

Inlet Avenue: Drain, Sanitary and Water Main Upgrades

Construction Update - August 9, 2021

What's happening?

Saanich is currently replacing the storm drain, sanitary and water mains on Inlet Avenue from Admirals to Gorge Road. The crew has completed approximately 50% of the drain and sewer work and has been away working on a priority project on Quadra St.

Why are we doing this?

Recent CCTV investigations of the sewer network has revealed an urgent need to replace the aged infrastructure along Inlet Avenue. The storm and water networks have also been identified as part of the District proactive infrastructure **improvement program**.

Construction Impacts

During construction, work will take place between **8:00 am and 4:30 pm from Monday to Friday**. Vehicle access will be restricted to local traffic only.

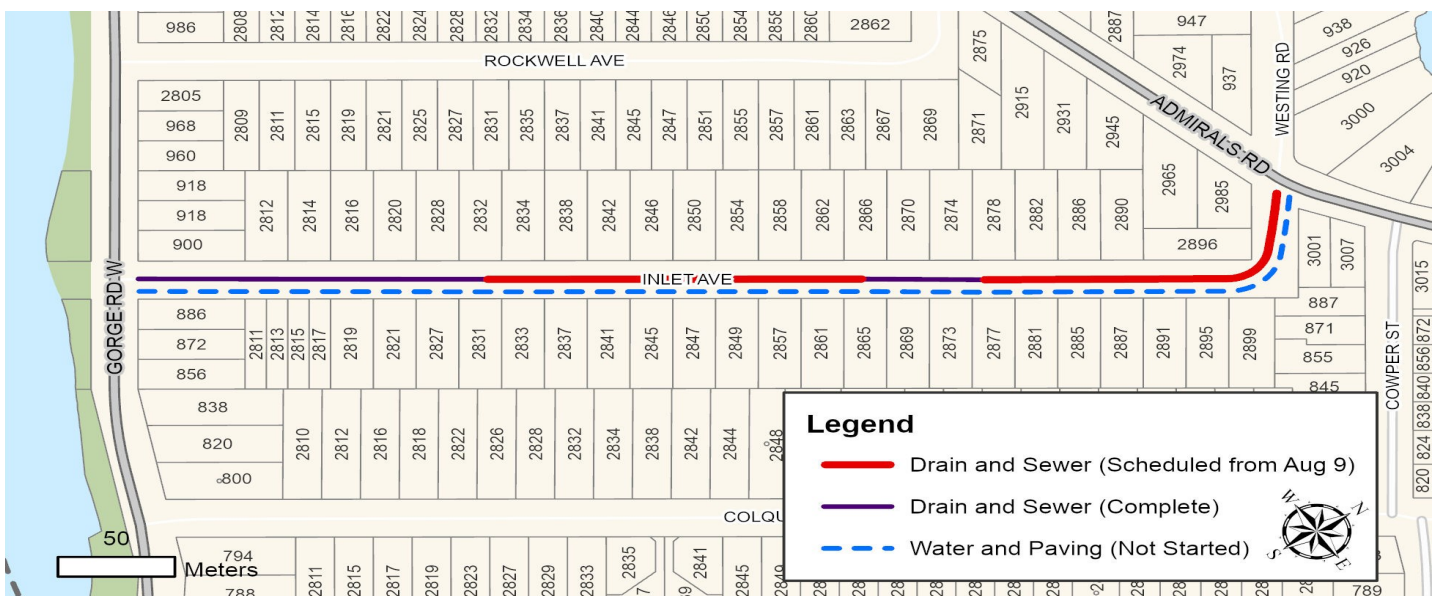

Traffic control personnel and signage will be in-place to help direct vehicles, cyclists and pedestrians through and around the work area.

Phased disruption to services in the area will occur during construction. Public Works will notify residents a minimum of 24 hours prior to any planned water shut-offs or restrictions on driveways. Garbage and recycling services will be maintained.

Project Timeline

Construction will resume the week of **August 9, 2021** with the drain and sewer works scheduled to complete in approximately **8 weeks**. The water works and paving will be an additional **8 weeks**. It was previously estimated to take less time but due to road width constraints and challenges with numerous drain connections, more effort is required.

Project Location See map below.

If you have any questions or concerns please, contact Engineering at 250-475-5575 and ask for Jameson Mtanga or Public Works Administration at 250-475-5599

Thank you for your patience as we continue to work on this project.
