro Gyro Park

#### CHALLENGES

- Demand and service expectations related to development applications and inspections
- · Increased utility costs in recreation facilities

#### LOOKING FORWARD

- Commencement of multi-year program to **update the 12 Local Area Plans**
- Completion of the Youth Development Strategy.
- Support for the Public Art Policy update.

#### INITIATIVES PROGRESS BY OBJECTIVE

STRENGTHENING THE PHYSICAL, SOCIAL AND CULTURAL PARTICIPATION OF CITIZENS

- Progressed on developing a new Youth Development Strategy. The focus of the strategy is the 11 to 18 year age group. Terms of reference and a request for proposals are underway, the process was designed to coincide with the 2014 - 2015 school year. Some delays have been due to the teacher's contract dispute. Completion has been deferred to Q3 2015.
- Completed development of the new **Age Friendly community programs** in partnership with health sector representatives. A senior's art program was developed with Aberdeen Hospital. Mutual interests resulted in a new program "Introduction to Seniors Community Kitchens" being offered to teach seniors skills to coordinate their own community connection with like-minded seniors and continuation of programs like Minds in Motion, Falls Prevention, and Community Kitchens.
- Began work implementing the key initiatives from the Heritage Action Plan. Focus in 2014 – 2015 has been placed on:
  - Creating an inventory of natural and cultural heritage resources;

#### STRATEGIC PROGRESS AND RESULTS

#### **11.4%** BELOW 2014 TARGET

Properties within 500m of multiple bus routes 2012 - **76.5%** 2013 - **76.5%** 2014 - **83.6%** (target >95%)

## 2014 ANNUAL INDICATOR RESULTS

Social and affordable housing units: 2012 - **5,647** 2013 - **5,640** 2014 - **5,643** (target >5,647)

SLIGHTLY BELOW 2014 TARGET

Properties within 500m of zoned parks 2012 - **97.5%** 2013 - **97.4%** 2014 - **98.4%** (target >98%)

2014 TARGET MET

Dwellings within 500m of a "Centre" or "Village": 2012 - **56.9%** 2013 - **58%** 2014 - **58.4%** (target >59%)

SLIGHTLY BELOW 2014 TARGET

- Updating heritage resources and procedural bylaws;
- Adopting minimum maintenance requirement for heritage properties;
- Creating a 2014 and ongoing program to engage Heritage Register participants.

#### C2 FOSTERING LIVEABLE NEIGHBOURHOODS

• Supported the development of affordable housing in the following ways:

- worked with Habitat for Humanity on the development of a four unit townhouse;

- Partnered with Victoria Cool Aid Society on a 45 unit supportive housing complex for at risk seniors;

- Grants from the Saanich Affordable Housing Fund were provided in support of Victoria Cool Aid's and St. Vincent de Paul's affordable housing projects in Saanich;

- Secondary suites in defined areas North of McKenzie were legalized as a land use in late 2014.

 Developed a Local Agriculture and Food Security Action Plan - Council unanimously approved the terms of reference for the creation of a Food Security Task Force. Potential candidates for the Task Force will be sought in early 2015 and brought forward for Council's consideration. A consultant will be hired to work with the Task Force and staff to produce a framework for Saanich to encourage and support local food production.

• Commenced a multi-year program to update the 12 Local Area Plans. Two workshops were held in 2014 with representatives from each Neighbourhood Association to discuss both traditional and new approaches to Local Area Planning and get feedback. One final meeting will be held with Neighbourhood Association representatives before bringing an options report to Council in early 2015 for review and consideration.

#### F4 SUSTAINING COMMUNITY INFRASTRUCTURE

• Planned for the use and management of newly acquired park land and open spaces in Panama Flats. A hydrological study was undertaken to help guide the detailed design and inform the farming expression of interest process. Final review of the hydrological study is underway. Mowing and tilling to control weeds and reduce odour occurred in early fall. Agricultural Land Commission applications submitted for Panama and Beckwith. Panama farming Expression Of Interest (EOI) still in process.

#### KEY STRATEGIES: CORPORATE THEMES

# Safe Community

#### HIGHLIGHTS

Police engagement initiatives amongst community, youth and seniors were a success:

- **Community engagement:** 16 new Block Watch neighbourhoods, 5 new participants to the Business Watch Program, and 3 new buildings to the Crime Free Multi Housing program were added.
- Youth engagement: Saanich collaborated with the Big Brothers and Big Sisters In-School Mentoring Program, a group at Reynolds Secondary, and afterschool teen centers.
- Senior engagement: Police attended 9 presentations to seniors groups, educating this vulnerable sector of the community on how to protect themselves against financially based frauds.
- Fire Department Open House: Over 500 people attended the Department's Open House on September 13, 2014 at Station No. 2 (Royal Oak).
- Saanich Command Vehicle: Received delivery of new state-of-the-art emergency command vehicle to enhance emergency response and communications. Deployment training and procedures prepared jointly with Police and Fire.

#### CHALLENGES

- **CREST upgrade:** CREST infrastructure is being renewed throughout the Capital Regional District. The cost of the renewal is being shared among all contributing agencies and will require significant additional funding within the fire and police budgets to replace the existing hardware and address operating costs.
- **Increased use of technology:** Increased use of technological solutions require ongoing maintenance, support and replacement.

#### LOOKING FORWARD

- Transportation safety improvements in high risk intersections - The Traffic Safety Unit worked with ICBC to reduce the frequency and severity of crashes by targeting locations that experience the highest volume and most severe crashes, and those that result in the greatest injuries.
- Increase municipal emergency management capabilities - Work with Police, Public Works and Corporate Services to develop and implement a strategy to provide timely public communications in a major emergency.

#### STRATEGIC PROGRESS AND RESULTS

 Migrate to dedicated public safety radio frequencies - Migrate to Industry Canada's dedicated public safety radio frequencies. Work collaboratively with Capital Region Emergency Services Telecom (CREST) to support a safe and effective transition to a Project 25 standard technology platform for emergency communications which will support all emergency communications for Saanich Fire, Police and its dispatch clients.

#### INITIATIVES PROGRESS BY OBJECTIVE

#### C6 ENHANCING PUBLIC SAFETY

- Continued to improve road safety: Conduct targeted enforcement pilot project with ICBC at high crash intersections where crashes are most violent:
- Blanshard at Cloverdale: 773.7 project hours, 466 violation tickets
   Blanshard at Saanich: 752.2 project hours, 442 violation tickets
   Burnside at Harriet: 517.8 project hours, 369 violation tickets
   McKenzie at Saanich: 208 project hours, 173 violation tickets
   Quadra at Tattersal:

271.5 project hours, 169 violation tickets

- **Conducted Corridor Enforcement** on 8 key thoroughfares leading to the top 20 crash sites in Saanich
- Targeted the top 20 crash sites to ensure an effective deployment of resources.
- Delivered emergency preparedness programs
   Delivered a variety of community emergency
   preparedness programs as planned. Copies
   of the Personal Preparedness Handbook
   have been printed and are now being
   distributed to Saanich NEPP workshop
   and presentation participants.
- Started the planned increased to municipal emergency communication capabilities.
- Five Key Theme areas identified and draft document presented to steering committee.

ms

Saanich is a safe community for all citizens.

#### KEY STRATEGIES: CORPORATE THEMES

## Vibrant, Connected Economy

#### HIGHLIGHTS

- Saanich ranked as the best place to live in British Columbia for 2014 – in the top three in BC for three years running – 2012 to 2014 (MoneySense www.moneysense.ca)
- At the core of the Regional Transportation Plan (RTP) is the identification of a Regional Multi-Modal Transportation Network that connects mobility hubs or centres and provides residents and visitors a choice in the transportation decisions. The RTP identifies immediate priorities, governance options and long term strategies to guide planning and development that meets future growth demands and is focused on sustainability.
- Infrastructure replacement capital spending in 2014 at \$30.3 million continued to move Saanich toward sustainable annual levels of infrastructure funding.

- 2010 \$18,615,700
- 2011 \$22,550,600
- 2012 \$27,382,600
- 2013 \$27,725,600
- 2014 \$30,279,300
- 2015 \$34,761,400

#### CHALLENGES

- The local economy is connected regionally and globally. The challenge is to play a part in building a vibrant, connected economy that is responsive to change and provides diverse and viable economic opportunities in a rapidly globalizing world.
- Being resilient in turbulent economic times is key.

#### LOOKING FORWARD

• Maintaining comparable taxes and fees within the Victoria Region.

#### STRATEGIC PROGRESS AND RESULTS

## ANNUAL INDICATOR RESULTS

Business licences issued: 2012 - 4,776 2013 - 4.640 2014 - 4,676 (target >4,750)

Business generated property tax revenue: 2014 - 22.2% (target >21)

2.2% ON TARGET

Value of commercial and industrial building permits: 2012 - \$36,348,000 2013 - \$19.821.000 2014 - \$16,678,000 (target >\$55,000,000)

#### INITIATIVES PROGRESS BY OBJECTIVE

- C5 SUPPORTING ECONOMIC DEVELOPMENT
- · The parking standards study for "Centres and Villages is rescheduled
- · Initial background work and research has been undertaken on the Douglas Corridor and Uptown Centre Planning Study Area. Community outreach commenced in 2015 and staff have continued to meet with City of Victoria staff to ensure a cohesive planning approach between communities.

#### ENHANCING TRANSPORTATION **ALTERNATIVES**

 Saanich completed participation with the Capital Regional District (CRD) on the Regional Transportation Plan (RTP) in 2014. The RTP builds upon existing mode specific plans such as the Transit Future Plan and the Pedestrian and Cycling Master Plan.

#### IMPLEMENT SUSTAINABILITY PRINCIPLES

**FROM 2013** 

• The work continued toward implementation of a sustainable purchasing program by 2018. The goal is to ensure that staff purchases quality products, services and works at competitive prices while considering key environmental

and social benefits over the entire life cycle of the product, service or work.

#### KEY STRATEGIES: CORPORATE THEMES

# Service Excellence

#### HIGHLIGHTS

• Progressed on the delivery of the next generation of the Saanich website. Updating the technology and design of the municipal website is a key component of the communication program.

- Proceeded as planned to integrate and improve the management of electronic records. This work is scheduled to begin in 2016 and will focus on a restructure of the local area network and the implementation of a corporate electronic document management system.
- Continued to strengthen the information technology foundation as planned.
   Based on the high level needs assessment conducted in 2013, time and resources need to be dedicated at the foundational level of the information technology infrastructure.
   Assessment has been completed and recommendations are being compiled for 2015.
- Conducted the local government elections, implementing increased voting opportunities, individual voter cards and new election technologies as outlined in the elections future strategy.

#### CHALLENGES

 Continued support and training for the Public Participation process to assist departments with their interactions and involvement with citizens.

#### LOOKING FORWARD

 Completion of the roll out of the corporate classification and retention schedule as a key component of the Document and Information Management Strategy.

#### STRATEGIC PROGRESS AND RESULTS

#### INITIATIVES PROGRESS BY OBJECTIVE

#### P1 CONTINUING COMMUNITY ENGAGEMENT

• The progress on the delivery of the next generation of the Saanich website continues. Atomic Crayon was the successful vendor selected from the request for proposal and work on the project implementation phase commenced on December 1, 2014. A staff team has been assembled with key individuals from each department who will assist the project sponsor team in leading and guiding the project. Completion is planned for Q2 of 2016.

#### P3 PROVING BEST VALUE FOR MONEY

 Continued assessment of enterprise resource planning alternatives was undertaken in 2014 for four major corporate software products: Class, JDEwards, Tempest and ePersonality. It has been determined that focus will be placed on the Financial System (JDEdwards) for a review and upgrade starting in 2015. Recreation Program Scheduling (Class) will be the focus in 2016. The Tax and Land software (Tempest) does not require reassessment at this time and Human Resource Information System (ePersonality) will be updated during the JDEdwards upgrade dependant on the decisions made regarding payroll.

#### 2 ENHANCING THE USE OF INFORMATION TECHNOLOGY

 The work continued to strengthen the information technology foundation as planned. Based on the high level needs assessment conducted in 2013, time and resources need to be dedicated at the foundational level of the information technology infrastructure. These enhancements will not only protect our assets but will assist us in meeting our asset replacement strategy. These upgrades will also facilitate document collaboration, messaging services and knowledge sharing which will increase efficiency and allow a greater level of communication.

• Work to integrate and improve the management of electronic records proceeded as planned. This work is scheduled to begin in 2016 and will focus on the restructure of the local area network and the implementation of a corporate electronic document management system.

#### SELECTED HIGHLIGHTS

PROGRESS RESULTS

# **Climate Action**

2014 Climate and Energy Action Award (Honorable Mention)

Building energy studies for largest municipal buildings completed

(tCO2e) emissions: 2007-5.446 2014 - 4,778

Region's first bike kitchen on the CRD **Regional Trail** 

Greener Garbage kitchen scraps collected nearly 4.000 tonnes

Removal of municipal heating oil tanks reduced GHG emissions by 66 tonnes

#### **HIGHLIGHTS**

• A new pooled electric vehicle (EV) fleet implemented at the Municipal Hall in 2014, maximizing the use of EVs to reduce fleet emissions by 10 tonnes of greenhouse gas (GHG) over the past year. Overall, EVs have helped reduce annual emissions by 20 tonnes.

Started March 1, 2014 with four EVs and three Hybrids, staff were very supportive of the new system. EVs account for 79% of vehicle trips and Hybrid vehicles account for 21%. As part of the regular vehicle replacement program, new EVs are scheduled to be added to the pooled fleet and at Parks, bringing the total number of Saanich EVs to 8. Staff have embraced the new system, as they now get to see the value of an EV first hand.

- Received the 2014 Climate and Energy Action Award (Honorable Mention) from the Community Energy Association in recognition of the District's effective use of fleet management strategies that have resulted in a 25% decrease in annual fleet-related greenhouse gas emissions.
- The new Greener Garbage kitchen scraps collection has reduced community carbon emissions by nearly 4,000 tonnes of GHG in the first year through the diversion of approximately 8,000 tonnes of compostable kitchen scraps, yard and garden waste.

- Completion of building energy studies for Saanich's largest municipal buildings which has identified mechanical and lighting opportunities to improve energy efficiency and reduce greenhouse gas emissions.
- · The removal of heating oil tanks from Saanichowned properties has resulted in a GHG reduction of 66 tonnes and reduced the potential for spills. Newer heating systems including air source heat pumps were installed in 10 of the 12 properties. The two remaining tans are on properties that required building infrastructure decisions.
- Installation of the Region's first bike kitchen on the CRD Regional Trail, this repair station was extremely popular with residents. More stations are planned for 2015!

#### CHALLENGES

· Reducing the carbon emissions in our community continues to be a significant challenge. Changes to our active transportation network will start to show in the long-term, however there are opportunities to improve the energy efficiency of our residential and commercial buildings.

#### LOOKING FORWARD

- To address this key challenge, an initiative in 2015 will be the development and implementation of a Community Building Energy Retrofit Strategy for residential buildings and municipal building energy upgrades identified in the 2014 Energy Studies. This will be supported with a new "energy coaching" program to help residents make informed decisions about home energy efficiency investments.
- The District of Saanich, Uptown, the Province of British Columbia, and the Government of Canada have partnered to install the Capital Region's first electric vehicle direct current (DC) fast-charging station. The provides a premium service that charges an electric car up to 80 per cent in 30 minutes and helps build the electric highway on Vancouver Island.
- Communities in Harvest workshops return for a third year in 2015. The workshop series educates, supports and engages residents in backyard food growing with the goal of enhancing food security in our community. This year's workshops focus on preservation techniques including canning, dehydrating and freezing.

#### SUCCESS STORY

This year, two Saanich employees, Ben and Paul from the Saanich Engineering and Public Works Department came up with a solution to the problem of truck idling: rooftop solar panels.

This work van used to idle for long periods of time in order to run small electronic equipment. Now the solar panels charge a battery that will power the tools with the van off. *Nice work!*

Increase community solid waste diversion	48.6%	

#### SELECTED HIGHLIGHTS

# **Public Participation**

In 2014 when Saanich implemented our Public Participation Policy, it was based on the understanding that the community, as a whole, benefits when there is a strong working partnership between citizens, Council and staff. The more informed and involved citizens and community groups are, the better able we are to build the community we all want.

# District of Saanich Municipal Services and Operations

The following brief statements of departmental operations for 2014 are presented in accordance with the Community Charter Section 98 requirements.

#### MUNICIPAL SERVICES AND OPERATIONS:

## **Corporate Services**

The Corporate Services department is comprised of four distinct areas: Communication, Human Resources, Information Technology and Occupational Health and Safety.

**The Communications Section** provides support for internal and external communications. This support includes the Saanich website(s), intranet, social media, print publications and public participation activities. The Section also provides customer service and information to the general public and Saanich staff through the Municipal Hall reception desk.

#### Departmental Initiatives in 2014

51

- Planned: 51
- Completed: 30
- Rescheduled: 19
- Cancelled: 2

**The Human Resources Division** provides support to a work force of approximately 1,600 employees. The Division provides a full range of Human Resources services to managers, employees and the public. The Division provides a full range of Human Resources services to managers, employees and the public. These include; recruitment and selection, job evaluation, learning and development, employee recognition, pension counseling, wellness management, support for succession planning initiatives and employee and labour relations, and records management. The Division supports managers and employees to meet operational demands and to achieve their strategic goals.

**The Information Technology Division** provides computer and technology to nine different locations. The Information Technology Division operates a Helpdesk for staff queries, conducts technology training courses, assesses new products and upgrades existing corporate applications. Network Services operates a geographical dispersed integrated data and voice network with secure access to the internet. The Saanich website is maintained in conjunction with a group of departmental web authors throughout the organization.

The Occupational Health and Safety Division provides a comprehensive corporate safety program that meets the Certification of Recognition standards of the Worksafe BC program. This program includes safety prevention support for all employees of the municipality and return to work support for injured employees.

## Corporate Services Key 2014 Accomplishments

- Refreshed the Visual Identity Program and completed employee training
- Completion of the internal Public Participation Toolkit and associated staff training
- Introduction of and conversations with citizens
   on the Public Participation Handbook
- Worked with Police and Fire to develop recommendations to develop capacity and to provide timely public communication in the event of a major emergency
- Successfully promoted employee participation in Saanich wellness opportunities and in wellness programs offered through Health Care Professionals in British Columbia

- Facilitated a Health Fair at the Parks and Public Works Yard where 50 employees attended
- Conducted a joint employer and union review of the application of the CUPE Job Evaluation Plan
- Replaced 500 computers throughout the organization and upgraded all users to Windows 7 and Microsoft Office 2013
- Completed the training initiative on compliance with WorkSafe BC's prime contractor responsibilities
- Successful completion of both an internal and external audit to achieve WorkSafe certificate of recognition in safety (prevention) and in disability management
- Completed the asbestos inventory of high priority Saanich facilities

## Corporate Services Activity Levels

	2013 Actual	2014 Estimate	2014 Actual
Emergency information working group sessions held	New	6	4
Job postings advertised	163	160	168
Training sessions scheduled	76	84	60
Number of employees attending internal training opportunities	796	500	782

#### MUNICIPAL SERVICES AND OPERATIONS:

## Engineering

The Engineering Department is responsible for all municipal infrastructures, which include roads, water, sewers, drains, street and traffic lights, and municipal facilities.

The Department is comprised of three divisions: **Engineering Design**, **Development and Facility Operations**, and **Public Works**.

#### Departmental Initiatives in 2014

- Planned: 33
- Completed: 20
- Rescheduled: 12
- Cancelled: 1

The **Engineering Design Division**, comprising of Transportation and Underground Services, is responsible for coordinating the design, rehabilitation, improvement and reconstruction of all municipal infrastructure and facilities. To help build community awareness and understanding, Engineering also co-ordinates a public information process that occurs during the development of a project.

The **Development and Facilities Division** are responsible for the processing, approving and inspecting all works installed by private developers that become municipal property, and the construction and safe and efficient operation of a number of municipal facilities.

The **Public Works Division** is responsible for the maintenance and repair of roads, bridges, traffic signals, streetlights, street signs, sidewalks, bus shelter maintenance, residential refuse collection, leaf pick up, roadside litter control, garden waste drop off and disposal, storm drainage, creeks and waterways maintenance, wastewater collection including sewer lift station maintenance, water main and service repair and replacement, hydrant, valve and meter maintenance, water sample collection and testing, and the maintenance of six finished water reservoirs and 30 pressure regulating stations. Management of materials in our Stores section, Fleet services, and Administration round out the Public Works functional responsibility.

## Engineering Key 2014 Accomplishments

#### **Engineering Design -- Transportation**

- The replacement of the 80 year old Craigflower Bridge over the Gorge waterway was completed in 2014. The 20 span timber trestle was replaced with a modern 4 span steel and concrete structure designed to last 75 years and survive a major earthquake. Carrying 18,000 vehicles per day including 2,000 trucks, the new bridge includes bike lanes, widened sidewalks, LED lighting, storm water management, and many traffic safety improvements.
- Upgrades to the McKenzie Avenue corridor were completed in 2014 from Shelbourne Street to Finnerty Road in cooperation with the University of Victoria's CARSA Building Construction.

Highlights of this project include 4.2km of new bike lanes and multi-use trails, replacement of the traffic signal at Finnerty and Sinclair with a roundabout, storm water management, and planting of over 200 new boulevard trees.

 Construction was initiated on the Cook Street Complete Street Project which is expected to be completed in the spring of 2015. This project includes 1.7km of new sidewalks and cycle track along with storm water management, new underground municipal utilities and various traffic safety improvements. The project will provide a key cycling connection between the cycling network in the City of Victoria and the Saanich Core Area.

Rescheduled

Completed

Cancelled

#### Engineering Design – Underground Services

- Replacement of the 65 year old Rithet Reservoir is expected to be completed in April, 2015. The new 17,600 cubic meter reservoir will be seismically upgraded and able to serve as a temporary water source in the event of a major earthquake. It also serves as a key part of the water distribution system that supplies drinking water to approximately 60,000 residents. The new reservoir is designed to be integrated into the surrounding landscape, with features such as partial burial of the building, installation of green walls and planting of native species.
- In the fall of 2012 and 2013, farmers along Durrell Creek experienced extended high water levels in the creek which impacted their harvesting. Excessive sedimentation and vegetation growth downstream of Interurban Road were identified as the cause of the high water levels. Last summer this portion of Durrell Creek was successfully cleaned by Saanich crews during the Fisheries window.

#### **Engineering Development Services**

- Continued to process, review, approve and inspect development projects, utility improvements and a variety of permits.
- Continued to update the GIS and to provide information to staff and the public on our infrastructure.

#### Engineering Facility Operations

- Worked with the Fire Department on renovations to Fire Hall 3 and reconstruction of the parking at Fire Hall 1.
- Retained consultants for Gordon Head Recreation Centre envelope remediation, Pearkes Community Centre roof replacement, and HVAC replacement at various facilities.
- Installed additional Electric Vehicle charging stations for municipal vehicles at the Annex.
- Worked with Gordon Head Recreation Centre and Pearkes Community Centre on visioning and costing for replacement of the original pool and ice rink.

#### **Engineering Public Works**

- Successful rollout of Residential Curbside Refuse and Organics Collection program.
- Continued enhancements of creek and waterway cleaning and spill response program.
- Completion of the Departmental Operations Centre Response Plan.
- Implementation of Fleet Automatic Vehicle Location (AVL) program for over 170 municipal vehicles.

Engineering Activity Levels		20	)14

54

#### MUNICIPAL SERVICES AND OPERATIONS:

## Finance

4

The Finance department is responsible for the overall management of the financial affairs of the municipality.

The Accounting and Audit Section provides accounting and auditing services for over \$240 million in annual expenses and revenues; cash management of up to \$190 million in investments to maximize returns and provide additional income to both operating and reserve funds; accounts payable processing of over 9,500 cheque payments and 36,000 invoices annually; coordination of the production of five different payroll groups paid on a bi-weekly basis and benefits record maintenance for over 1,700 staff.

The Revenue Services Section processes all revenues including property taxes, utility bills, dog licenses, business licenses and recreation programs. Over 105, 000 utility bills, 42,500 tax notices and 4,600 business licenses are processed annually. This section also manages a pre-approved installment tax payment system and a web based online payment system.

The Financial Services Division provides a complete range of purchasing services to all departments. Over 300 quotations, tenders and requests for proposals totaling \$30 million dollars are managed and processed a year. This section also coordinates the annual budgeting process and financial policy development.

## Finance Activity Levels

	2013 Actual	2014 Estimate	2014 Actual
Pieces of mail handled	162,536	170,000	241,964
Photocopies produced in the print shop	408,380	400,000	442,103
Cash managed (in millions)	185	190	213

Electronic home owner grants processed	12,995	13,000	14,164
Number of tax deferments processed	2,313	2,300	2,352
Utility bills produced	105,000	105,000	116,100
Number of quotations, tenders, RFPs processed	303	300	290

## Finance Key 2014 Accomplishments

- GFOA Financial Reporting Award received.
- GFOA Distinguished Budget
   Presentation Award received.

- Implementation of the new billing model for garbage charges for over 34,000 residents.
- Purchasing process improvements.

#### MUNICIPAL SERVICES AND OPERATIONS:

Fire

The Saanich Fire Department provides high quality, efficient and caring emergency response, fire prevention and life-safety education services to the District of Saanich.

Saanich Fire responds to a range of emergency incidents including fire suppression, medical response, vehicle extrication, land and marine rescue, mutual aid requests, hazardous materials incidents and requests for public service.

#### Departmental Initiatives in 2014

16

- Planned: 16
- Completed: 7
- Rescheduled: 9Cancelled: 0

The department also provides fire safety inspections, public education, fire apparatus, mechanical and high angle rescue services. Fire dispatch services, including emergency and non-emergency call receiving, processing and dispatching are provided to seven client municipalities. The department employs 121.5 uniformed personnel and 7 support staff working out of three fire stations.

The Saanich Fire Department is responsible for administration of Saanich's Emergency Program. The program provides for continuity in government and preservation of life and property through a coordinated response by elected officials, municipal departments, volunteer services and outside agencies who are able to assist during a major emergency or disaster.

The Deputy Fire Chief is the Emergency Program Coordinator and is responsible for maintaining Saanich's emergency plan and ensuring key municipal staff and departments are trained in emergency preparedness practices and ready to respond should a major emergency or disaster unfold.

Complementing the Emergency Program and Saanich's emergency response and recovery capacity are more than 180 municipal staff trained in Emergency Operations Centre (EOC) response procedures. There are also 109 Emergency Program volunteers in three emergency response divisions. Services provided to the community by Emergency Program volunteers include emergency social services, search and rescue, emergency communications, and neighbourhood emergency preparedness.

### Fire Activity Levels

	2013 Actual	2014 Estimate	2014 Actual
Incident responses	4,095	4,300	4,171
Emergency incident responses	3,406	3,200	3,420
Total dollar fire loss (estimated)	\$2,507,965	\$2,225,000	\$3,005,400
Public building inspections	3,192	3,250	2,982
Number of incidents dispatched (Saanich Fire & clients)	10,534	9,000	11,100
Number of fire related injuries	15	6	8
Number of dispatch clients	7	7	7
Public education including Learn Not to Burn Program: Events/activities Attendees	145 6,741	100 7,600	77 10,758

- **Suppression/Rescue:** 3,420 incidents for fire, medical, motor vehicle incidents, marine, hazardous materials and technical rescues where 90% of the time the first apparatus arrived within 8 minutes of the request for service
- Fire Inspections: 2,982 public building inspections completed, 540 pre-fire and new construction plans reviewed and 500 oil burner and tank inspections carried out.
- **Community Safety:** Fire Department staff installed 52 smoke alarms for residents requesting assistance as part of the department's ongoing public safety program to have a working smoke alarm in every home.
- **Public Education:** 77 fire and life-safety programs provided to more than 10,750 participants of all ages (i.e. Learn Not to Burn).
- **Community Outreach:** Suppression/Rescue attended 31 community events and provided 52 fire station tours attended by 1,800 participants.
- Saanich Command Vehicle: Received delivery of new state-of-the-art emergency command vehicle to enhance emergency response and communications. Deployment training and procedures prepared jointly with Police and Fire.
- Joint Fire/Police Investigation Protocol: Collaboratively established guidelines for callout of Fire and Police investigators for suspicious fires and explosions.
- Fire Department Open House: Over 500 people attended the Department's Open House on September 13, 2014 at Station No. 2 (Royal Oak) which included tours of the Saanich Command Vehicle, an impressive kitchen fire demonstration as well as a variety of information and apparatus displays.

## Fire Key 2014 Accomplishments

- Fire Fighter Recruitment: Completed a four month, eight stage recruitment competition, selection and training process. Eight fire fighters were hired, oriented and trained to fill positions resulting from retirements and Suppression/Rescue staffing changes.
- **Oil Tank Bylaw Update:** To further reduce the risk of accidental oil spills and contamination from oil fuel tanks, Oil Burning Equipment and Flammable Liquid and Combustible Liquid Fuel Tank Bylaw No. 9265, was revised to include more stringent requirements regarding the installation, removal and inspection of oil burning equipment and fuel tanks.
- Fire Station Renovations: Plans have been developed for No. 3 Fire Station improvements to sustain Fire infrastructure and accommodate workplace and staffing requirements.
- Respectful Workplace: Revised policy implemented which included eight information sessions provided to members in partnership with Human Resources and IAFF Local 967. Policies developed and implemented to support mixed gender in all workplaces; additional fire station improvements are required to support a mixed gender environment.
- Internal Communication: Improved department communications and information sharing through implementation of Fire intranet site.
- Emergency Management Training: 180 municipal staff provided with Emergency Operations Centre and/or Incident Command System training.
- **Community Engagement and Education:** A total of 68 community presentations were provided to 2,027 citizens, including 29 emergency preparedness presentations to 936 Saanich Grade 4 students, 25 Neighbourhood Emergency Preparedness presentations attended by 580 citizens and 14 presentations to 511 businesses, community groups and associations.
- **Community Outreach:** Emergency Program staff and volunteers attended 10 community events and information sessions in Saanich.
- Emergency Program Specialist: Increased emergency program capacity in areas of volunteer management and emergency planning and response capabilities through restructuring of staff positions.
- Search and Rescue Vehicle: Replaced primary Search and Rescue (SAR) vehicle to support safe and reliable SAR responses for volunteers.
- Emergency Operations Centre (EOC) Technology: Upgraded audio/visual and communications technology in the EOC to support training and EOC activations.

#### MUNICIPAL SERVICES AND OPERATIONS:

## Legislative Services

The Legislative Services Department comprises the Lands, Legal, Legislative, and Risk Management Divisions, and the Archives and Strategic Planning Sections.

The Department provides a diverse variety of external and internal customer services.

**The Lands Division** acquires, manages, and disposes of real property on behalf of the Municipality. The Division negotiates, prepares and registers Municipal rights-ofway, and supports the subdivision process. The Division manages the rental housing stock and the Mt. Douglas and Mt. Tolmie communication facilities.

Departmental Initiatives in 2014

- Planned: 77
  Completed: 68
- Rescheduled: 8
- Cancelled: 1

**The Legal Division** provides legal services to the Municipality and is responsible for providing advice to Council and staff, preparing legal documents, negotiating contracts, managing legal proceedings, and representing the municipality on treaty advisory claims. The Division works closely with the Risk Management Division to manage and settle claims, and the Lands Division to complete real property acquisitions and dispositions.

**The Legislative Division** is responsible for corporate administration, and provides management, information and support services for Council, its advisory committees, and the Board of Variance. The Division administers the Freedom of Information and Protection of Privacy legislation and oversees the corporate records management program. The Division also conducts the local government elections, referenda, and elector approval processes.

**The Archives Section** as part of the Legislative Division collects and preserves the documentary heritage of Saanich and makes this information available through public reference room services, website resources, and public outreach.

**The Risk Management Division** promotes policies and procedures designed to prevent incidents causing loss. The Division is also responsible for managing an insurance program that sustains the Municipality's ability to deliver services to the community. The Division receives, investigates and adjusts claims filed by citizens or businesses and assists with recovery of costs when the Municipality suffers a loss as a result of a third party.

**The Strategic Planning Section** manages and supports the strategic planning and progress reporting processes, providing corporate advice and coordination on reporting for the past year, implementation in the current year, and planning for future years. The Section also undertakes other corporate initiatives such as the citizen and business surveys which provide feedback to help guide corporate decision making.

## Legislative Services Key 2014 Accomplishments

- Acquired lands for capital infrastructure projects such as the future Wilkinson Road upgrade, and for parks and natural areas expansion including Kings Pond Park and Lambrick Park.
- Conducted the local government elections, implementing the following components of the elections future strategy: increased voting opportunities; individual voter cards; new election technologies.
- Continued work on the multi-year initiative "Saanich Remembers World War One", to commemorate the men and women of Saanich who served in the First World War.
- Held a construction risk management workshop for engineering, public works, and parks employees.

Completed

#### MUNICIPAL SERVICES AND OPERATIONS:

## Parks and Recreation

The Parks and Recreation Department promotes active, healthy living through the effective provision of a wide range of programs, services and facilities.

> It also promotes the engagement of community members in a variety of arts, special events, cultural, social and environmental activities to encourage strong community connections. The Department is comprised of two Divisions that plan and manage a number of municipal services.

- Rescheduled: 14
- Cancelled: 0

Saanich Parks has something for everyone – oceans, beaches, creeks, lakes, meadows, forests, playgrounds, multi-use trails and sports fields. With over 168 parks covering more than 800 hectares, Saanich parks are unique for their ecological diversity and leisure opportunities. **The Parks Division** encompasses parks administration; park planning and design; construction and maintenance; urban forestry, horticulture and natural areas management.

**The Recreation Division** is comprised of four Recreation Centres, Community Services, the Cedar Hill Golf Course, and recreation administration. Features vary from Centre to Centre and include: aquatic facilities; arenas; fitness studios; gymnasiums; youth activity centres; art studios; indoor tennis courts; food services and a variety of multipurpose program space. The Community Services section provides many arts, cultural and community special events, programming specifically designed for youth and seniors and hundreds of affordable community programs that are enjoyed by people of all ages. The Cedar Hill Golf Course is a picturesque 5100 yard, 18 hole public golf course open year round for the recreational to experienced golfer. Services include: a fully stocked Pro Shop with a "warm up" range and Canadian Professional Golf Association (CPGA) golf instruction; licensed light snack and beverage service and banquet and meeting services.

### Parks and Recreation Key 2014 Accomplishments

#### Parks

- Adoption and implementation of the Tree Protection Bylaw No. 9272
- Concept Plan for Panama Flats Approved
- Playground and accessibility improvements at Cadboro Gyro Park completed
- Completed additional Interpretive Sign installations including two signs at Falaise Park, two signs at Mount Douglas Park, and a unique 40m long interpretive sign along the boardwalk handrail of the Colquitz River Trail.

#### Recreation

 Started the Youth Development Strategy and Five year Implementation Plan • Supported families by providing safe, quality care during school closure periods

Completed

Rescheduled

nallan

- Replaced flooring around the rink and in the change rooms of Gold Arena at Pearkes
- Underwater lights in Gordon Head Pool replaced; 50% less energy consumption expected
- Supported regional "Healthy Kids R Us" initiative - a Community Plan H grant project

#### Golf

- Drainage work undertaken on holes 1, 2, 9, 15
- Small increase in green fee rounds
- Banquet service marketing materials created and distributed

#### MUNICIPAL SERVICES AND OPERATIONS:

## Planning

The Planning Department is comprised of five Divisions: Community Planning; Current Planning; Environmental Services; Sustainability and Climate Change; and Building Inspections and Bylaw Enforcement.

These Divisions manage all activities and applications relating to long range and current planning, subdivision review, building construction, environmental protection, and climate change mitigation & adaptation. The Bylaw Enforcement Section responds to customer complaints and enquiries, and conducts investigations regarding alleged bylaw violations.

#### Departmental Initiatives in 2014

47

- Planned: 47
- Completed: 33
- Rescheduled: 14Cancelled: 0

### Planning Key 2014 Accomplishments

- Completed the secondary suites initiative North of McKenzie Avenue, resulting in a significant expansion of the areas within Saanich where suites are permitted. Suites play a key role in stabilizing Saanich's and the Region's affordable rental housing stock. Such units can provide supportive housing for friends/extended family members in need of care or assistance. Suites also work to make a home purchase by young couples/families, and home retention by aging seniors, relatively more affordable.
- Implemented an energy management program into Saanich building operations. This involved development of a Strategic Energy Management Plan (SEMP), completion of energy studies for the municipal recreation centres and Saanich Municipal Hall and development of a 2015 energy efficiency implementation plan. Estimated improvements include: Energy and maintenance cost savings of \$250,000 per year; and Building energy savings of 1.3 Million ekWh (4% of total building energy use).
- Completed the Draft Shelbourne Valley Action Plan, which is currently before Council for review and consideration. Once finalized this document will assist the public, landowners, Council, staff and other stakeholders in achieving short, mid and long range goals and objectives for this transit oriented - complete community.
- Held Planning "101 Workshops" and general discussions with Community Associations. The goal of these annual or bi-annual meetings is to:

Completed

• The public participation phase related to the development of a new Noxious Weeds Bylaw was completed. This involved over a year of displays, open houses, focus groups, and a survey. In addition, an online compendium of environmental Best Management Practices for staff use, an electronic referral system, and training for staff was also undertaken.

INITIATIV

FS

Rescheduled

Cancelled

- A new Building and Plumbing Bylaw was drafted. The existing bylaw was adopted in 2005. Since then two updates to the BC Building Code have taken place. The new Building and Plumbing Bylaw will update a number of administrative procedures and align it with the requirements of the current version of the BC Code. The proposed revisions to the Bylaw will be brought forward to Council for review and consideration early in 2015.
- Saanich Planning staff in conjunction with the City of Victoria staff, participated in the Capital Regional District study regarding sea-level rise and potential impacts. The study has provided valuable mapping noting vulnerable areas and potential economic consequences. The project also provides the necessary background information to support development of future policy and land use regulations related to mitigation.

## Planning Activity Levels

Planning Activity Levels		20	12
	2013 Actual	2014 Estimate	2014 Actual
Zoning applications processed	15	20	16
Development permit applications processed	24	30	15
Development permit applications processed	25	35	30
Subdivision applications	15	30	22
Building permits issued	645	800	701
Plumbing permits issued	755	800	737
Inspections conducted	6,083	6,500	6,263
Bylaw complaints processed	3.347	2,500	2,363

#### MUNICIPAL SERVICES AND OPERATIONS:

Police

The Mission of the Saanich Police is to provide quality service by working with the community to keep Saanich Safe.

The police department consists of the Office of the Chief Constable overseeing the following divisions: Administration, Community Engagement, Detectives, Patrol, Professional Standards, and Staff Development.

The Saanich Police Strategic Plan provides direction and assists in decisionmaking processes, as well as resource acquisition and allocation. It reinforces the strong community-focused traditions of the Saanich Police.

Increased staff, the introduction of advanced technology, improved facilities, organizational restructuring, and engagement in activities that have balanced pro-active and reactive policing strategies have made a positive impact on community safety and policing effectiveness.

Continued, planned and incremental improvements in these areas will allow the Saanich Police to sustain and enhance the level of service the community currently enjoys in the face of increased demands and societal changes.

## Police Key 2014 Accomplishments

- In 2014, management, staff, and the Police Board developed a restructuring strategy that would allow for continued work toward the Strategic Plan key strategic priorities. The restructuring plan leverages resources assigned to the Regional Crime Unit, both staff and financial, and reallocates them to other roles and functions.
- Engagement initiatives amongst community, youth and seniors were a success in 2014:
  - **Community engagement:** 16 new Block Watch neighbourhoods, 5 new participants to the Business Watch Program, and 3 new buildings to the Crime Free Multi Housing program were added.
  - Youth engagement: Saanich Police collaborated with the Big Brothers and Big Sisters In-School Mentoring Program, a group at Reynolds Secondary, and after-school teen centers. Further relationships were established with community partners in the Criminal Youth Justice System, School Districts, and Ministry of Child and Family Development. Two newly appointed Youth Officers in the School Liaison Section will continue to foster these relationships in 2015 by focusing on identifying youths at risk, developing strategies and identifying resources to assist youths.
  - Senior engagement: Police and senior interactions were increased through the addition of senior centre engagement by School Liaison Officers. Furthermore, the Crime Prevention Constable and Sergeant attended 9 presentations to seniors groups, educating this vulnerable sector of the community on how to protect themselves against financially based frauds.

- Saanich Police Department has endeavoured to become a more inclusive and culturally welcoming environment by providing a variety of multilingual brochures at the front counter of the police department. These efforts have been strengthened through Saanich Police participation on the Greater Victoria Police Diversity Advisory Committee, and exceptional representation from Saanich Police and mascot "Ace" at a number of diversity and cultural events in 2014.
- Saanich Police continues to develop capacity in emergency disaster response as they move toward creating a holistic response to disaster in our community. Saanich Police has a presence at the Regional Emergency Planners Advisory Commission (REPAC), attended by a member presently completing graduate education in disaster and emergency management. Working closely with Saanich Fire Department, evacuation plans and Departmental Operations Centre (DOC) plans are slated for completion in 2015.
- In response to increased demands for the services, the Family Protection Unit (FPU) expanded from 4 to 5 personnel in 2014. This staffing level increase was achieved through realignment in order to increase capacity, improve service delivery, and better serve the community.
- A business process review was conducted over the last year in the Administrative Division resulting in the reallocation of personnel in the records section and improvements in the criminal records check process.

# District of Saanich Financial Section

2014 Financial Statements

The Corporation of the **District of Saanich** British Columbia

Fiscal year ended December 31, 2014

Prepared by: District of Saanich Finance Department

## Report from the Director of Finance

May 11, 2015

Mayor and Council District of Saanich

Your Worship and Members of Council,

I am pleased to present the financial statements for the fiscal year ending December 31, 2014 pursuant to Section 98 of the Community Charter Act.

These statements have been prepared in accordance with generally accepted accounting principles and the recommendations of the Public Sector Accounting Board (PSAB) of the Institute of Chartered Accountants and the Provincial Ministry of Community, Sport & Cultural Development.

The District maintains a system of internal accounting controls designed to safeguard the assets of the corporation and provide reliable financial information. We verify and test these systems on a regular basis through the use and review of the internal controls.

The audit firm of KPMG was appointed by Council and is responsible for expressing an opinion as to whether the financial statements, prepared by the District's management, fairly present the financial position of the District of Saanich and the results of its 2014 operations.

In 2014, Saanich's financial position continued to strengthen. Investment in tangible capital assets such as lands, parks infrastructure, roads and sidewalks increased by \$17.3 million. Total reserves increased by \$7.6 million, while operating and capital funds surpluses combined, decreased by \$1.8 million. These results strengthened Saanich's overall financial position by \$23.1 million.

Revenue increases for 2014 included user charges (\$3.8 million), taxation (\$3.8 million) and sales of services (\$1.0 million). The decrease in total revenue for 2014 (\$1.5 million) was due to nonrecurring land sale proceeds (5.9 million) which was reported under revenue from own sources and developer contributions (\$6.1 million) in 2013. Expenses increased by \$13.4 million. The increases are attributable to protective services, general government, and the capital program. This reflects the District's commitment to the strategic priorities of safe community, service excellence, and infrastructure replacement.

Saanich's prudent approach to financial management is reflected in the increasing financial assets level, low long term debt, and level of reserves.

Respectfully submitted,

money

Valla Tinney Director of Finance

#### MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

The accompanying financial statements of The Corporation of the District of Saanich (the "Corporation") are the responsibility of the Corporation's management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting standards for local governments established by the Public Sector Accounting Board of the Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in Note 1 to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Corporation's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Municipal Council, acting through its Finance, Audit and Personnel Committee, meets with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The financial statements have been audited by KPMG LLP, independent external auditors appointed by the Corporation. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Corporation's financial statements.

### **INDEPENDENT AUDITORS' REPORT**

To the Mayor and Councillors of the Corporation of the District of Saanich

We have audited the accompanying financial statements of The Corporation of the District of Saanich, which comprise the statement of financial position as at December 31, 2014, the statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of The Corporation of the District of Saanich as at December 31, 2014, and its results of operations, it changes in net financial assets and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

The accompanying notes are an integral part of these financial statements.

### NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

The Corporation of the District of Saanich (the "Corporation") is incorporated and operates under the provisions of the British Columbia Local Government Act and the Community Charter of British Columbia. The Corporation's principle activities include the provision of local government services to residents of the incorporated area. These include protective, parks, recreation, transportation, drainage, water and sewer.

### 1. Significant accounting policies:

The financial statements of the Corporation are prepared by management in accordance with Canadian generally accepted accounting principles for local governments, as prescribed by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the Corporation are as follows:

a) Reporting entity:

The financial statements include the combination of all the assets, liabilities, accumulated surplus, revenues and expenses of all the activities and funds of the Corporation. The Corporation does not control any significant external entities and accordingly, no entities have been consolidated in the financial statements. Inter-departmental balances and significant organizational transactions have been eliminated. The Corporation does not administer any trust activities on behalf of external parties.

b) Basis of accounting:

The Corporation follows the accrual method of accounting for revenues and expenses. Revenues are recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

c) Cash and cash equivalents:

Cash and cash equivalents are comprised of cash on hand, demand deposits, and short-term highly liquid investments with a maturity date of less than 3 months subsequent to year end that are readily converted to known amounts of cash and which are subject to an insignificant risk of change in value. Cash equivalents also include investments in Municipal Finance Authority of British Columbia Money Market Funds which are recorded at cost plus earnings reinvested in the fund.

d) Investments:

Investments are recorded at cost except for the investments in the Municipal Finance Authority of British Columbia Bond, Intermediate, and Money Market Funds, which are recorded at cost plus earnings that are reinvested in the funds. Short-term investments are comprised of bankers' acceptances, guaranteed investment certificates (GIC's), deposit notes and debentures with a maturity date of 3 months to 1 year, while investments with a maturity date greater than 1 year are classified as long-term.

# NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

# 1. Significant accounting policies (continued):

d) Investments (continued):

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

e) Deferred revenue:

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired.

f) Deposits and prepayments:

Receipts restricted by third parties are deferred as deposits and are refundable under certain circumstances. Deposits and prepayments are recognized as revenue when qualifying expenditures are incurred.

g) Debt:

Debt is recorded net of repayments and actuarial adjustments.

h) Employee future benefits:

The Corporation and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred. The costs of multi-employer defined contribution pension plan benefits, such as the Municipal Pension Plan, are the employer's contributions due to the plan in the period.

Sick leave and other retirement benefits are also available to the Corporation's employees. The costs of these benefits are actuarially determined based on service and best estimates of retirement ages and expected future salary and wage increases. The obligation under these benefit plans is accrued based on projected benefits as the employees render services necessary to earn the future benefits.

i) Government transfers:

Government transfers are recognized in the financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made, except when and to the extent the transfer gives rise to an obligation that meets the definition of a liability. Transfers received for which expenses are not yet incurred are included in deferred revenue.

# NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

### 1. Significant accounting policies (continued):

j) Property tax revenue:

Property tax revenue is recognized on the accrual basis using the approved tax rates and the anticipated assessment related to the current year.

k) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Vehicles, machinery and equipment	2 - 25
Buildings and building improvements	20 - 75
Parks infrastructure	15 - 50
Drainage, water and sewer infrastructure	40 - 100
Roads infrastructure	15 - 100

Tangible capital assets are written down when conditions indicate that they no longer contribute to the Corporation's ability to provide goods and services or when the value of the future economic benefits associated with the asset is less than the book value of the asset. Amortization is charged upon the asset becoming available for productive use in the year of acquisition. Assets under construction are not amortized until the year after the asset is available for productive use.

ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

iv) Interest capitalization

The Corporation does not capitalize interest costs associated with the acquisition or construction of a tangible capital asset.

# THE CORPORATION OF THE DISTRICT OF SAANICH NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

# 1. Significant accounting policies (continued):

Non-financial assets (continued):

v) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

vi) Inventories of supplies

Inventories of supplies held for consumption are recorded at the lower of cost and replacement cost.

I) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating historical cost and useful lives of tangible capital assets, the determination of employee benefit obligations, provision for contingencies, and accrued liabilities. Actual results could differ from those estimates.

### NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

# 2. Cash and cash equivalents and investments:

	2014		2013
Cash and cash equivalents:			
Cash	\$ 23,876,205	9	6,422,273
Bankers' acceptances, deposit notes, and			
Municipal Finance Authority money market funds	58,994,414		72,529,644
	82,870,619		78,951,917
Short-term investments:			
Bankers' acceptances, GIC's and deposit notes	15,158,660		12,840,543
Long-term investments:			
Deposit notes and debentures	3,877,285		5,210,830
Municipal Finance Authority intermediate			
and bond funds	48,442,865		47,626,682
	52,320,150		52,837,512
Total investments	67,478,810		65,678,055
Total cash, cash equivalents and investments	\$ 150,349,429	\$	144,629,972

Bankers' acceptances, deposit notes, and GIC's have effective interest rates of 0.73% to 5.18% (2013 – 1.11% to 5.18%) and mature from 2015 to 2018. The Municipal Finance Authority Funds earn interest based on current market conditions and do not have set maturity dates.

The Corporation's investments have market values that approximate costs.

### 3. Debt:

a) Debt principal is reported net of repayments and actuarial gains or losses. The gross debenture debt issued at December 31, 2014 was \$40,569,300 (2013 - \$35,944,300).

The loan agreements with the Capital Regional District and the MFA provide that, if at any time the scheduled payments provided for in the agreements are not sufficient to meet the MFA's obligations in respect to such borrowings, the resulting deficiency becomes a liability of the Corporation.

b) In 2003 the Corporation borrowed \$1,500,000 on behalf of the Board of Cemetery Trustees of Greater Victoria. The Corporation is reimbursed for all payments of principal and interest as they are paid. In 2014 the debt and the receivable balance recorded in the financial statements is \$1,053,500.

# THE CORPORATION OF THE DISTRICT OF SAANICH NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

# 3. Debt (continued):

c) Principal payments on debt for the next five years are as follows:

			Local			
	General Improvements Sewer		Improvements		Total	
2015	\$ 1,563,649	\$	1,494	\$	408,746	\$ 1,973,889
2016	1,530,608		-		351,468	1,882,076
2017	1,552,465		-		314,394	1,866,859
2018	1,575,109		-		268,051	1,843,160
2019	1,598,567		-		268,051	1,866,618

Interest on debt ranges from 2.10% to 4.98% with maturity dates from December 1, 2015 to October 14, 2029. Interest paid during the year was \$1,274,532 (2013 - \$1,440,834).

# 4. Municipal Finance Authority debt reserve fund:

The Corporation issues its debt instruments through the Municipal Finance Authority ("MFA"). As a condition of the borrowing, the Corporation is obligated to lodge security by means of demand notes and interest bearing cash deposits based on the amount of the borrowing. The deposits are included in the Corporation's financial statements as MFA cash deposits. If the debt is repaid without default, the deposits are refunded to the Corporation. The notes, which are contingent in nature, are held by the MFA to act as security against the possibility of debt repayment default and are not recorded in the financial statements. Upon the maturity of a debt issue, the demand notes are released and deposits refunded to the Corporation. As at December 31, 2014, there were contingent demand notes of \$1,437,945 (2013 - \$1,307,261) which are not included in the financial statements of the Corporation.

# 5. Accrued employee benefit obligations and pension plan:

The Corporation provides sick leave and certain other benefits to its employees. These amounts and other employee related liabilities will require funding in future periods and are set out below:

	2014	2013	(	Increase Decrease)
Vacation pay and banked overtime Accumulated sick leave and	\$ 2,014,916	\$ 2,150,517	\$	(135,601)
retirement benefit payments	13,217,326	12,031,769		1,185,557
Total employee benefit obligations	15,232,242	14,182,286		1,049,956
Less funded amount	(8,315,877)	(8,107,918)		(207,959)
Total unfunded employee benefit obligations	\$ 6,916,365	\$ 6,074,368	\$	841,997

### NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

### 5. Accrued employee benefit obligations and pension plan (continued):

Accrued vacation pay and banked overtime are the calculated value of entitlement carried forward into the next year. Accumulated sick leave represents the liability for sick leave banks accumulated for estimated drawdowns at future dates and/or for payout either on an approved retirement, or upon termination or death. Retirement benefit payments represent the Corporation's share of the cost to provide employees with various benefits upon retirement including lump sum retirement payments, and certain vacation entitlements in the year of retirement. The accrued benefit obligations and the net periodic benefit cost are estimated actuarially using a projected cost method.

Information about obligations for employee sick leave and retirement benefit plan is as follows:

	2014	2013
Balance, beginning of year	\$ 12,031,769	\$ 11,570,133
Current service cost	1,182,646	921,079
Interest cost	677,569	639,988
Benefits paid	(673,917)	(617,119)
Actuarial (gain)/loss	(741)	(482,312)
Balance, end of year	\$ 13,217,326	\$ 12,031,769

The Corporation has performed its own actuarial valuation for 2014 and prior year obligations.

The significant actuarial assumptions adopted in measuring the Corporation's accrued benefit obligations are as follows:

	2014	2013
Discount rates	3.15%	4.08%
Expected future inflation rates	2.25%	2.50%
Expected wage and salary increases	2.33% to 4.25%	2.58% to 4.50%

The Corporation and its employees contribute to the Municipal Pension Plan (the Plan), a jointly trusteed pension plan. The board of trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer contributory pension plan. Basic pension benefits provided are based on a formula. The Plan has about 182,000 active members and approximately 75,000 retired members. Active members include approximately 36,000 contributors from local governments.

The most recent actuarial valuation as at December 31, 2012 indicated a \$1,370 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2015 with results available in 2016. Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting).

# NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

### 5. Accrued employee benefit obligations and pension plan (continued):

This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The Corporation paid \$7,983,762 (2013 - \$7,526,448) for employer contributions while employees contributed \$6,377,409 (2013 - \$6,043,759) to the Plan in fiscal 2014.

GVLRA - CUPE Long-Term Disability Trust

The health and welfare trust was established January 1, 1987 as a result of negotiations between the Greater Victoria Labour Relations Association representing a number of employers, and the Canadian Union of Public Employees, representing a number of CUPE locals. The Trust's sole purpose is to provide a long-term disability income benefit plan. Employers and employees each contribute equal amounts into the Trust. The total plan provision for approved and unreported claims was actuarially determined as of December 31, 2014. At December 31, 2014, the total plan provision for approved and unreported claims was \$15,368,300 with a net deficit of \$729,956. The actuary does not attribute portions of the unfunded liability to individual employers. The Corporation paid \$459,952 (2013 - \$447,988) for employer contributions and the Corporation's employees paid \$460,536 (2013 - \$447,313) for employee contributions to the plan in 2014.

# 6. Capital lease obligations:

The Corporation leases certain equipment under lease agreements, which are classified as capital leases. The future minimum annual lease payments are as follows:

2015	\$ 11,521
2016	2,796
2017	2,498
2018	1,014
2019	169
Total minimum lease payments	17,998
Less amount representing interest	(561)
Net minimum capital lease payments	\$ 17,437

Total interest expense during the year was \$660 (2013 - \$1,302) and interest rates ranged from 1.50% to 2.00%.

# NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

### 7. Deferred revenue:

Development Cost Charges and Sub-regional Parks Reserve represent funds received from developers restricted for capital expenditures. The Federal Gas Tax Reserve represents funds received from the Government of Canada. The use of the funding is established by a funding agreement between the Corporation and the Union of British Columbia Municipalities. Gas Tax funding may be used towards designated public transit, community energy, water, wastewater, solid waste and capacity building projects, as specified in the funding agreements. Previous to 2014 the Corporation recorded these funds as deferred revenue which is then recognized as revenue when the related costs are incurred. However effective April 1, 2014, the agreements were revised for all new funding and for amounts unspent from prior periods. The new agreement broadened the scope of eligible expenditures for these funds and eliminated certain potential repayment criteria. These changes have resulted in a change in the accounting for such funds for 2014 to recognize all amounts into revenue when received including recognizing as revenue all amounts previously deferred. Unspent funding is included in the Capital Works reserve fund.

	2014	2013
Development cost charges:		
Balance, beginning of year	\$ 18,531,732	\$ 17,760,169
Investment income	372,545	399,365
Fees and contributions	471,187	972,118

### 9. Tangible capital assets (continued):

a) Assets under construction

Assets under construction having a value of \$14,294,838 (2013 - \$20,651,681) have not been amortized. Amortization of these assets will commence the year after the asset is put into service.

b) Contributed tangible capital assets

Contributed tangible capital assets have been recognized at fair market value at the date of contribution. The value of contributed assets received during the year is \$911,219 (2013 - \$6,480,034) comprised of land in the amount of \$30,767 (2013 - \$3,799,145), drainage and transportation infrastructure \$614,493 (2013 - \$2,271,567), and water and sewer infrastructure in the amount of \$265,959 (2013 - \$409,322).

c) Tangible capital assets disclosed at nominal values

Where an estimate of fair value could not be made, the tangible capital asset was recognized at a nominal value.

d) Works of art and historical treasures

The Corporation manages and controls various works of art and non-operational historical cultural assets including buildings, artefacts, paintings and sculptures located at municipal sites and public display areas. These assets are not recorded as tangible capital assets and are not amortized.

e) Write-down of tangible capital assets

No write-down of tangible capital assets occurred during 2014 or 2013.

# NOTES TO FINANCIAL STATEMENTS

	\$	884,499,319	\$ 861,403,628

### 11. Contingent liabilities:

- a) Capital Regional District debt, under the provisions of the Local Government Act, is a direct, joint and several liability of the Capital Regional District and each member municipality within the District, including The Corporation of the District of Saanich.
- b) The Corporation is a shareholder and member of the Capital Region Emergency Service Telecommunications (CREST) Incorporated, which provides centralized emergency communications and related public safety information services to municipalities, regional districts, the provincial and federal governments and their agencies, and emergency service organizations throughout the Greater Victoria region and the Gulf Islands. Members' obligations to share in funding ongoing operations and any additional costs relating to capital assets are to be contributed pursuant to a Members' Agreement.

# NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

### 11. Contingent liabilities (continued):

c) In the normal course of a year, claims for alleged damages are made against the Corporation and are recorded when a liability is likely and reasonably determinable. The Corporation maintains an insurance reserve in its accumulated surplus of \$2,315,300 (2013 - \$2,315,300) to provide for claims, and also maintains insurance coverage to provide for insured claims should they exceed \$2,000,000 in any year.

### 12. Commitments:

At December 31, 2014, the following major contracts were in progress:

	Total Amount of Contract	Paid or Accrued
Purchase of vehicles and equipment	\$ 1,034,481	\$        9,945
Consulting and Parks and Public Works projects	18,098,955	11,495,032
Facilities projects	426,855	137,172

The Corporation has contracted with E-COMM to provide computer aided dispatch and records management system support for a five year term ending December 31, 2018 at \$329,620 per annum.

The Corporation has a liability to the Capital Regional District of \$1,063,063 for the Haro Wood property purchase. The payment term remaining is five years, ending September 2019, at \$212,613 per annum.

### 13. Budget data:

The budget data presented in these financial statements is based upon the 2014-2018 Financial Plan adopted by Council May 12, 2014. The chart on the next page reconciles the approved budget to the budget figures reported in these financial statements.

# NOTES TO FINANCIAL STATEMENTS

Annual surplus	\$ 16,264,872

# 14. Comparative figures:

Certain comparative information has been reclassified to conform with the financial statement presentation for the current year.

# 15. Segmented information:

The Corporation is a diversified municipal government organization that provides a wide range of services to its citizens, including General Government, Protective, Parks, Recreation and Culture, Engineering and Public Works, Planning and Development, and Water and Sewer Services. For management reporting purposes, the Corporation's operations and activities are organized and reported by Fund. Funds were created for the purpose of recording specific activities to attain certain objectives in accordance with special regulations, restrictions or limitations.

Municipal services are provided by departments and their activities reported within these funds. Certain functions that have been separately disclosed in the segmented information, along with the services they provide, are as follows:

### **General Government**

The General Government Operations provide the functions of Corporate Services and Administration, Finance, Human Resources, Tax Collection, Civic Center Maintenance, and other functions categorized as non-departmental.

### NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 2014

### 15. Segmented information (continued):

### **Protective Services**

Protective services comprise three different functions, Police, Fire, and Emergency Preparedness. The mission of the Police Department is to provide quality police service and keep Saanich safe. The Fire Department's mandate is to protect citizens and property, provide all proper measures to prevent, control, and extinguish fires and provide assistance to medical emergencies, land and marine rescue operations, requests from other fire services, and hazardous materials incidents and requests for public service. The Emergency Program's mandate is to provide continuity in government and the preservation of life and property through a coordinated response by elected officials, municipal departments, volunteer services, and such outside agencies as may be able to assist during a major emergency or disaster.

### **Engineering and Public Works**

The Engineering and Public Works Department is responsible for all municipal infrastructures, which includes roads, drains and street and traffic lights.

### **Planning and Development**

The Planning Department is comprised of four Divisions: Community Planning, Environmental Services, Subdivision and Inspections/Bylaw Enforcement. These Divisions manage all activities and applications relating to long range and current planning, subdivision review, building construction, environmental protection and bylaw enforcement.

### Parks, Recreation and Culture

The Parks and Recreation Department promotes active, healthy living through the effective provision of a wide range of programs, services and facilities. It also promotes the engagement of community members in a variety of arts, special events, cultural and social activities to encourage strong community connections. The Department is comprised of three Divisions that plan and manage a number of municipal services. Their mission is to work in partnership with the community to create a quality of life that fosters and supports healthy citizens and community environments.

### Water and Sewer

The Water and Sewer Utilities operate and distribute water and network sewer mains, storm sewers and pump stations.

### Statement of segmented information

The following statement provides additional financial information for the foregoing functions. Taxation and grants in lieu of taxes are apportioned to the functions based on their share of net budgeted expenditures in the 2014 - 2018 Financial Plan. The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1.
