No notations in records as to date or place of death.
Dear Mrs Barnes,

Last weekend I had the pleasure of meeting your daughter at a Canadian Scottish Regimental Bazaar at the Bay Street Armoury. During our chat, I of course asked after you and was sorry to hear that you had been on the sick list. I was quite shaken at meeting your daughter because I associate you with Christmas and had been thinking of you.

We still have Private Kirk's uniform on display and I never pass that area of the museum without looking at that striking photograph of him with his nurse: In spite of his ghastly experiences and no doubt her exposure to some terrible wounds, they both have a wonderful sense of innocence about them which I find rather reassuring. At the time when you presented Pte Kirk's uniform and medals to the museum we had very few medals earned by Canadian Scottish personnel. We now have 64 separate groups of medals on display, all earned by Canadian Scottish personnel. Pte Kirk's medals are in a distinguished and gallant company.

On behalf of the Volunteers of the Regimental Museum we wish you a speedy recovery and reiterate our thanks to you for your donations.

Yours sincerely,

M.W.E. Allen
Honorary Lieutenant Colonel
Museum Director
