

Active Transportation Plan Report Card 2019

Through the Moving Saanich Forward project, we have worked with the community to develop a vision along with policies and actions to guide the development of safe, attractive and convenient active transportation options for people of all ages and abilities over the next 30-years.

An important action in the plan is to report annually on our progress. This is our first year of reporting and we are working hard to fill the gaps in the data for our next report card. Generally it appears that residents are doing well in choosing active ways of moving around, however more effort is needed in a number of areas if we are going to achieve all the goals set out in the Active Transportation Plan.

People walking, cycling and using transit.

Number of schools within Saanich that have completed Active and Safe Routes to School Programs in the last 10 years.

Number of annual walking and cycling events including infrastructure grand openings.

Measure of Success	Where we are at	5 Year Target	How we are doing
General			
People walking	8%	9%	Ahead
People cycling	5%	6%	Ahead
People taking transit	10%	12%	Ahead
ICBC reported vehicle collisions involving people walking (5yr avg)	50	15% reduction	Behind
ICBC reported vehicle collisions involving people cycling (5yr avg)	76	15% reduction	Behind
ICBC reported fatal vehicle collisions involving people walking and cycling (5yr avg)	1	0	Behind

Active Transportation Plan Report Card 2019

2019 is the first year of reporting, staff are working to gather the remaining data and aim to have this completed in 2020.

Measure of Success	Where we are at	5 Year Target	How we are doing
Connections			
Total length of bicycle network by design type [km]	171	195	On track
Proportion of Saanich's total jobs and population within 400 m of the bicycle network	Coming in 2020		
Proportion of Saanich's urban land area within 400 m of the bicycle network	Coming in 2020		
Total length of sidewalk network [km]	260	283	On track
Percentage of streets with a sidewalk on at least one side	35%	Coming in 2020	
Percentage of bus stops that are accessible	42%	44%	On track
Percentage of bus stops with shelters	32%	35%	Ahead
Convenience			
Percentage of traffic signals with audible pedestrian signals	64%	75%	On track
Percentage of traffic signals with pedestrian countdown timers	68%	100%	On track
Percentage of intersections with curb ramps at all corners	Coming in 2020		
Percentage of signals with cyclist detection	Coming in 2020		
Percentage of District owned and operated locations with short-term and long-term bicycle parking and end-of-trip facilities	Coming in 2020		
Culture			
Number of schools within Saanich that have completed Active and Safe Routes to School Programs in the last 10 years	21	38	Ahead
Number of public wayfinding displays	Coming in 2020		
Number of annual walking and cycling events including infrastructure grand openings	3	4	On track
