

Project Notification

Taylor Sanitary and Storm Upgrade Project

Notice of Construction

December 2, 2021

What's happening?

Saanich will be replacing sanitary and storm sewer infrastructure on Taylor Street from Dean Avenue to Foul Bay Road.

Why are we doing this?

The existing sanitary and storm infrastructure has been determined to require replacement due to condition and recent failures in the area.

What works will be completed?

A new sanitary and storm sewer will be installed within the roadway. New sanitary and storm services for each property will be installed to property line. Minor road and boulevard restoration will be completed. Construction will be completed by Saanich Public Works crews.

What impacts may occur during construction?

During construction, work will be taking place between 8:00 am and 4:00 pm from Monday to Friday. During these hours, Taylor St. will be restricted to local traffic only. Traffic control personnel and signage will be in place to help direct vehicles, cyclists and pedestrians through the work site as required.

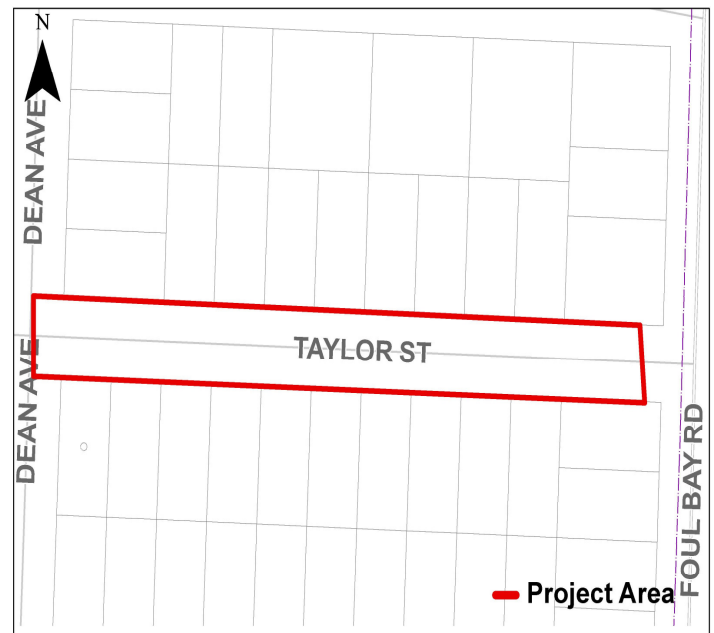

Some properties will have the driveway inaccessible for a short period of time. Public Works staff will notify residents of the times and try to accommodate any access concerns.

Disruption to sanitary and storm services in the area will occur during construction. Public Works will notify residents a minimum of 24 hours prior to these occurrences. Garbage and recycling services will be maintained.

When is the construction planned for?

Construction is currently planned for early January 2022, with an estimated 6 week duration.
