Portage Inlet Low Pressure Sewer Project Project Implementation Update

March 1, 2021

Project Update — Project Implementation

Thank you to those homeowners who accepted the proposed legal agreements. All those received have been accepted by Saanich. The project design has been finalized and we are currently in the process of obtaining a contractor to complete the project works. Construction is anticipated to occur this summer 2021.

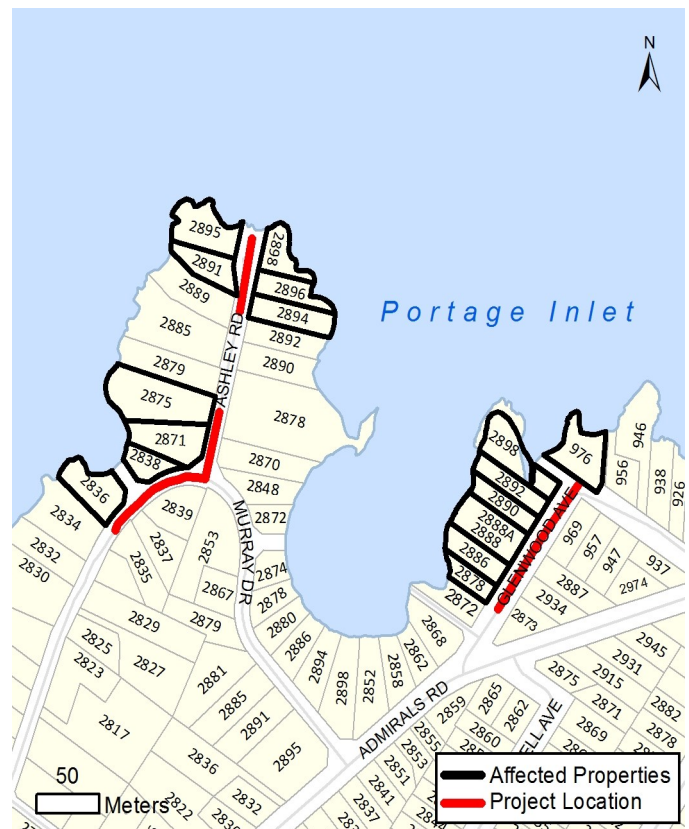

Upcoming Construction

Once a contractor is obtained, we will engage each homeowner to discuss the works on site, schedule, and any other project specifics required. Further updates will be sent closer to the time of construction.

Where can I learn more about the project?

A Frequently Asked Questions and additional project background has been uploaded to the project page, <https://www.saanich.ca/EN/main/local-government/departments/engineering-department/current-projects.html#water>. Project notices, and other publishable project documents are also included at this link.
