

Construction Notification

Burnside Road West—Road Improvements

Construction Update - June 14, 2022

What's happening?

The District of Saanich is undertaking a repaving project on Burnside Road West from Charlton Road to 1950 Burnside Road West. The project includes re-grading and repaving the road, adding a paved shoulder to both travel lanes, replacing a roadside barrier, and adding additional signage.

Why are we doing this?

Burnside Road West from Charlton Road to 1950 Burnside Road West was identified for asphalt repaving as part of the District's Pavement Rehabilitation Program.

Construction Impacts

Due to the nature of the work and the existing road conditions, **Burnside Road West will be closed to through traffic for the duration of the project starting July 2022.** Construction is anticipated to take approximately two months. All commercial and residential driveways will remain accessible during the closure. Construction will be split into phases such that the intersection of Prospect Lake Road and Burnside Road West will remain accessible throughout the majority of the project. Detour routes will be available via Watkiss Way. Traffic delays in the area are expected throughout the duration of the project; please plan your route accordingly.

The District of Saanich will be responsible for the restoration of the construction area, and will try to minimize any inconvenience to local residents during the construction period.

Project Timeline

Construction is anticipated to take approximately two months starting July 2022.

Project Updates

Please visit our Saanich Current Projects website at <https://www.saanich.ca/EN/main/local-government/departments/engineering-department/current-projects.html> for more information and for updates on the project throughout construction.
