Braefoot Road Storm Drain Upgrades

Construction Update - September 1, 2022

What's happening?

Saanich is undertaking a storm drain upgrade project on Braefoot Road from Scoular Place to Wende Road. The scope of the work includes the replacement of the existing storm drain pipes, services connections, manholes, and catch basins.

Why are we doing this?

The replacement of underground infrastructure such as sewer, drain, and water pipes is an ongoing part of Saanich's infrastructure rehabilitation program. The wood stave storm drain is aging and is due for replacement.

Construction Impacts

During construction, work will take place Monday to Friday between 8:00am and 4:30pm. Braefoot Road will be closed between Wende Road and Scoular Place. Vehicle Access will be restricted to local traffic only. Traffic control personnel and signage will help direct vehicles, cyclists, and pedestrians through and around the work area. On-street parking will be limited.

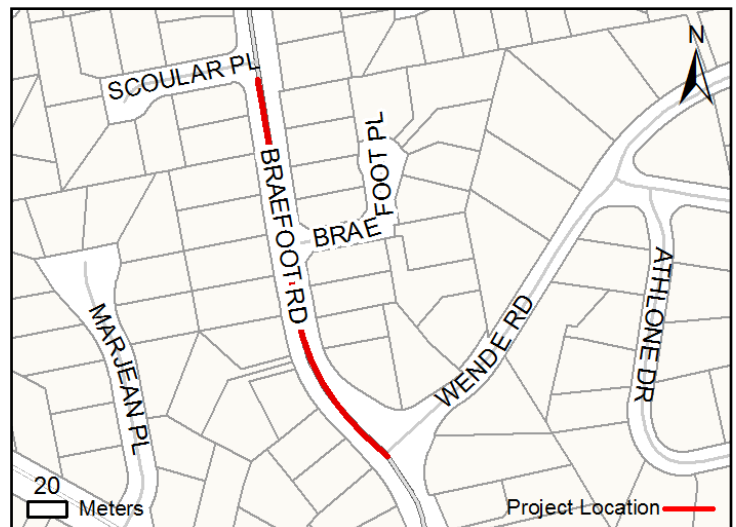

Should construction require driveway access restrictions, Public Works will notify residents in advance.

Saanich will maintain garbage and recycling services for the project's duration.

Project Timeline (Update)

Construction started in early July and will continue through late September.

Project Location

Visit www.saanich.ca to keep up to date on project progress.

If you have any questions or concerns, please contact Engineering at 250-475-5575 and ask for Peter Kelly or Public Works Administration at 250-475-5599.

Thank you for your patience as we continue to work on this project.
