

Maria Montessori Academy Update

Background

The District of Saanich is committed to improving safety around its 39 schools and encouraging parents and children to choose active ways of getting to and from school. Active travel is not only a healthier choice, it is better for the environment and increases quality social time for families and friends in the neighbourhood.

Active and Safe Routes to School is a community based initiative that promotes the use of active transportation (walking, biking, bussing, and rolling) for the daily trip to and from school. To be successful, Active and Safe Routes to School involves many groups, including parents, students and school administration, school boards, municipal staff, public health, and local law enforcement agencies.

In 2015 the District of Saanich began work with the CRD, individual school Principals, Parent Advisory Committees, and the School District to develop planning documents to help guide future infrastructure decisions and identify solutions to problems in each school's vicinity. Every school community has its own concerns and suggestions for ways to reduce or eliminate them. Each solution might be the responsibility of a different municipal department or even level of government. The purpose of this document is to provide an update to the school community on work that has been completed, and what is still left to do.

Maria Montessori School completed their School Travel Plan in 2017. The complete Maria Montessori School Travel Plan can be found on our website at the following link:

<https://www.saanich.ca/EN/main/community/getting-around/walking/safe-routes-to-school.html>

Update 2021

On the next page you will find a table summarizing the key actions and the status of each.

Maria Montessori School is currently scheduled to revisit this plan in 2027.

If you have questions, suggestions or comments about this document or any of the actions identified. Please contact engineering@saanich.ca and one of our staff will be happy to help in any way they can.

Location	Description	Implementation	Status
Fairburn Dr. north of the school	Review school zone signage locations	Review vehicle speeds on Fairburn Dr. and Fairhurst Ave. to determine whether school zone needs to be expanded	Complete - Signs are installed according to National Guidelines
