## Taylor Street - Sidewalk

Construction Update - August 18, 2023

### What's happening?

The District of Saanich will be constructing new concrete sidewalks along the north side of Taylor Street.

### Construction Impacts

During construction you can expect crew and equipment to be on site Monday to Friday between the hours of 9:30am and 3:00pm.

Given the type of work involved and the current conditions of the road, **Taylor Street, extending from Richmond Road to Foul Bay Road, will be closed to through traffic. The closure will not affect local access.** All residential driveways on Taylor Street will remain accessible during the closure. Garbage and recycling services will be maintained.

During construction, residents on Taylor Street may be required to relocate their vehicles from the roadway to their driveways or neighboring streets to accommodate construction activity. Notifications with more detailed information will be provided to residents as construction progresses.

Driveway access will be disrupted temporarily when the concrete sidewalk is installed across each homeowner's frontage. Homeowners will be contacted directly as the concrete work is scheduled.

Pedestrian and bicycle access will be maintained throughout the closure. Cyclists may be asked to dismount when passing through the work zone.

Delay in traffic may occur in this area during construction. We kindly ask you to follow the instructions of the traffic control and construction personnel.

The District of Saanich will be responsible for restoration of the construction zone and will try to minimize any inconvenience to local residents. Following construction each resident will resume maintenance responsibility of the boulevard as per the Boulevard Regulation Bylaw.

### Project Timeline

Construction is anticipated to start in early September 2023 and take approximately three months.
