

Construction Notification

Interurban and Markham Signalized Intersection

Construction Update - January 26, 2023

What's happening?

The District of Saanich is undertaking an intersection upgrade project at Interurban Road and Markham Street. The project includes the installation of a fully signalized traffic signal at the intersection, sidewalk and accessibility improvements at the intersection, and bus access improvements.

Why are we doing this?

The intersection of Interurban Road and Markham Street is a key access point to Camosun College and the Vancouver Island Technology Park. Adding a fully signalized traffic signal and other roadside improvements will enhance the accessibility for transit and vehicle traffic off Interurban Road, and help shift vehicle traffic off the internal College parking lot roads on to Markham Street.

Construction Impacts

A delay in traffic may occur in this area during construction. **Intermittent road closures on Markham Street may be required during construction.**

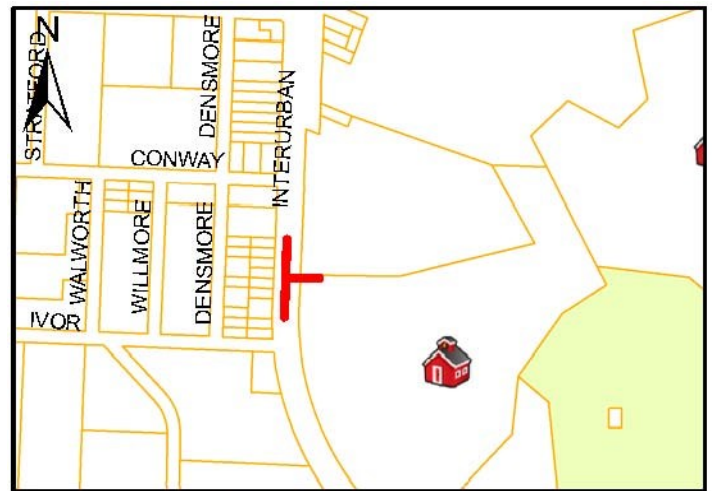

The District of Saanich will be responsible for the restoration of the construction area, and will try to minimize any inconvenience to local residents during the construction period.

Project Timeline

Construction is anticipated to start late February 2023

or early March 2023 and take approximately four weeks to complete.
