

**Streamside Development Permit Area
Election to Conduct a
Riparian Areas Regulation Assessment**

Case Number: _____

Property Address: _____

I understand that a Streamside Protection and Enhancement Area (SPEA) width is specified in Schedule 2 to Appendix N of the Saanich Official Community Plan, but I elect to hire a Qualified Environmental Professional (QEP) to define the width of the SPEA for my specific project and site and determine the measures that will be required to protect and enhance the SPEA. The QEP will complete a Riparian Assessment Report in accordance with Section 4 (2) of Riparian Areas Regulation of the BC Fish Protection Act and submit this report to the BC Ministry of Environment and the District of Saanich.

I understand that my Streamside Development Permit application cannot be processed by the District of Saanich until the District has been notified by the Ministry of Environment that they have received and accepted the QEP's report.

Certification	Authorization (Required if the applicant is not the registered owner)
_____ Signature of Applicant	_____ Signature of Owner
_____ Date	_____ Date
