

APPLICATION FOR PERMIT TO TRAVEL PUBLIC ROAD ALLOWANCE USING AN OVERSIZED VEHICLE

Permits issued will satisfy the requirements of The Streets and Traffic Regulation Bylaw, 2002, No 8382 Section 8.04

Please submit the completed application to: engineering@saanich.ca

The Municipality requires up to ten (10) business days to process the permit application.

Date of Application:	Date of Oversized Vehicle Travel	

- 1. A map of the planned route must be provided, see notes at bottom of page regarding permit requirements.
- A copy of the BC Ministry of Transportation and Infrastructure District Authorization & Notification for Very Large loads must be provided. (*Completed/Approved MoTI Permit Form – CVSE 1052*)
- 3. Permit Requirements:
 - A route map shall be submitted and be certified by a Professional Engineer registered in the Province of BC that adequate clearances and protection of overhead and underground infrastructure exists. The map shall also certify that adequate clearances to existing trees exist.
 - The route map shall identify all infrastructure that requires relocation for the move; or any tree removals or trimming that is
 required. A certified arborist shall be obtained to develop a tree trimming plan if any existing trees require pruning. Saanich will
 provide an estimate for this work and payment shall be received in full before issuing the permit.
 - A **detailed move timeline** should be provided outlining the period in which any infrastructure such as streetlights and traffic poles is required to be removed. Saanich public works stand-by rates will apply beyond the initial hours outlined.
 - The applicant shall be responsible for preparing a detailed traffic management plan for each move as well as providing any
 required traffic control and flag persons. Lane closures shall be completed in accordance to the MoTI Manual for Work on
 Roadways.
 - If infrastructure relocation or tree work is required, 15 business days' notice is required.
