

DISASTERS on the BIG SCREEN

Showcasing video clips from the far-fetched and poorly acted movie *Disaster Wars: Earthquake vs. Tsunami*. Teron Moore, Safety Program Manager from Ocean Networks Canada and Captain Maegan Thompson from the Saanich Emergency Program will provide commentary throughout the clips about local tsunami risk, earthquake safety, the importance of preparedness and information related to emergency management. The event is an approachable and fun way to learn important information for ages 14 years and older.

Thursday April 11, 2019
Cinecenta, University of Victoria
7 p.m. Admission Free
