Good Morning Jamee,

Please find attached a District of Saanich Council Endorsed Resolution on '**Provincial Climate Action Funding after CARIP**' for UBCM's consideration.

I have also provided links to the following District of Saanich Council reports that provide background information and support to the attached Resolution:

- [District of Saanich Council Report – CARIP UBCM Resolution 21 June 2021](#)
- [District of Saanich Council Report – BC CARIP Funding 17 May 2021](#)

The size of these reports is too large to send via email. However, please let me know if you would like me to send a copy via our large file 'MoveIt' program for you to download.

Please let me know if you require any additional information. I wanted to thank you again for our discussion last month and the information you provided on the UBCM resolution process.

Kind regards  
Rebecca

**COUNCIL RESOLUTION**  
**PROVINCIAL CLIMATE ACTION FUNDING AFTER CARIP**

---

*"That:*

*WHEREAS the Ministry of Municipal Affairs announced in May 2021, without consultation, the cancellation of the Climate Action Revenue Incentive Program (CARIP) without identifying any new consistent, non-competitive funding for the development, implementation or administration of local government climate action programs, undermining the ability of local governments to participate in climate action initiatives;*

*AND WHEREAS 187 local governments in British Columbia have voluntarily signed onto the Climate Action Charter and by doing so have been able to access CARIP funding;*

*AND WHEREAS under the CleanBC Plan, the Province of British Columbia recently amended the Climate Change Accountability Act to include a sectoral GHG emissions reduction target of 59 to 64% below 2007 levels by 2030 for buildings and communities, requiring the development and implementation of comprehensive climate action initiatives and regulatory programs by local governments;*

*THEREFORE BE IT RESOLVED that UBCM ask the Ministry of Municipal Affairs and the Ministry of the Environment and Climate Change Strategy to replace CARIP with a new, consistent, non-competitive funding program commencing in the 2022 fiscal year, informed by engagement with local governments and that provides them with equivalent or better funding, enabling them to be effective and accountable partners with the Province in achieving Provincial and local government climate goals and targets."*

I hereby certify the above to be a true and correct copy of a resolution passed by the Municipal Council on the 21st day of June, 2021.
