About the Park:

In May, particularly around Mother’s Day, there is a spectacular show of colour throughout the rhododendron and azalea garden. Some of these plants are over 50 years old.

The park also features a Garry oak meadow with its own show of wildflowers in the spring and an ornamental perennial garden that blooms all summer.

There is a playground nestled in the trees with a washroom building next to it. These facilities are open year round (weather permitting). Remember to leash your dog when within 10m of the playground and always have pets under control. No pets (or people!) off trail in the rhododendron/azalea or seasonal Camas gardens please.
