2017 Budget

PUBLIC INPUT
A. Beck, James Heights, on behalf of Quadra Cedar Hill Community Association, stated:
- There are no outreach programs or public engagement sessions for the budget; the result is limited public input on what are complex yet overarching issues directly related to governing the municipality.
- The Financial Plan agendas are not published on the Saanich website early enough to ensure the public has time to review and provide feedback.
- The proposed budget increase of 3.95% is greater than the Consumer Price Index (CPI) of 2.1%; in the past 10 years the general operating tax budget has seen an increase of 57%, over the same time period the CPI has increased 18%.
- A sustainable financial environment should be considered and in-reserve cash should be used to reduce budgetary costs.

K. Harper, Bonaire Place, on behalf of Camosun Community Association, stated:
- More notice is needed to allow the public sufficient time to analyze the budget documents.
- Greater effort is needed to find areas to save; a budget increase of 3.95% is not acceptable.
- The public should be polled regarding the services they would be prepared to reduce or lose; only necessities should be considered.

J. Schmuck, Rock Street, stated:
- It would be ideal if public participation considerations for the 2018 budget process got underway now.

K. Harper, Bonaire Place, on behalf of Camosun Community Association, stated:
