

KNOCKAN HILL PARK

Area: Carey

Location: Burnside Road West

Size: approx. 9.28 ha

Amenities:

Trails

Cycling Restrictions

Green Space

View/Lookout

Dogs On-Leash

About the Park:

Knockan Hill has been popular with many generations of local families as a picnic spot, viewpoint and a place for bird-watching or enjoying the solitude of nature.

Knockan Hill and its name are subjects of historic mystery involving legend and language. For centuries, Songhees people harvested camas in what is now Knockan Hill Park.

Access to the park is via multiple points including Burnside Road West, Mildred Street, Tall Tree Place, Jean Place, Jean Heights and High Street from the View Royal side of the Park.

Dogs must be on leash at all times in the Saanich portion of Knockan Hill Park.

To protect the park please remember:

- keep to the paths to preserve the fragile ecosystem
- picking of wildflowers, mushrooms or other vegetation is prohibited
- cycling in the park is discouraged due to fragile vegetation (e.g., mosses) and use of trails by pedestrians
- keep dogs under control and clean up after them
- carry out any litter
- volunteer for the Saanich Pulling Together Program
